Magoc,2002 An anthology of period documents that illustrate important facets of Americans changing relationship with nature Big Sur Shelley Alden Brooks,2017-10-24 Big Sur embodies much of what has defined California since the mid twentieth century A remote inaccessible and undeveloped pastoral landscape until 1937 Big Sur quickly became a cultural symbol of California and the West as well as a home to the ultrawealthy This transformation was due in part to writers and artists such as Robinson Jeffers and Ansel Adams who created an enduring mystique for this coastline But Big Sur s prized coastline is also the product of the pioneering efforts of residents and Monterey County officials who forged a collaborative public private preservation model for Big Sur that foreshadowed the shape of California coastal preservation in the twenty first century Big Sur s well preserved vistas and high end real estate situate this coastline between American ideals of development and the wild It is a space that challenges the way most Americans think of nature of people s relationship to nature and of what in fact makes a place wild This book highlights today s intricate and ambiguous intersections of class the environment and economic development through the lens of an iconic California landscape **Robinson Jeffers** James Karman,2015-08-05 A deeply informative biography situates the poet in his time and place tracing the effect of both contemporary history and wild nature on his work Edwin Cranston Harvard University The precipitous cliffs rolling headlands and rocky inlets of the California coast come alive in the poetry of John Robinson Jeffers an icon of the environmental movement In this concise and accessible biography Jeffers scholar James Karman reveals deep insights into this passionate and complex figure and establishes Jeffers as a leading American poet of prophetic vision In a move that would define his life s work Jeffers family relocated to California from Pennsylvania in 1903 when he was sixteen At the height of his popularity in the 1920s and 1930s Jeffers became one of the few poets ever featured on the cover of Time magazine and posthumously put on a U S postage stamp Writing by kerosene lamp in a granite tower that he had built himself his vivid and descriptive poetry of the coast evoked the difficulty and beauty of the wild and inspired photographers such as Edward Weston and Ansel Adams He was known for long narrative blank verse that shook up the national literary scene but in the 1940s his interest in the Greek classics led to several adaptations which were staged on Broadway to great success Inspiring later artists from Charles Bukowski to Czeslaw Milosz and even the Beach Boys Robinson Jeffers contribution to American letters is skillfully brought back out of the shadows of history in this compelling biography of a complex man of poetic genius who wrote so powerfully of the astonishing beauty of nature **Stones of the Sur** Robinson Jeffers,Morley Baer,James Karman,2001 The precipitous

cliffs rolling headlands and rocky inlets of the Big Sur coast of California prompted Robinson Jeffers to extol their wild beauty throughout his long career as a poet This extraordinary volume brings together Jeffers s haunting poetry with magnificent photographs of Big Sur by his friend and neighbor famed photographer Morley Baer *Northern California Off the Beaten Path*® Maxine Cass,2009-07-01 Tired of the same old tourist traps Whether you re a visitor or a local looking for something different let Northern California Off the Beaten Path show you the Golden State you never knew existed Follow the bloodstained trail of Sam Spade and other characters from The Maltese Falcon in San Francisco overnight at a bed and breakfast located inside a working lighthouse on East Brother Island or eat at a restaurant in Castroville that specializes in artichokes cooked two dozen different ways So if you ve been there done that one too many times get off the main road and venture Off the Beaten Path **Robinson Jeffers and the Critics, 1912-1983** Jeanetta Boswell,1986 *Not Man Apart* David Ross Brower,1969 *Toward a Transpersonal Ecology* Warwick Fox,1995-08-17 *Field & Stream* ,1970-01 FIELD STREAM America s largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations

Landscape John Brinckerhoff Jackson,1969 **Inherit the Holy Mountain** Mark Stoll,2015 Inherit the Holy Mountain puts religion at the center of the history of American environmentalism rather than at its margins demonstrating how religion provided environmentalists with content direction and tone for the environmental causes they espoused *The Frontier Experience* Jon Tuska,Vicki Piekarski,Paul J. Blanding,1984 Includes material on the history of frontier and pioneer life fiction and bibliography Each entry is accompanied by a lengthy annotation **Material Dreams** Kevin Starr,1990 In Material Dreams Starr turns to one of the most vibrant decades in the Golden State s history the 1920s when some two million Americans migrated to California the vast majority settling in or around Los Angeles Although he treats readers to intriguing side trips to Santa Barbara and Pasadena Starr focuses here mainly on Los Angeles revealing how this major city arose almost defiantly on a site lacking many of the advantages required for urban development creating itself out of sheer will the Great Gatsby of American cities He describes how William Ellsworth Smyth the Peter the Hermit of the Irrigation Crusade propounded the importance of water in Southern California s future and how such figures as the self educated Irish engineer William Mulholland who built the main aqueducts to Los Angeles and George Chaffey who diverted the Colorado River transforming desert into the lush Imperial Valley brought life supporting water to the arid South He examines the discovery of oil Yes it s oil oil oil that makes LA boil went the official drinking song of the Uplifters Club the boosters and land developers the evangelists such as Bob Shuler the Methodist Savanarola of Los Angeles and Aimee Semple McPherson and countless other colorful figures of the period There are also fascinating sections on the city s architecture such as the remarkably innovative Bradbury Building and its eccentric neophyte designer George Wyman the impact of the automobile on city planning the great antiquarian book collections the Hollywood film community and much more By the end of the

decade Los Angeles had tripled in population and become the fifth largest city in the nation In *Material Dreams* Kevin Starr captures this explosive growth in a narrative tour de force that combines wide ranging scholarship with captivating prose

Pagans & Christians Gus DiZerega,2001 Although Christianity is still a major religious force there are growing numbers of people in other faiths including the various Pagan traditions Some Christians have responded to this trend with fear and derision while some Pagans have reacted to that fear with anger and mistrust Much of the problem is due to misunderstandings and lack of communication This can change with Gus diZerega s *Pagans Christians* Here you will find a penetrating and illuminating comparison showing that neither path has the single correct approach to the Divine Rather either or both can be authentic and legitimate expressions of the appreciation of the Ultimate Source of All Pagans Christians is an ideal way to help bridge what at time seems a wide chasm between Christian and Pagan beliefs By sharing core ideas of both paths this book provides a way to give deeper mutual understanding and unity among the religions of the world Although *Pagans Christians* accepts both paths as valid the book provides a more in depth explanation of Paganism the minority religion because in some ways Paganism demands a greater defense and explanation of its beliefs and ideas to dispel misunderstandings The author is a Third Degree Gardenerian Elder and in *Pagans Christians* has presented nothing less than a brilliant defense of Paganism clearly showing how it should stand beside all of the major religions of the world as an equal As part of this defense diZerega gives a listing of biblical contradictions and Christian philosophical difficulties which can help any Pagan responding to a negative attack and will help any Christian to view his or her religion as a way not the way Winner of the 2001 Coalition of Visionary Resources COVR Award for Best Non fiction Book *Library Journal* Melvil Dewey,Richard Rogers Bowker,L.
