Not Necessarily Stoned But Beautiful The Making Of Are You Experienced:

Not Necessarily Stoned, But Beautiful Sean Egan, 2002 Om indspilningen af The Jimi Hendrix Experience s album Are you experienced i 1967 Jimi Hendrix and the Making of Are You Experienced Sean Egan, 2002 Sean Egan tells the story of the making of the Jimi Hendrix Experience s classic 1967 debut His interviews with key figures and access to diary entries help create the definitive study of one of the most important groundbreaking and exciting albums ever made **The**

Encyclopedia of Popular Music Colin Larkin, 2011-05-27 This text presents a comprehensive and up to date reference work on popular music from the early 20th century to the present day **Status Quo: Mighty Innovators of 70s Rock** Andrew Cope, 2019-02-25 Status Quo were one of the most successful influential and innovative bands of the 1970s During the first

half of the decade they wrote recorded and performed a stream of inventive and highly complex rock compositions developed 12 bar forms and techniques in new and fascinating ways and affected important musical and cultural trends But despite global success on stage and in the charts they were maligned by the UK music press who often referred to them as lamebrained three chord wonders and shunned by the superstar Disk Jockeys of the era who refused to promote their music As a result Status Quo remain one of the most misunderstood and underrated bands in the history of popular music Cope redresses that misconception through a detailed study of the band s music and live performances related musical and cultural subtopics and interviews with key band members The band is reinstated as a serious artistic and creative phenomenon of the 1970s scene and shown to be vital contributors to the evolution of rock *The Lyre of Orpheus*

Christopher Partridge, 2014 The study of religion and popular culture is an increasingly significant area of scholarly inquiry Surprisingly however Christopher Partridge s *The Lyre of Orpheus* is the first general introduction to the subject of religion and popular music His aim in this book is to introduce a range of theoretical and methodological perspectives to be used in the study of religion and popular music and popular music subcultures He addresses a range of issues from postcolonialism to postmodernism from sex to drugs from violence to the demonic and from misogyny to misanthropy Part One provides a general overview of the history of popular music scholarship and the key approaches that have been taken Part Two looks at approaches from the perspectives of theology and religious studies examining key themes relating to particular genres and subcultures Part Three narrows the focus and examines key artists and bands mentioned in Part Two including Elvis Bob Dylan Madonna and Bj rk Written to be accessible to the undergraduate *The Lyre of Orpheus* will also appeal to general readers interested in the role of religion in our culture **Jimi Hendrix and the Making of Are You Experienced** Sean Egan, 2014-01 Original ed first published in 2002 in London by Unanimous Ltd as Not necessarily stoned but beautiful

Gathered From Coincidence Tony Dunsbee, 2015-03-01 Combining the personal memories and critical analysis of a self confessed pop addict with a wealth of contemporary documentary evidence *Gathered From Coincidence* reconstructs a truly momentous era to tell the story of the music of the Sixties year by year By tracing in parallel the origins and development of

the recording careers of major talents on both sides of the Atlantic the Beatles the Rolling Stones the Beach Boys Bob Dylan Dusty Springfield and many more besides this account shows how they traded creativity with one another All the great Sixties hits as well as a host of less well known gems are described in the context of the charts of the day tracking the ups and downs of different trends as they came and went such as rock n roll rhythm blues psychedelia modern folk the concept album or supergroups But beyond this each chapter also places the music in a broader historical and cultural setting of landmark events at home and abroad the space race the Profumo affair the Cold War Vietnam the growth of satire to show how as the decade unfolded the paths of pop and current affairs drew ever closer together If you thought the Sixties were just about the fleeting dreams of hippies in the Summer of Love then think again This book will open your eyes to a far reaching imaginative legacy and how it came to shape pop music as a dazzling art form in its own right

Jimi Hendrix and Philosophy Theodore G. Ammon, 2017-11-14 In his brief career Jimi Hendrix transformed rock music established himself as the greatest guitarist of all time and left a rich legacy of original songs and dazzling recordings In Jimi Hendrix and Philosophy philosophers come to terms with the experience and the phenomenon of Hendrix uncovering some surprising implications of Hendrix s life and work Much of this book is concerned with the restless polarities and dualities that reveal themselves through Hendrix His compositions display a preoccupation with the tragic nature of life moving between the polarities of Schopenhauer s The World as Will and Idea and and Platonic philosophy Jimi s guitar being has surprising implications for the philosophical relation between mind and body There is in Hendrix a duality between innovation and tradition innovation in psychedelic sonic adventures and tradition in the form of the blues Hendrix exemplifies the interaction of technology and art as seen in his use of feedback varieties of noise and backwards reel to reel playing How much of the Hendrix phenomenon can be explained by the technological situation and how much by his own unique genius Everyone knows about Hendrix s use of feedback in the narrow sense but feedback can also be viewed as a general phenomenon that arises in complex dynamical systems and emerges at the border of chaos and order Although critics associate Hendrix s lifestyle and early death with self destructive patterns of the Sixties his actual thoughts as revealed in his songs and writings show a more positive and constructive concern with authentic freedom What did Hendrix mean when he spoke of the realities of conflict conveyed in Machine Gun What is a Voodoo Chile When does noise become music These and other questions are addressed in Jimi Hendrix and Philosophy Hendrix s undying popularity following his death in 1970 has led to the release over the years of a large body of material which Hendrix would never have chosen to make public raising serious questions about what we owe to the dead and how we view the construction of the artist s public persona
