Waxer, 2012-01-01 Winner of the ASCAP Deems Taylor Award for Popular Music Books 2002 Winner of the Society for Ethnomusicology's SEM Alan P Merriam Prize 2003 Salsa is a popular dance music developed by Puerto Ricans in New York City during the 1960s and 70s based on Afro-Cuban forms By the 1980s the Colombian metropolis of Cali emerged on the global stage as an important center for salsa consumption and performance Despite their geographic distance from the Caribbean and from Hispanic Caribbean migrants in New York City Caleños people from Cali claim unity with Cubans Puerto Ricans and New York Latinos by virtue of their having adopted salsa as their own The City of Musical Memory explores this local adoption of salsa and its Afro-Caribbean antecedents in relation to national and regional musical styles shedding light on salsa's spread to other Latin American cities Cali's case disputes the prevalent academic notion that live music is more real or authentic than its recorded versions since in this city salsa recordings were until recently much more important than musicians themselves and continued to be influential in the live scene This book makes valuable contributions to ongoing discussions about the place of technology in music culture and the complex negotiations of local and transnational cultural

**Children and Youths' Migration in a Global Landscape** Adrienne Lee Atterberry, Derrace Garfield

McCallum, Siqi Tu, Amy Lutz, 2022-05-24 This volume contains an Open Access Chapter Children and Youths Migration in a Global Landscape interrogates how transnational mobility shapes the lives of the relatively young and addresses questions that encourage us to consider what it means to be a transnationally mobile child or youth in the 21st century Puerto Rican Discourse Lourdes M. Torres, 2013-12-02 Before conclusions about Spanish in the United States can be drawn individual communities must be studied in their own contexts That is the goal of Puerto Rican Discourse One tendency of previous work on Spanish in the United States has been an eagerness to generalize the findings of isolated studies to all Latino communities but the specific sociocultural contexts in which people and languages live often demand very different conclusions The results of Torres work indicate that the Spanish of Puerto Ricans living in Brentwood continues to survive in a restricted context Across the population of Brentwood for Puerto Ricans of all ages and language proficiencies the Spanish language continues to assume an important practical symbolic and affective role An examination of the structural features of 60 oral narratives narrative components and the verbal tenses associated with each overall Spanish verb use and clause complexity reveals little evidence of the simplification and loss across generations found in other studies of Spanish in the United States English dominant Puerto Ricans are able Spanish language narrators demonstrating a wide variety of storytelling skills The structure of their oral narratives is as complete and rich as the narratives of Spanish dominant speakers The content of these oral narratives of personal experience is also explored Too often in studies on U S Spanish sociolinguists ignore the words of the community the focus is usually on the grammatical aspects of language use and rarely on the message conveyed In this study oral narratives are analyzed as constructions of gendered and ethnically marked identities The stories demonstrate the contradictory positions in which many Puerto Ricans find themselves in the United States All of the speakers in this study have internalized to a greater or lesser extent dominant ideologies of gender ethnicity and language at the same time that they struggle against such discourse The analysis of the discourse of the community reveals how the status quo is both reproduced and resisted in the members narratives and how ideological forces work with other factors such as attitudes to influence the choices speakers make concerning language use A special feature of this book is that transcripts are provided in both Spanish and English This volume combines ethnographic quantitative and qualitative discourse methodologies to provide a comprehensive and novel analysis of language use and attitudes of the Brentwood Puerto Rican community Its rich linguistic and ethnographic data will be of interest to researchers and teachers in cultural communication ethnic Hispanic American studies sociolinguistics and TESL *Latin American Science Fiction* M. Ginway, J. Brown, 2012-12-05 Combining work by critics from Latin America the USA and Europe Latin American Science Fiction Theory and Practice is the first anthology of articles in English to examine science fiction in all of Latin America from Mexico and the Caribbean to Brazil and the Southern Cone Using a variety of sophisticated theoretical approaches the book explores not

merely the development of a science fiction tradition in the region but more importantly the intricate ways in which this tradition has engaged with the most important cultural and literary debates of recent year Early Modern Maternities in the Iberian Atlantic Emily Colbert Cairns, Nieves Romero-Díaz, 2025-10-01 Early Modern Maternities in the Iberian Atlantic is the first volume to emphasize women's personal experiences and their life trajectories as mothers within the Peninsula and across the Atlantic. Although an official discourse that defined the conditions of motherhood emerged in the eighteenth century, before this period there were many different articulations of motherhood through which women negotiated hierarchical relationships, power struggles, and alliances. While the individual experiences were unique and depended upon the positionality of race and class, the complexities of being a mother were universal. The wide variety of written and visual documents included in this volume highlight women's voices in the first person along with more subtle references to motherhood as well as silences. This collection broadens our understanding of the complexities of motherhood, addressing the pressures of becoming a mother, miscarriage, the acts of giving birth and lactation, and the ordeals of raising children.

Culture Matters Lawrence E. Harrison, Samuel P. Huntington, 2000 Prominent scholars and journalists ponder the question of why, at the beginning of the twenty-first century, the world is more divided than ever between the rich and the poor, between those living in freedom and those under oppression. *Las Raras* Sarah Moody, 2024-05-30 Premio al Mejor Libro Latin American Studies Association Nineteenth Century Section 2025 *Las Raras* proposes that the Modernistas' advocacy for a writing style they considered feminine helps us to understand why so few and perhaps no women were accepted as active participants in Modernismo. Author Sarah Moody studies how particular writers contributed to the idea of a feminine aesthetic and tracks the intellectual networks of Modernismo through periodicals and personal papers such as albums and correspondence. Buenos Aires, Paris, and Montevideo figure prominently in this transatlantic study, which reexamines some of the most important period writers in Spanish, including Rubén Darío, Amado Nervo, and Enrique Gómez Carrillo. This book also considers the critiques launched by women writers such as Aurora Caceres, Clorinda Matto de Turner, and María Eugenia Vaz Ferreira, who experienced Modernista exclusion firsthand, deconstructed the Modernista discourse of a modern feminine style, and built literary success in alternative terms. These writers reoriented the discussion about women in modernity to address women's education, professionalization, and advocacy for social and civic improvements. In this study, Modernismo emerges as both a literary style and an intellectual network in which style and sociability are mutually determining and combine to form a system of prestige and validation that excluded women writers. **The Contestation of Patriarchy in Luis Martín-Santos' Work** Miquel Bota, 2020-06-10 This book proposes that Spanish author Luis Martín Santos' work focuses on the effects of patriarchy and hegemonic masculinity on men to actively contribute to freeing both men and women from the yoke of patriarchy. It aims for a new resonance of Luis Martín Santos. It analyzes the influence of Heidegger, Freud, and Sartre in Martín Santos' psychiatric essays and his fictional works, the novel *Tiempo de silencio* (Time of

Silence the collection of short stories Ap logos and the posthumous fragment Tiempo de destrucci n Time of Destruction It demonstrates that alongside the political critique of Franco s dictatorship Mart n Santos creative writings are an attempt to destroy the prevalent masculine myths of Western patriarchy and a proposal to create new myths for the future Modern Spanish Modern Language Association of America,1973 **Dufief's Nature displayed in her mode of teaching language to man: adapted to the Span. by M.
