Fitly Framed Together Mike Culpepper, 2013-09-17 How would you change if you knew the Bible were the real authoritative Word of God Where did the Bible come from Why do some claim the Bible is the Word of God What difference does it make what we think of the Bible The Bible has played a major role in the development of human culture and mankind from the beginning Fitly Framed Together The Bible can be a valuable resource that can possibly help your understanding and acceptance as to the validity and authority of the Bible We may live in a bad news world but there is actually good news in the Bible The American people are subject to a tax code that is so enormous that it is ten times thicker than the Bible and in the past ten years there have been more than five thousand editions and changes But what has been written in the Bible and applied to the human race stands alone firm and unchanging For Christians looking for a good Bible study Fitly Framed Together The Bible can strengthen your faith in the Scriptures drawing you closer to God For non Christians Fitly Framed Together The Bible can at least give food for thought that there might be some legitimacy to the Bible at least worthy of discussion Nevertheless a greater and deeper understanding of the Bible can be inspiring and Fitly Framed Together The Bible can help you better recognize and appreciate things you read in the Bible unlocking Gods Word to you By the nature of its content history and presence the Bible must be fitly framed together

Morals and Mysticism in Persian Sufism Lloyd Ridgeon, 2010-06-10 Sufism is often understood to be the mystical dimension of Islam and many works have focused on the nature of mystical experiences and the relationship between man and God Yet Sufism was a human response to a wide range of contexts and circumstances the fact that Sufis lived in society and interacted with the community necessitating guidance on how to behave This book examines the development of Persian Sufism showing it to be a practical philosophy of the everyday rather than just a metaphysical phenomena The author explores the ethic of futuwwat or jawanmardi an Iranian code of honour that emphasised loyalty humility generosity and bravery Although inevitably some Sufis spiritualised this code of honour and applied it to their own relationship with God the ethic continued to permeate Sufi behaviour on a more mundane level typified by the strong links between Sufis and certain trades Drawing on field research in Iran as well as detailed analysis of both Arabic and Persian texts and new materials that have been published in Iran in recent years this is the first book in English to provide a history of Persian Sufi futuwwat As such this book is an important contribution to the study of Persian Sufism and to the fields of Islam history and religion
