A Visible Witness Jules A. Martinez-Olivieri, 2016-06-03 A Visible Witness presents a fresh innovative perspective on a vital movement in twentieth century theology Protestant theology in Latin America emerged over fifty years ago side by side with the initial development of Roman Catholic liberation theology Both traditions have common theological interests the praxical nature of theology Christology and soteriology Protestants also share some of the fundamental intuitions of liberation theology the centrality of praxis in Christian life and the priority of opting for the suffering masses Key Protestant theologians like Jos M guez Bonino Nancy Bedford and Guillermo Hansen challenged

Protestant theology in Latin America to develop a Trinitarian hermeneutic for Christology in order to see the work of salvation as the work of the triune God and to relate Christology and pneumatology in ways that fundamentally shape the praxis of the church. This dissertation takes on this challenge and proposes a theodramatic Christology that serves to ground the Christian notion of salvation as historical liberation and the church's participation in the present experience of redemption in the Trinitarian and economic work of Jesus Christ. The ecclesia of believers participates in God's communicative activity via union with Christ; the community of disciples becomes a theater of liberation.

Controversies in Feminist Theologies Lisa Isherwood, Marcella Althaus-Reid, 2013-02-12 *Controversies in Feminist Theologies* is a clear and accessible analysis of the current controversies within feminist theologies. It uses many of the themes of systematic theology to examine whether feminist theology has a future or whether its discourse and praxis has become bankrupt. The authors expand this question through an examination of whether the whole project of systematic theology has become outmoded. The book is the first to expose the myth of homogeneity and some of the common stereotypes and myths surrounding Feminist Theologies from a methodological and thematic perspective. It addresses current stereotypes built around North Atlantic and Third World feminist theology including issues concerning Mariology, the use of the Bible and the centrality of women's experiences in feminist praxis while highlighting the richness of different and at times opposite positions in the debates of theology, gender and sexuality.

La teología de la liberación sigue su curso Jorge Costadoat, 2023-10-23 Una primera parte de este libro se dedica al asunto del desarrollo de la teología en el continente latinoamericano y caribeño. Trata de la Teología de los signos de los tiempos que sirvió para estructurar la redacción de *Gaudium et spes* y que luego fue hecha suya por las conferencias generales de los obispos por la Teología de la liberación y las Comunidades eclesiales de base. La segunda parte se consagra a la cristología. La cristología del siglo XX regresó al Jesús de la historia dejando atrás al Cristo ahistórico de la neoescolástica. A diferencia de la soteriología del *Cur Deus homo* de San Anselmo que acentúa que la salvación es perdón de los pecados, el *Cur Deus homo* latinoamericano subraya que esta es liberación de los oprimidos. En la tercera parte de este libro los contenidos son tratados con un método inductivo y narrativo. En ella se da cuenta del cristianismo de dos mujeres insignes que al interior de sus comunidades de base se han desempeñado como teólogas.
