Berryman John Berryman, 2020-10-13 A wide ranging first of its kind selection of Berryman's correspondence with friends loved ones writers and editors showcasing the turbulent fascinating life and mind of one of America's major poets The Selected Letters of John Berryman assembles for the first time the poet's voluminous correspondence Beginning with a letter to his parents in 1925 and concluding with a letter sent a few weeks before his death in 1972 Berryman tells his story in his own words Included are more than 600 letters to almost 200 people editors family members students colleagues and friends The exchanges reveal the scope of Berryman's ambitions as well as the challenges of practicing his art within the confines of the publishing industry and contemporary critical expectations Correspondence with Ezra Pound Robert Lowell Delmore Schwartz Adrienne Rich Saul Bellow and other writers demonstrates Berryman's sustained involvement in the development of literary culture in the postwar United States We also see Berryman responding in detail to the work of writers such as Carolyn Kizer and William Meredith and encouraging the next generation Edward Hoagland Valerie Trueblood and others The letters show Berryman to be an energetic and generous interlocutor but they also make plain his struggles with personal

and familial trauma at every stage of his career An introduction by editors Philip Coleman and Calista McRae explains the careful selection of letters and contextualizes the materials within Berryman s career Reinforcing the critical and creative interconnectedness of Berryman s work and personal life The Selected Letters confirms his place as one of the most original voices of his generation and opens new horizons for appreciating and interpreting his poems *Unbuilt Environments* Jonathan Peyton,2017-01-27 In the latter half of the twentieth century legions of industrial pioneers came to northwestern British Columbia with grand plans for mines dams and energy development schemes Yet many of their projects failed to materialize or were abandoned midstream Unbuilt Environments reveals that these lapsed resource projects had lasting effects on the natural and human environment Drawing on a range of case studies to analyze the social and environmental impacts of unfinished projects Jonathan Peyton considers development failure a productive concept for northwestern Canada He looks at a closed asbestos mine an abandoned rail grade an imagined series of hydroelectric installations a failed LNG export facility and a transmission line and finds that these unrealized developments continue to shape contemporary resource conflicts **Encyclopedia of the Essay** Tracy Chevalier,2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies Journal of the West Lorin L. Gleach,2017-10 The Histories of Anthropology Annual presents diverse perspectives on the discipline s history within a global context with a goal of increasing awareness and use of historical approaches in teaching learning and conducting anthropology The series includes critical comparative analytical and narrative studies involving all aspects and subfields of anthropology Volume 11 Historicizing Theories Identities and Nations examines the work and influence of scholars including Franz Boas Ruth Benedict John Dewey Randolph Bourne A Irving Hallowell and Edward Westermarck and anthropological practices and theories in Vietnam and Ukraine as well as the United States Contributions also focus on the influence of Western thought and practice on anthropological traditions as well as issues of relativism physical anthropology language epistemology ethnography and social synergy A Bibliography of British Columbia Margaret H. Edwards,John C. R. Lort,Wendy J. Carmichael,1975 *Many Wests* David M. Wrobel,Michael C. Steiner,1997 What does it mean to live in the West today Do people tend to identify with states with regions or with the larger West This book examines the development of regional identity in the American West demonstrating that it is a regionally diverse entity made up of many different wests Great Plains Southwest Rocky Mountains and more in which American regionalism finds its fullest expression These fourteen

original essays tell how a sense of place emerged among residents of various regions and how a sense of those places was developed by people outside of them Wrobel and Steiner first offer a compelling overview of the West's regional nature then thirteen other rising or renowned scholars from history American Studies geography and literature tell how regional consciousness formed among inhabitants of particular regions All of the essays address the larger issue of the centrality of place in determining social and cultural forms and individual and collective identities Some focus on race and culture as the primary influences on regional consciousness while others emphasize environmental and economic factors or the influence of literature Some even examine western regionalism in areas that lie beyond the West as it has traditionally been conceived Each of the contributors believes that where a people live helps determine what they are and they write not only about the many wests within the larger West but also about the constant state of flux in which regionalism exists Many books speak of the West as a place but few others deal with the West's different places Many Wests presents a vision of the West that reflects both the common heritage and unique character of each major subregion building on the revisionist impulse of the last decade to help redirect New Western History toward an appreciation of regional diversity and integrate scholarship in the regional subfields It is a book for everyone who lives in studies or loves the West for it confirms that it is home to very different peoples economies histories and regions

