Not Monsters Analyzing The Stories Of Child Molesters:

Not Monsters Pamela D. Schultz, 2005-01-17 In the wake of recent violence our nation has experienced and the paranoia that has ensued we've directed our attention to potential terrorists in our midst Yet our children face more risk from people they know than from terrorists they have never met An estimated one in five girls and one in ten boys in the United States experience some form of sexual abuse by age eighteen What could possibly motivate a person to molest a child **Not Monsters** documents the stories of nine convicted child molesters through one on one interviews listening to what offenders have to say about their crimes and exploring the roots of these behaviors from a social constructionist perspective Their words paint a compelling and frightening portrait of how sexual abuse works in Western culture to perpetuate a political and social system of dominance and control

Not Monsters Pamela D. Schultz, 2005 In the wake of recent violence our nation has experienced and the paranoia that has ensued we've directed our attention to potential terrorists in our midst Yet our children face more risk from people they know than from terrorists they have never met An estimated one in five girls and one in ten boys in the United States experience some form of sexual abuse by age eighteen What could possibly motivate a person to molest a child **Not Monsters** documents the stories of nine convicted child molesters through one on one interviews listening to what offenders have to say about their crimes and exploring the roots of these behaviors from a social constructionist perspective Their words paint a compelling and frightening portrait of how sexual abuse works in Western culture to perpetuate a political and social system of dominance and control

Monstrous Crimes and the Failure of Forensic Psychiatry John Douard, Pamela D. Schultz, 2012-11-13 The metaphor of the monster or predator usually a sexual predator drug dealer in areas frequented by children or psychopathic murderer is a powerful framing device in public discourse about how the criminal justice system should respond to serious violent crimes The cultural history of the monster reveals significant features of the metaphor that raise questions about the extent to which justice can be achieved in both the punishment of what are regarded as monstrous crimes and the treatment of those who commit such crimes This book is the first to address the connections between the history of the monster metaphor the 19th century idea of the criminal as monster and the 20th century conception of the psychopath the new monster The book addresses in particular the ways in which the metaphor is used to scapegoat certain categories of crimes and criminals for anxieties about our own potential for deviant and indeed dangerous interests These interests have long been found to be associated with the fascination people have for monsters in most cultures including the West The book outlines an alternative public health approach to sex offending and crime in general that can incorporate what we know about illness prevention while protecting the rights and humanity of offenders The book concludes with an analysis of the role of forensic psychiatrists and psychologists in representing criminal defendants as psychopaths or persons with certain personality disorders As psychiatry and psychology have transformed bad behavior into mad behavior these institutions have taken on the legal role of helping to sort out the

most dangerous among us for preventive treatment rather than carceral punishment **Juvenile Sex Offenders** Camille Gibson, Donna M. Vandiver, 2008-07-30 Despite the fact that media bombard the public with the notion that sex offenders are everywhere and could be just next door official sources show that official sex offense rates have been steadily declining over the past 10 years Yet when a juvenile is accused of a sexually based crime media attention is swift and relentless The truth about juvenile sex offenders is often therefore misunderstood In many cases such offenders are victims themselves Here Gibson and Vandiver reveal the truth about juvenile sex offenders and what can be done to help them and to prevent the cycle of abuse that leads to such tragic outcomes This book sets the records straight about juvenile sex offending It provides accurate up to date statistics real life cases and information about offender characteristics victim characteristics family factors social issues media involvement and other related areas It offers explanations for juvenile sex offending from a variety of perspectives and reviews legal and criminal responses to the problem Included are discussions of female offenders punitive measures to prevent repeat offenses and other steps the federal government and individual states are taking to address the problem The authors conclude with advice on how to protect children from becoming victims and how to prevent sexual offending in the first place **Caught in the Web of the Criminal Justice System** Lawrence A. Dubin, J.D., Emily Horowitz, Ph.D., 2017-06-21 Arguing for reform in the judicial treatment of people convicted of sex offenses this book examines how sentencing policies are based on emotion rather than research Using the lens of harsh sex offense prosecutions of those with developmental disabilities this book highlights the hysteria underlying our approach to sex offenses [Sex Offenders, Stigma, and Social Control](#) Diana Rickard, 2016-07-12 The 1990s witnessed a flurry of legislative initiatives most notably Megan's Law designed to control a population of sex offenders child abusers widely reviled as sick evil and incurable In *Sex Offenders Stigma and Social Control* Diana Rickard provides the reader with an in depth view of six such men exploring how they manage to cope with their highly stigmatized role as social outcasts The six men discussed in the book are typical convicted sex offenders neither serial pedophiles nor individuals convicted of the type of brutal act that looms large in public perceptions about sex crimes *Sex Offenders Stigma and Social Control* explores how these individuals who have been cast as social pariahs construct their sense of self How does being labeled in this way and controlled by measures such as Megan's Law affect one's identity and sense of social being Unlike traditional criminological and psychological studies of this population this book frames their experiences in concepts of both deviance and identity asking how men so highly stigmatized cope with the most extreme form of social marginality Placing their stories within the context of the current culture of mass incarceration and zero tolerance Rickard provides a deeper understanding of the complex relationship between public policy and lived experience as well as an understanding of the social challenges faced by this population whose re integration into society is far from simple or assured *Sex Offenders Stigma and Social Control* makes a significant contribution to our understanding of sex offenders offering a unique window into how individuals make meaning

out of their experiences and present a viable not monstrous social self to themselves and others

