Not On Your Own The Power Of Learning Together:

Learning Together Michael J. Kaufman, Sherelyn R. Kaufman, Elizabeth C. Nelson, 2015-03-24 This book makes a comprehensive multi disciplinary argument for investing in effective early childhood education programs especially those that develop in children their proven natural capacity to construct knowledge by building meaningful relationships Recent insights in the fields of law policy economics pedagogy and neuroscience demonstrate that these particular programs produce robust educational social and economic benefits for children and for the country The book also provides legal and political strategies for achieving these proven benefits as well as pedagogical strategies for developing the most effective early childhood education programs The book concludes by making visible the wonderful learning that can take place in an early education environment where teachers are afforded the professional judgment to encourage children to construct their own knowledge through indispensable learning relationships

Living and Learning Together Verna Atkinson, 2019-01-24 After God spoke long ago in various portions and in various ways to our ancestors through the prophets in these last days he has spoken to us in a son wrote the writer to the Hebrews Hebrews 1 1 2a In *Living and Learning Together* Verna Atkinson invites you to listen in on the personal way God speaks to her through the people He places in her life especially her son Rob Somehow the lens of Down syndrome through which Rob views the world offers meaningful and sometimes poignant insights into the things God wants to teach you You may want to read the book straight through pick it up occasionally for a brief meditation or to use it on a daily basis At different times you will chuckle smile cry and most often pause to think about your own life as Verna helps you look for the ways God is teaching you through those closest to you in your daily walk

Affective Learning Together Michael Baker, Jerry Andriessen, Sanna Järvelä, 2013-02-15 In the twenty first century being able to collaborate effectively is important at all ages in everyday life education and work within and across diverse cultural settings People are increasingly linked by networks that are not only means for working and learning together but are also ways of maintaining social and emotional support Collaborating with others requires not only elaborating new ideas together but also being able to manage interpersonal relations In order to design and facilitate effective collaborative situations the challenge is therefore to understand the interrelations between social affective and cognitive dimensions of interactions in groups *Affective Learning Together* contains in depth theoretical reviews and case studies of group learning in a variety of educational situations and taught disciplines from small groups working in the secondary school classroom to teams of medical students and more informal working groups at university level Contributors provide detailed analyses of the dynamics of interpersonal relations and affects in relation with processes of meaning and knowledge elaboration including discussion of the variety of social learning situations and experiences social identities in group learning emotion motivation and knowledge elaboration conflict arguments and interpersonal tensions in group learning Bringing together a broad range of contributions from internationally recognised researchers who are seeking to broaden deepen and integrate the field of

research on collaborative learning this book is essential reading for all serious students of contemporary educational research and practice Learning Together with Young Children Deb Curtis, Margie Carter, 2007-11-01 Many curriculum books treat teaching as something teachers do to or for children Deb Curtis and Margie Carter best selling authors in the early learning field believe teaching is a collaborative process in which teachers reexamine their own philosophies and practices while facilitating children's learning Each chapter in this curriculum framework includes a conceptual overview followed by classroom stories and photographs to illustrate the concepts The book helps teachers create materials and a classroom culture reflective of their values Teach through observation reflection inquiry and action and encourage children to represent their learning in multiple ways including songs stories and drama *Learning Together* David Tyack, Elisabeth Hansot, 1992-12-03 Now available in paperback this award winning book provides a comprehensive history of gender policies and practices in American public schools David Tyack and Elisabeth Hansot explore the many factors that have shaped coeducation since its origins At the very time that Americans were creating separate spheres for adult men and women they institutionalized an education system that brought boys and girls together How did beliefs about the similarities and differences of boys and girls shape policy and practice in schools To what degree did the treatment of boys and girls differ by class race region and historical period Debates over gender policies suggest that Americans have made public education the repository of their hopes and anxieties about relationships between the sexes Thus the history of coeducation serves as a window not only on constancy and change in gender practices in the schools but also on cultural conflicts about gender in the broader society Learning Together presents a rich and exhaustive search through the tangled history of gender and education that links both the silences and the debates surrounding coeducation to the changing roles of women and men in our society It is the generosity and capaciousness of Tyack and Hansot's scholarship that makes Learning Together so important a book Science **The Power of Reflection in Teacher Education and Professional Development** Fred Korthagen, Ellen Nuijten, 2022-05-11 Based on years of extensive research on teacher development this book offers a practical introduction to the concept of teacher reflection demonstrating how student teachers can engage with reflective learning from their teaching and classroom experiences in a systematic and inspiring way Providing practical models and guidelines for use in the classroom renowned teacher educators Fred Korthagen and Ellen Nuijten outline various strategies for promoting reflection and illustrate how a deeper form of reflection core reflection enhances awareness of professional identity and supports the dismantling of inner obstacles therefore enhancing social justice and empowering diverse student populations The authors demonstrate how a trajectory for learning can be designed to develop key competencies as well as the role played by university and school based teacher educators in supporting teachers self directed reflection Featuring a variety of tools that support professional growth this unique text demystifies the area of teacher reflection helping to provide concrete and inspiring examples for how to strengthen professional identity based on everyday challenges faced by