North Country Howard Frank Mosher, 2014-07-29 A richly observant memoir of a coast to coast journey along the US Canada border An armchair traveler's delight Kirkus Reviews Part travelogue part memoir part meditation part exploration North Country is an account of a trip along the northern border of the United States in search of the country's last unspoiled frontiers The Boston Sunday Globe In this vast sparsely settled territory Howard Frank Mosher found both a harsh and beautiful landscape and some of the continent's most independent men and women Here he brings this remote area to vivid life in a book bright with anecdote and history and lore and most importantly with affection for his human subjects Richard Ford Pulitzer Prize winning author of Independence Day A classic road book You could with confidence place this book on the shelf next to such American classics as John Steinbeck's Travels with Charley and Jonathan Raban's Old Glory Detroit Free Press What Mosher's northern journey is really about is our society's loss of Eden the garden we were promised when we came here The garden we've turned into pulp fiction and rocket ranges The very fact that this brave book can stir up so many thoughts about the predicaments of civilization is surely an indication that it is well worth reading Ottawa Citizen

Bootleggers and Borders Stephen T. Moore, 2014-11-01 Between 1920 and 1933 the issue of prohibition proved to be the greatest challenge to Canada U S relations When the United States adopted national prohibition in 1920 ironically just as Canada was abandoning its own national and provincial experiments with prohibition U S tourists and dollars promptly headed north and Canadian liquor went south Despite repeated efforts Americans were unable to secure Canadian assistance in enforcing American prohibition laws until 1930 Bootleggers and Borders explores the important but surprisingly overlooked Canada U S relationship in the Pacific Northwest during

Prohibition Stephen T Moore maintains that the reason Prohibition created such an intractable problem lies not with the relationship between Ottawa and Washington DC but with everyday operations experienced at the border level where foreign relations are conducted according to different methods and rules and are informed by different assumptions identities and cultural values Through an exploration of border relations in the Pacific Northwest *Bootleggers and Borders* offers insight into not only the Canada U S relationship but also the subtle but important differences in the tactics Canadians and Americans employed when confronted with similar problems Ultimately British Columbia s method of addressing temperance provided the United States with a model that would become central to its abandonment and replacement of Prohibition

Carving the Western Path R. G. Harvey, 2011-06-15 The history of British Columbia s transportation systems north of the Canadian National Railway s mainline may not be well known but it certainly is colourful Continuing the story he began in the first volume of *Carving the Western Path* R G Harvey describes the development of river road and rail routes that crossed the northern two thirds of BC This was a land of dreams and schemes that seemed to feed on each other It started with the Collins Overland Telegraph a communication link that was to connect Europe and America in the 1860s Though this plan collapsed with the success of the trans Atlantic cable the telegraph surveyors established patterns for future roads and settlement They also sparked the Omineca gold rush It was a land full of larger than life characters including Charles Hays who dreamed of a major seaport at Prince Rupert but died on the Titanic before he could realize his vision Charles Bedaux who in the 1930s carved his 416 mile path into the northern Rockies Railway promoters Warburton Pike Sir Edward Phillipps Wolley William Mackenzie and Donald Mann who got gifts of land and money but couldn t always meet their promises Their stories mingle with those of the Grand Trunk Pacific Railway the Alaska Highway the White Pass and Yukon Railway and those of the sternwheelers fur traders gold miners and other adventurers who were drawn to this last frontier American Environmental Leaders: A-L Anne Becher, Joseph Richey, 2008 A comprehensive and diverse award winning collection of biographies of the most important figures in American environmentalism As our environment changes and environmental concerns become more and more prevalent this encyclopedia provides much needed information on the key players in the environmental movement Wires in the Wilderness Bill Miller, 2004 This is the tale of how Canada s high northern wilderness was brought into civilization s fold through a frail network of wires laboriously strung between poles and trees for hundreds of desolate miles The Yukon Telegraph started in 1897 when gold was discovered in the Yukon and the government needed a faster way to communicate with its remote northern territory The isolated residents too wanted a more reliable connection with the outside world Bill Miller takes readers from the line s conception in 1899 to its abandonment in 1952 through to its status today and its potential for future generations focusing on the colourful people who lived and worked in the area His account enhanced by extensive research and engaging storytelling reveals a fascinating fragment of Canada s rich history *Contemporary Novelists* James Vinson, D.
