Not An Easy Choice Reexamining Abortion:

Not an Easy Choice Kathleen McDonnell, 2003 If most North Americans admit they support a woman's right to an abortion why does the controversy still rage Kathleen McDonnell describes the often conflicting needs and emotions experienced prior to and after abortion Abortion and Ireland David Ralph, 2020-10-21 This book asks the crucial question of how it came to pass that on the 25 May 2018 the Irish electorate voted by a landslide in favour of changing its abortion legislation that for the previous thirty five years had been one of the most restrictive regimes in Europe The author shows how alongside traditional campaigning tactics such as street demonstrations door to door canvassing and the distribution of pro choice merchandise and information leaflets a key strategy of pro choice advocacy groups was to encourage first person abortion story sharing by women in their efforts to repeal the Eighth Amendment which had effectively banned abortion provision in the country The book argues that a normalizing of abortion talk took place in the lead up to the referendum with women speaking publicly in unprecedented numbers about their abortion histories These women storytellers were mirroring certain pro choice movements in other contexts where a new sound it loud say it proud narrative around abortion experiences has emerged as a central contemporary strategy for destigmatizing abortion discourse Students and scholars across a range of disciplines including law gender studies sociology and human geography will find this book of interest

Abortion Brian E. Fisher, 2013-12-01 Abortion The Ultimate Exploitation of Women unwinds the cultural myth that abortion empowers women Not only are men responsible for promoting and legalizing abortion in America they are the key beneficiaries Using historical facts medical research and emotional personal stories Fisher provides overwhelming evidence that abortion undermines women's rights victimizes women children and men and is eroding the very fabric of our society

Abortion Shannon Stettner, Kristin Burnett, Travis Hay, 2017-12-01 When Henry Morgentaler Canada's best known abortion rights advocate died in 2013 activists and scholars began to reassess the state of abortion in this country In Abortion some of the foremost researchers in Canada challenge current thinking by revealing the discrepancy between what people are experiencing on the ground and what people believe the law to be after the 1988 Morgentaler decision Grouped into four themes History Experience Politics and Reproductive Justice these essays showcase new theoretical frameworks and approaches from law history medicine women's studies and political science as they document the diversity of abortion experiences across the country from those of Indigenous women in the pre Morgentaler era to a lack of access in the age of so called decriminalization Together the contributors make a case for shifting the debate from abortion rights to reproductive justice and caution against focusing on choice or medicalization without understanding the broader context of why and when people seek out abortions Without Apology Shannon Stettner, 2016-08-26 Until the late 1960s the authorities on abortion were for the most part men politicians clergy lawyers physicians all of whom had an interest in regulating women's bodies Even today when we hear women speak publicly about abortion the voices are usually those of the leaders of women's and

abortion rights organizations women who hold political office and on occasion female physicians We also hear quite frequently from spokeswomen for anti abortion groups Rarely however do we hear the voices of ordinary women women whose lives have been in some way touched by abortion Their thoughts typically owe more to human circumstance than to ideology and without them we run the risk of thinking and talking about the issue of abortion only in the abstract Without Apology seeks to address this issue by gathering the voices of activists feminists and scholars as well as abortion providers and clinic support staff alongside the stories of women whose experience with abortion is more personal With the particular aim of moving beyond the polarizing rhetoric that has characterized the issue of abortion and reproductive justice for so long Without Apology is an engrossing and arresting account that will promote both reflection and discussion
