Reece, 2001 Julie is convinced that one of the members of her church youth group has seen something they shouldn't have something that has put them all in danger **The Parisians** Edward George Earle Lytton Bulwer-Lytton Lytton (1st baron), 1874 **The Parisians** Edward Bulwer Lytton Baron Lytton, 1891 **Sacrificing Childhood** Julie K. deGraffenried, 2014-11-18 During the Soviet Union's Great Patriotic War from 1941 to 1945 as many as 24 million of its citizens died 14 million were children ages fourteen or younger And for those who survived the suffering was far from over The prewar Stalinist vision of a happy childhood nurtured by a paternal loving state had given way out of necessity What replaced it the dictate that children be prepared to sacrifice everything including childhood itself created a generation all too familiar with deprivation violence and death The experience of these children and the role of the state in shaping their narrative are the subject of this book which fills in a critical but neglected chapter in the Soviet story and in the history of World War II In *Sacrificing Childhood* Julie deGraffenried chronicles the lives of the Soviet wartime children and the uses to which they were put not just as combatants or workers in factories and collective farms but also as fodder for propaganda their plight a proof of the enemy's depredations Not all Soviet children lived through the war in the same way but in the circumstances of a child in occupied Belarus or in the Leningrad blockade a young deportee in Siberia or evacuee in

Uzbekistan deGraffenried finds common threads that distinguish the child's experience of war from the adult's. The state's expectations however were the same for all children as we see here in children's mass media and literature and the communications of party organizations and institutions most notably the Young Pioneers whose relentless wartime activities made them ideal for the purposes of propaganda. The first in depth study of where Soviet children fit into the history of the war *Sacrificing Childhood* also offers an unprecedented view of the state's changing expectations for its children and how this figured in the nature and direction of post war Soviet society.
