The Ties That Buy Ellen Hartigan-O'Connor, 2012-02 In 1770 tavernkeeper Abigail Stoneman called in her debts by flourishing a handful of playing cards before the Rhode Island Court of Common Pleas Scrawled on the cards were the IOUs of drinkers whose links to Stoneman testified to women's paradoxical place in the urban economy of the late eighteenth and early nineteenth centuries Stoneman did traditional women's work boarding feeding cleaning and selling alcohol but her customers like her creditors underscore her connections to an expansive commercial society These connections are central to *The Ties That Buy* Historian Ellen Hartigan O'Connor traces the lives of urban women in early America to reveal how they used the ties of residence work credit and money to shape consumer culture at a time when the politics of the marketplace was gaining national significance Covering the period 1750-1820 the book analyzes how women such as Stoneman used and were used by shifting forms of credit and cash in an economy transitioning between neighborly exchanges and investment oriented transactions In this world commerce reached into every part of life At the hearths of multifamily homes renters lodgers and recent acquaintances lived together and struck financial deals for survival Landladies enslaved washerwomen shopkeepers and hucksters sustained themselves by serving the mobile population A new economic practice in America shopping mobilized hierarchical and friendly relationships into wide ranging consumer networks that depended on these same market connections Rhetoric emerging after the Revolution downplayed the significance of expanding female economic life in the interest of stabilizing the political order But women were quintessential market participants with fluid occupational identities cross class social and economic connections and a firm investment in cash and commercial goods for power and meaning

Women in Early America Carol Berkin, Jennifer L. Morgan, 2015-03-20 Tells the fascinating stories of the myriad women who shaped the early modern North American world from the colonial era through the first years of the Republic

Women in Early America edited by Thomas A. Foster goes beyond the familiar stories of Pocahontas or Abigail Adams recovering the lives and experiences of lesser known women both ordinary and elite enslaved and free Indigenous and immigrant who lived and worked in not only British mainland America but also New Spain New France New Netherlands and the West Indies In these essays we learn about the conditions that women faced during the Salem witchcraft panic and the Spanish Inquisition in New Mexico as indentured servants in early Virginia and Maryland caught up between warring British and Native Americans as traders in New Netherlands and Detroit as slave owners in Jamaica as Loyalist women during the American Revolution enslaved in the President's house and as students and educators inspired by the air of equality in the young nation

Foster showcases the latest research of junior and senior historians drawing from recent scholarship informed by women's and gender history, feminist theory, gender theory, new cultural history, social history, and literary criticism. Collectively, these essays address the need for scholarship on women's lives and experiences. *Women in Early America* heeds the call of feminist scholars to not merely reproduce male-centered narratives, but to rethink master narratives themselves so that we may better understand how women and men created and developed our historical past.

Women Prophets and Radical Protestantism in the British Atlantic World, 1640-1730 Elizabeth Bouldin, 2015-11-12 This book analyzes how women negotiated and shaped ideas about community in the British Atlantic world through claims of revelation.

A Peculiar Mixture Jan Stievermann, Oliver Scheiding, 2015-06-26 Through innovative interdisciplinary methodologies and fresh avenues of inquiry, the nine essays collected in *A Peculiar Mixture* endeavor to transform how we understand the bewildering multiplicity and complexity that characterized the experience of German-speaking people in the middle colonies. They explore how the various cultural expressions of German speakers helped them bridge regional, religious, and denominational divides and eventually find a way to partake in America's emerging national identity. Instead of thinking about early American culture and literature as evolving continuously as a singular entity, the contributors to this volume conceive of it as an ever-shifting and tangled web of contact zones. They present a society with a plurality of different native and colonial cultures interacting not only with one another but also with cultures and traditions from outside the colonies in a peculiar mixture of Old World practices and New World influences. Aside from the editors, the contributors are Rosalind J. Beiler, Patrick M. Erben, Cynthia G. Falk, Marie Basile McDaniel, Philip Otterness, Liam Riordan, Matthias Schnofer, and Marianne S. Wokeck.

In the Words of Women Louise V. North, Janet M. Wedge, Landa M. Freeman, 2024-04-12 *In the Words of Women* brings together the writings, letters, diaries, journals, pamphlets, poems, plays, depositions, and newspaper articles of women who lived between 1765 and 1799. The writings are organized chronologically around events, battles, and developments from before the Revolution through its prosecution and aftermath. They reflect the thoughts, observations, and experiences of women during those tumultuous times, women less well known to the reading public, including patriots and loyalists, the highborn and lowly, Native Americans and blacks, both free and enslaved, the involved and observers, the young and old, and those in between. Brief narrative passages provide historical context and information about the women as they are introduced, enabling readers to appreciate their relevance and significance. *In the Words of Women* also focuses on topics such as health, everyday life, and travel. The selections not only document existing attitudes, practices, and customs but also changes wrought by the war and independence. This book allows the voices of these women to be heard and readers to make their own inferences and judgments based on women speaking for themselves.