practitioners The Power of Reflection in Teacher Education and Professional Development is therefore an essential guide for students in service teachers and teacher educators alike as well as for anyone in the helping professions **Teachers Make the Difference**, 1997 **Learning Together to Preach** John S. McClure, Allie Utley, 2023-11-10 Preaching is best learned and improved when preachers receive excellent supportive reflection on their lived experiences and sermons For nearly ten years at Vanderbilt Divinity School a group of scholars and practicing preachers joined together to develop and hone several models of peer group and individual coaching In this book they describe the key dimensions of collaborative coaching a learner centered approach to coaching that emphasizes covenant building deep spiritual curiosity care filled listening ethical awareness attention to bodies and places parallel learning careful sermon analysis and the art of asking excellent questions In the final section of the book practitioners provide examples of this kind of coaching in practice **Language Power** Margo Gottlieb, Mariana Castro, 2017-02-17 Because explicit language instruction serves ALL students Here at last is every K 8 teacher s playbook on the critical role academic language plays in content learning and student achievement What exactly is so different Margo Gottlieb and Mariana Castro distill the complexities of language learning into four key uses through which students can probe the interplay between language and content and demonstrate their knowledge and understanding It s as straight forward as that Best of all Language Power is jam packed with hands on replicable resources to help you seamlessly integrate academic language into your daily routines targeted examples activities and templates Along the way you ll learn how to Identify plan assess and implement academic language instruction using the Discuss Argue Recount and Explain conceptual tool Utilize language within and across domains and content areas Apply the inquiry cycle to the theme of academic language use Expand stakeholders to include students other families No matter who your students are no matter which discipline you teach the research reads the same school achievement depends upon effective communication Read Language Power implement its resources and soon see for yourself what a powerful tool language is in realizing this goal This thought provoking and very practical book will be welcomed by all educators who are striving to provide a more equitable curriculum for students As Gottlieb and Castro suggest this endeavor requires classroom teachers to think critically about the language they use with students and develop the knowledge and skills to provide students with explicit and well planned support for the development of academic language Language Power will assist educators to make these endeavors a reality Pauline Gibbons Author of Scaffolding Language Scaffolding Learning Second Edition **Uprooting Instructional Inequity** Jill Harrison Berg, 2022-01-21 Noted leadership coach Jill Harrison Berg offers a comprehensive guide to help school and teacher leaders amplify the power of collaborative inquiry as a means for identifying interrogating and addressing instructional inequity At the center of the book is Berg s i3PD Planning Map an invaluable tool for enhancing inquiry based professional development experiences so that they become engines for schoolwide transformation The map guides teachers to recognize and reform ways their instructional practice may be contributing to inequity bolsters facilitators abilities to help

their colleagues become more effective agents of their own learning and cultivates a culture of organizational learning in schools Berg lays out the process in four parts 1 Establishing a solid foundation for your improvement cycle with a deep understanding of the three components of your instructional core content participants and facilitators 2 Attending to the three Rs relevance rigor and relationships representing the connections among the core components 3 Designing your improvement cycle and planning it out as a series of session agendas 4 Planning for impact by thinking through what you will accept as evidence of success and how you will use that information to take your school to the next level If you re ready to see your school start to work smarter toward instructional equity and if you re eager to be a part of that change Uprooting Instructional Inequity provides the design principles and sample tools you need to get the transformation started
