L.,2019-12-26 Nurses have very busy jobs in the hospital and the other hospital disciplines do not help nurses with their jobs yet nurses always help them There are lots of things that the other hospital disciplines can sometimes do to help nurses with their jobs but they are never done Nurses on the other hand can be found helping out many other disciplines with their jobs Most of the things that nurses do for the other disciplines do not have to be done and should not be done but when the other disciplines ask nurses for help with their tasks the nurse will usually always help them out There are lots of times when the nurse will do work for other hospital disciplines if those disciplines do not get there to do the job in question in a timely fashion There are lots of jobs that other disciplines are supposed to do and if they don t get done at all or in a timely fashion the blame will fall on the nurse especially if they involve the patient s safety and the patient takes a turn for the worse if the job does not get done Sometimes the nurse will volunteer to do another discipline s job when she does not have to do it There are also times when the other discipline will ask the nurse to do something that he should do himself and will tell that nurse that he is too busy to do his own job The nurse regardless of how busy she is cannot get the other disciplines to help her with her job It is my hope that nurses will one day realize that a large majority of what they do for other disciplines does not have to be done and should not be done by nurses *The Trained Nurse and Hospital Review* ,1904 A monthly magazine of practical nursing devoted to the improvement and development of the graduate nurse **Current Issues In Nursing** Perle Slavik Cowen,Sue Moorhead,2010-02-15 Current Issues in Nursing provides a forum for knowledgeable debate on the important issues that nurses face today This resource provides the opportunity to analyze conflicting viewpoints and develop your own thoughts on demands being made for the nursing profession and the difficult issues affecting today s health care delivery Continually praised for its in depth discussion of critical issues solid organization of material and encouragement of independent thinking you ll find this text a valuable resource in the modern world of nursing Offers comprehensive and timely coverage of the issues affecting nursing education and practice UNIQUE Over 100 well known contributors offer their expert insights and analysis UNIQUE Viewpoint chapters present controversial issues to showcase pressing issues facing nursing today New content covering the following topics The Challenges of Nursing on an International Level Health Care Systems and Practice Ethics Legal and Social Issues The Changing Practice Professional Challenges Collaboration Conflict Violence Prevention and Care Nursing s Role Definitions of Nursing Changing Education **Proceedings of the Convention of the State Association of Superintendents of the Poor** State Association of Superintendents of the Poor (Mich.).
