Misencik, 2014-05-16 *George Washington and the Half King Chief Tanacharison* details the events in western Pennsylvania that precipitated the French and Indian War It describes the interpersonal

relationship between 22 year old inexperienced but self assured George Washington and the 54 year old wily Iroquois Chief Tanacharison which led to as Horace Walpole quipped Washington firing a volley in the backwoods of America that set the world on fire The book explores the history of the French and English rivalry for the trans Allegheny territory and its impact on the Indians in the area It shows how Washington and Tanacharison each sought to influence the other to gain support for their respective agendas Washington wanted the Indians to endorse Virginia s claim to the Ohio territory while Tanacharison wanted a war between England and France so that the Iroquois could maintain their dominance over the Ohio Indians The book describes in detail the sequence of events through which the crafty half king manipulated Washington into starting the war he wanted and by his actions implicated Washington in nothing less than a cold blooded murder **The Potawatomis**

R. David Edmunds,1978-01-01 The Potawatomi Indians were the dominant tribe in the region of Wisconsin Illinois Indiana and southern Michigan during the seventeenth and early eighteenth centuries Active participants in the fur trade and close friends with many French fur traders and government leaders the Potawatomis remained loyal to New France throughout the colonial period resisting the lure of the inexpensive British trade goods that enticed some of their neighbors into alliances with the British During the colonial wars Potawatomi warriors journeyed far to the south and east to fight alongside their French allies against Braddock in Pennsylvania and other British forces in New York As French fortunes in the Old Northwest declined the Potawatomis reluctantly shifted their allegiance to the British Crown fighting against the Americans during the Revolution during Tecumseh s uprising and during the War of 1812 The advancing tide of white settlement in the Potawatomi lands after the wars brought many problems for the tribe Resisting attempts to convert them into farmers they took on the life style of their old friends the French traders Raids into western territories by more warlike members of the tribe brought strong military reaction from the United States government and from white settlers in the new territories Finally after great pressure by government officials the Potawatomis were forced to cede their homelands to the United States in exchange for government annuities Although many of the treaties were fraudulent government agents forced the tribe to move west of the Mississippi often with much turmoil and suffering This volume the first scholarly history of the Potawatomis and their influence in the Old Northwest is an important contribution to American Indian history Many of the tribe s leaders long forgotten such as Main Poc Siggenauk Onanghisse Five Medals and Billy Caldwell played key roles in the development of Indian white relations in the Great Lakes region The Potawatomi experience also sheds light on the development of later United States policy toward Indians of many other tribes **Historical Collections** ,1904 **American Indians of the**
