The Palgrave Companion to Oxford Economics Robert A. Cord, 2021-06-16 The University of Oxford has been and continues to be one of the most important global centres for economics With six chapters on themes in Oxford economics and 24 chapters on the lives and work of Oxford economists this volume shows how economics became established at the University how it produced some of the world's best known economists including Francis Ysidro Edgeworth Roy Harrod and David Hendry and how it remains a global force for the very best in teaching and research in economics With original contributions from a stellar cast this volume provides economists especially those interested in macroeconomics and the history of economic thought with the first in depth analysis of Oxford economics **The Palgrave Companion to LSE Economics** Robert A. Cord, 2019-01-18 The London School of Economics LSE has been and continues to

be one of the most important global centres for economics With six chapters on themes in LSE economics and 29 chapters on the lives and work of LSE economists this volume shows how economics became established at the School how it produced some of the world's best known economists including Lionel Robbins and Bill Phillips plus Nobel Prize winners such as Friedrich Hayek John Hicks and Christopher Pissarides and how it remains a global force for the very best in teaching and research in economics With original contributions from a stellar cast this volume provides economists especially those interested in macroeconomics and the history of economic thought with the first in depth analysis of LSE economics

Nuffield-BP Business and Economics for GCSE Jenny Wales,2001 Synopsis coming soon Oxford Economics And Oxford Economists W. Young,F. Lee,1993-02-19 This book focuses upon the development of economics at Oxford after the establishment of PPE and the contributions of Oxford economists during the years of high theory and afterwards Students recollections of tutorials and lectures and their tutors and lecturers along with examination questions and results amongst other aspects of teaching at Oxford are presented here for the first time In addition the many contributions of Oxford economists such as Harrod Allen Andrews Hicks Meade Richardson and Steindl including the staff of the Oxford Institute of Statistics along with the story of the Institute itself are dealt with Unpublished correspondence memoranda and papers are collected at various archives are cited to show that Oxford's contribution to the development of economics was equal to that of Cambridge Register of Educational Research in the United Kingdom, 1992-1995 National Foundation For Educational Research,1995 This latest volume of the Register of Educational Research in the United Kingdom lists all the major research projects being undertaken in Britain during the latter months of 1992 the whole of 1993 and 1994 and the early months of 1995 Each entry provides names and addresses of the researchers a detailed abstract the source and amount of the grant where applicable the length of the project and details of published material about the research Edexcel (Nuffield) Economics and Business A2: Unit 4, Module Andrew Ashwin,2006-09 Student Unit Guides are perfect for revision Each guide is written by an examiner and explains the unit requirements summarises the relevant unit content and includes a series of specimen questions and answers A Content Guidance section combines an overview of the specific unit or module and the key terms and concepts with an examiner's interpretation so that students understand precisely what they need to understand and learn the skills required and the potential pitfalls A Question and Answer section provides graded answers typically A and C to questions which have been set to reflect the style of the unit All responses are accompanied by commentaries which highlight their respective strengths and weaknesses giving students an insight into the mind of the examiner External Influences Nancy Wall,2002 Part of a series which aims to reflect the changing face of the economic climate and business world The books contain the latest information and thinking in their areas and are specifically focused to the needs of AS A level and first year undergraduate students The Student Book 1979-80 Klaus Boehm,Nick Wellings,1979-08-31 *Oxford, the Collegiate University* Ted Tapper,David Palfreyman,2010-11-03 Oxford is one of the

world's great universities but this has not meant that it is exempt from pressures for change. On various fronts it has been required to meet the challenges that universities almost worldwide have to face. Given the retrenchment of public funding especially to support undergraduate teaching it has been required to augment its financial base while at the same time deciding how to respond to pressure from successive governments determined to use higher education to achieve their own policy goals. While still consistently ranked as a world class university it has to decide how it is to acquire the funding to continue in this league or whether this goal is worth pursuing. Oxford is a collegiate university which means its colleges share with the University responsibility for the delivery of its central goals. Is this balance of authority shifting over time? If so how is this to be accounted for and what are the likely outcomes for the collegiate university? This book sets out to address these questions and arrives at an essentially positive conclusion. Oxford will continue to remain an effective collegiate university and while its identity will change its central character will persist. The New Palgrave Dictionary of Economics, 2016-05-18

The award winning The New Palgrave Dictionary of Economics 2nd edition is now available as a dynamic online resource. Consisting of over 1 900 articles written by leading figures in the field including Nobel prize winners this is the definitive scholarly reference work for a new generation of economists. Regularly updated. This product is a subscription based product.

Readings in Business Cycles and National Income Alvin H. Hansen, Richard V. Clemence, 2025-11-21. Readings in Business Cycles and National Income 1953 is a collection of original texts on economics recessions and employment looking at the ways that business cycles can affect a nation's economy spending power and employment rates. Oxford University Gazette University of Oxford, 1956. **John Hicks** K. Puttaswamaiah, 2018-01-16. Economist Sir John Hicks was the first British economist to win the Nobel Prize in Economic Science 1972 for his wide ranging contributions in general and his book Value and Capital in particular. Value and Capital showed that the basic results of consumer theory could be obtained from statistical usage; it expounded what became known as the Hicksian substitution effect. K. Puttaswamaiah describes Hicks as a brilliant economist without whose effort present day economies would not have grown in such dimension by now and Value and Capital as a work that revolutionized the science of economics. John Hicks is a unique collection of essays that examine Hicks through personal recollections as well as critiques and analyses of his work. For this very special volume K. Puttaswamaiah has gathered 25 contributors. Some were friends, colleagues and students of Hicks. All are eminent in their own areas of Hicks' work. Their articles depict various aspects of the economist's thought and personality, some depicting him in a new light. My John Hicks by Paul A. Samuelson identifies the landmarks in Hicks' life. Colin Simkin's John and Ursula Hicks: A Personal Recollection gives a vivid account of the economist's inner life. O. F. Hamouda's essay Hicks: A World Economist presents a scholarly and comprehensive analysis of Hicks' economics. In Hicks and Economic Theory Frank Kahn sets out his own views on the major works of Hicks. Harald Hagerman distinguishes between the works of Hicks and Hayek in Monetary Causes of the Business Cycles and Technological Changes: Hicks vs Hayek. Axel Leijonhufvud presents a memorial on the life

and works of Hicks The other authors have chosen different areas of Hicks works sometimes focusing on a single work and giving a vivid account of their own thoughts on the area chosen This volume will interest economists and students who are concerned with Hicks works in relation to earlier thinkers and present day economic theory K Puttaswamaiah is the senior director Planning Department Government of Karnataka State India He has written or edited fourteen books He is the founding editor of the Indian now International Journal of Applied Economics Econometrics

Nuffield Economics And Business Student Nuffield Economics And Business Book Review: Unveiling the Power of Words