Crime Prevention David A. Mackey, Kristine Levan, 2013 Written by a collection of scholarly experts Crime Prevention presents significant issues related to contemporary crime prevention efforts Interdisciplinary in its approach the text is written for courses within a criminal justice or sociology curriculum Co Editor and author David Mackey begins by emphasizing the importance of crime prevention as it relates to financial and social costs and introduces students to the theoretical models of crime prevention The subsequent order of the chapters parallels the medical model of crime prevention moving from primary crime prevention secondary crime prevention and tertiary crime prevention efforts Traditional areas of crime prevention are reflected in the chapters on family schools guns policing sentencing and correctional programs and additional chapters cover emerging areas now considered critical to crime prevention such as technology surveillance and specific efforts to protect more vulnerable populations Key Features Includes a comprehensive look at the many facets of crime prevention merging both the theory and practice Provides a comprehensive discussion on a range of crime prevention topics while incorporating a theoretical foundation a look at previous research and existing policy analysis Includes the most recent data in the field acknowledging the recent changes in crime prevention due to increased awareness of terrorism and advances in technological capabilities Resources Instructor resources include a complete Test Bank and PowerPoint Lecture Outlines

Sex Fiends, Perverts, and Pedophiles Chrysanthi S. Leon, 2011-08-22 From sex fiend laws to Jessica's Law every state regularly passes popular tough on crime legislation often written after highly publicized cases have made the gruesome rounds through the media Chrysanthi Leon shows that while the singular notion of the sexual bogeyman has been used to justify these harsh policies not all sex offenders are the same and such one size fits all policies are well intentioned but badly implemented Leon argues for much needed changes to the criminal justice system ultimately showing that when policies intended for the worst offenders take over all of us suffer

Paedophiles in Society S. Goode, 2011-10-18 Based on original research with self identified paedophiles in the community this book challenges assumptions and destroys the sacred cows of both radical and conservative thinking on paedophilia and sexuality Offering a humane and inspiring vision the book goes beyond previous thinking to develop an inclusive new approach

The Ashgate Research Companion to Moral Panics Charles Krinsky, 2016-03-23 The Ashgate Research Companion to Moral Panics offers a comprehensive assemblage of cutting edge critical and theoretical perspectives on the concept of moral panic All chapters represent original research by many of the most influential theorists and researchers now working in the area of moral panic including Nachman Ben Yehuda and Erich Goode Joel Best Chas Critcher Mary deYoung Alan Hunt Toby Miller Willem Schinkel Kenneth Thompson Sheldon Ungar and Grazyna Zajdow Chapters come from a range of disciplines including media studies literary studies history legal studies and sociology with significant new elaborations on the concept of moral panic and its future informed and powerful critiques and detailed empirical studies from several continents A clear and comprehensive survey of a concept that is increasingly

influential in a number of disciplines as well as in popular culture this collection of the latest research in the field addresses themes including the evolution of the moral panic concept sex panics media panics moral panics over children and youth and the future of the moral panic concept Sex Crimes and Offenders Mary Clifford, Alison Feigh, 2022-05-02 For decades and in some cases centuries individuals families and friends of victims sought out ways to help heal the hurts caused by sexual abuse and implement some way to protect against future harms The recent very public conversations about victims standing up to perpetrators has expanded the reach and public platform of sexual violence prevention efforts in critical ways What might appear a relatively simple task on the surface to define healthy and harmful sexual practices inevitably raises even more questions When the questions and answers are framed and defined through historical cultural social and individual lenses solutions may seldom be simple Structured in five parts *Sex Crimes and Offenders Exploring Questions of Character and Culture* uses healthy sexuality as a back drop for exploring the complicated issue of identifying and punishing sex crimes defining the parameters of sexualized violence and sexual violence prevention The goal is to prevent harm address hurts hold perpetrators accountable and eventually eliminate to the degree possible all future harms The information presented explores individual treatment efforts as well as the social and political responses designed to hold perpetrators accountable and help support victims Essential resources made visible throughout this text are provided to help inform young people families faith communities and future practitioners to raise important reflective questions and to serve as a resource for anyone of any age who has suffered harm or perpetrated harm and is in need of support and healing Finally the book concludes by shining a light on the efforts each of us can take to identify reduce and work toward eliminating sexual violence and harms Additional resources for Instructors including PowerPoint Lecture Notes and Test Banks are provided *Moral Panics over Contemporary Children and Youth* Charles Krinsky, 2016-12-05 The concept of moral panic has received considerable scholarly attention but as yet little attention has been accorded to panics over children and youth This is the first book to examine this important and controversial social issue by employing a rigorous intellectual framework to explore the cultural construction of youth through the dissemination of moral panics It is accessible in manner and makes use of the latest contemporary research by addressing some of the pressing recent concerns relating to children and youth including cyber related panics child abuse and pornography education and crime A truly international collection this volume features new global research focusing on the United Kingdom Australia Canada South Africa and France as well as the United States Genuinely multidisciplinary in approach it will appeal to researchers and students across the social sciences and humanities from sociology and social theory to media education anthropology criminology geography and history **Childhood Sexual Abuse** Karen L. Kinnear, 2007-01-19 This work is an important new edition of a classic study one of the few exhaustive examinations of childhood sexual abuse available with 40 percent new material Even though it is as old as human history child sexual abuse has generally remained a dark and well hidden secret Only in the last few decades has it become a topic of

