Not For Children:

Not Just Child's Play Felicia R. McMahon, 2009-10-20 Winner of the 2008 Chicago Folklore Prize Felicia R McMahon breaks new ground in the presentation and analysis of emerging traditions of the Lost Boys a group of parentless youths who fled Sudan under tragic circumstances in the 1990s With compelling insight McMahon analyzes the oral traditions of the DiDinga Lost Boys about whom very little is known Her vibrant ethnography provides intriguing details about the performances and conversations of the young DiDinga in Syracuse New York It also offers important insights to scholars and others who work with refugee groups The author argues that the playful traditions she describes constitute a strategy by which these young men proudly position themselves as preservers of DiDinga culture and as harbingers of social change rather than as victims of war Drawing ideas from folklore linguistics drama and play theory the author documents the danced songs of this unique group Her inclusion of original song lyrics translated by the singers and descriptions of conversations convey the voices of the young men Well researched and carefully developed this book makes an original contribution to our understanding of refugee populations and tells a compelling story at the same time *Entering God's Kingdom (Not) Like A Little Child* Eunyoung Lim, 2021-09-07 What does it mean to be like a child in antiquity How did early Christ followers use a childlike condition to articulate concrete qualifications for God's kingdom Many people today romanticize Jesus's welcoming of little children against the backdrop of the ancient world or project modern Christian conceptions of children onto biblical texts Eschewing such a Christian exceptionalist approach to history this book explores how the Gospel of Matthew 1 Corinthians and the Gospel of Thomas each associate childlikeness with God's kingdom within their socio cultural milieus The book investigates these three texts vis vis philosophical historical and archaeological materials concerning ancient children and childhood revealing that early Christ followers deployed various aspects of children to envision ideal human qualities or bodily forms Calling the modern reader's attention to children's intellectual incapability asexuality and socio political utility in ancient intellectual thought and everyday practices the book sheds new light on the rich and diverse theological visions that early Christ followers pursued by means of images of children *Parenting is (Not) Child's Play* Orit Josefi Wiseman, 2023-11-10 Most parents would say that they love their children passionately They might also admit that at times they experience frustration anger and even disappointment because of disobedience and a lack of cooperation from their children *Parenting is Not Child's Play* deals with the Special Play Time method a revolutionary and proven tool that empowers both parents and children During a 40 minute weekly play session parents learn not only clear and practical skills in setting boundaries they also gain a deeper understanding of the emotions and worries of their children They discover how to encourage positive behaviour too and thus increase the self esteem of their children Within a short time parents notice positive changes in the home While enjoying mutual fun and play they regain their parental authority and notice an increase in the emotional and social abilities of their children Orit Josefi Wiseman is a non directive play therapist with an M A from

the University of York in the United Kingdom She has a clinic in Israel and has rich and extensive experience with parents and children using this method She has also established trainings for families and professionals in the field of education in order for them to improve their communication with and empower the psychological robustness of children During her work Orit has met many parents who have learnt parental skills but could not implement them in real time Her book is written for all those parents Having a deep faith in the efficacy of the method Orit wishes to share her knowledge and make it accessible to every household with children