open public debate and scientific research and we still have more questions than answers How often are accusations of sexual abuse legitimate and how often are they the result of false memories Can sexual offenders be cured or will they ultimately re offend These are only a few of the difficult questions this volume seeks to answer Childhood Sexual Abuse A Reference Handbook explores the many ways we define child sexual abuse in the United States and in different parts of the world and how those differences are represented in U S and international laws It summarizes what we know about how to intervene treat and prevent childhood sexual abuse effectively and tells the stories of individuals who have had a dramatic effect on the handling of childhood sexual abuse For students social workers teachers policymakers parents and concerned citizens this work offers a one stop multifaceted discussion of one of the major issues facing children and their families

Stranger Rape Kevin Denys Bonnycastle,2012-01-01 The book s major achievement is to recognize rapists and rape in their particularity and complexity in the hope that critical thinking about their lives and about their experiences in penal contexts and programs may eventually lead to what one respondent called his road to redemption Introduction to Criminology David Kauzlarich,Hugh D. Barlow,2009 The ninth edition of Introduction to Criminology provides a comprehensive introduction to the study of lawmaking lawbreaking and reactions to crime Both classic and contemporary theories of the causes of crime are discussed and critiqued Special attention is given to critical theories of crime and to general theories The latest crime statistics research and theorizing are fully integrated throughout the text and the innovative epilogue provides students with the tools to actually apply criminological theory to real life events New to this edition Thoroughly updated throughout including statistics studies and theories in criminology The discussions of drugs prostitution and organized crime are now together in one chapter chapter 7 New chapters have been added on critical theories chapter 14 and biological psychological and evolutionary explanations of crime chapter 11 More illustrations and examples of crime from popular culture have been added throughout the text in an effort to help students make stronger intellectual connections to the material A new epilogue has been added that will help students think through common criminological issues and questions they are likely to encounter in everyday conversation The Handbook of Jungian Play Therapy with Children and Adolescents Eric J. Green,2014-11 Child and family psychotherapist Eric J Green draws on years of clinical experience to explain his original model of Jungian play therapy The empathic techniques he illuminates in this book can effectively treat children who are traumatized by abuse natural disasters and other losses as well as children who have attention deficit and autism spectrum disorders *Criminal Justice Policy* Stacy L. Mallicoat,Christine L. Gardiner,2013-10-15 Criminal Justice Policy provides a thematic overview of criminal justice policy and its relationship to the American criminal justice system Scholars practitioners and politicians continually debate the value of these policies in their evaluations of the current system As the nature of this subject involves a host of issues including politics public sentiment research and practice the authors expertly highlight these concerns on criminal justice policy and address the implications

for the overall system and society at large This text is organized into three parts Foundations of criminal justice policy focuses on the role of politics best practices and street level bureaucracy in criminal justice policy Criminal justice policy in action provides an analysis of fifteen different policy issues in criminal justice such as immigration drugs mental health and capital punishment Each section begins with a basic summary of the policy accompanied by a brief synopsis of the framing issues This brief but informative summary draws students attention to essential concepts and ideas provides a roadmap for what they can expect to learn and ensures continuity throughout the text The text concludes with a discussion about the future directions of criminal justice policy Working for Justice Stephen John Hartnett,Eleanor Novek,Jennifer K.

Wood,2013-06-01 This collection documents the efforts of the Prison Communication Activism Research and Education collective PCARE to put democracy into practice by merging prison education and activism Through life changing programs in a dozen states Arizona Colorado Illinois Indiana Massachusetts Michigan New Jersey Ohio Pennsylvania Texas Virginia and Wisconsin PCARE works with prisoners in prisons and in communities to reclaim justice from the prison industrial complex Based on years of pragmatic activism and engaged teaching the materials in this volume present a sweeping inventory of how communities and individuals both within and outside of prisons are marshaling the arts education and activism to reduce crime and enhance citizenship Documenting hands on case studies that emphasize educational initiatives successful prison based programs and activist oriented analysis Working for Justice provides readers with real world answers based on years of pragmatic activism and engaged teaching Contributors are David Coogan Craig Lee Engstrom Jeralyn Faris Stephen John Hartnett Edward A Hinck Shelly Schaefer Hinck Bryan J McCann Nikki H Nichols Eleanor Novek Brittany L Peterson Jonathan Shailor Rachel A Smith Derrick L Williams Lesley A Withers Jennifer K Wood and Bill Yousman Not Monsters

Pamela D.
