EBOOK: Working With Older People And Their Families Mike Nolan,Nolan Davies,Gordon Grant,2001-02-16 Addressing the needs of older people and their carers is an essential element of both policy and practice in the fields of health and social care Recent developments promote a partnership and empowerment model in which the notion of person centred care figures prominently However what person centred care means and how it can be achieved is far from clear *Working with Older People and their Families* combines extensive reviews of specialist literatures with new empirical data in an attempt at a synthesis of themes about making a reality of person centred care Uniquely it seeks to unite the perspectives of older people family and professional carers in promoting a genuinely holistic approach to the challenges of an ageing society *Working with Older People and their Families* is recommended reading for students on health related courses such as nursing medicine and the therapies It is also of relevance to students of social work and social gerontology researchers managers and policy makers

Nursing Older People Sally J. Redfern,Fiona Ross,2006 *Nursing Older People* focuses on evidence based care and the effectiveness of interventions that support independence It takes a person centred approach to understanding and meeting the needs and problems that nurses and other practitioners deal with every day such as the need to reduce the difficulties faced by problems of pain immobility breathlessness eating and drinking and eliminating for example The accessible evidence based information in this book will help to give practitioners the confidence to challenge the status quo and look for ways to improve the quality of care

BOOK JACKET

Caring for Older People Christine Brown Wilson,2012-11-19 *Caring for Older People* is a timely and welcome addition to the nursing and health care literature The book introduces and describes collaborative ways of working with older people ensuring that students and practitioners are better equipped to provide consistently high quality care that can make a positive difference to the lives of older people and their families Providing an accessible evidence based framework and a wealth of practical strategies which can be implemented on a daily basis Christine Brown Wilson takes the reader step by step through different approaches to nursing care and shows clearly how that care can move from being a task focused to a person focused experience Case based scenarios threaded throughout the book also illustrate how the quality of care can be enhanced and how students and practitioners can work effectively with older people while balancing the competing demands of the health and social care system The author also shows how nurses can influence current practice equipping the reader with key skills that can be used to challenge poor ways of working and to identify methods through which inadequate provision can be turned around This book will be indispensable reading for all nursing and healthcare students and practitioners who want to improve the quality of life for older people

Older People Rhonda Nay,Sally Garratt,Deirdre Fetherstonhaugh,2013-11-07 Now in its fourth edition trusted textbook *Older People Issues and Innovations in Care* provides a unique collection of conversations and

commentaries by leading international and local experts on a range of contemporary issues around the care of older people. Featuring six new chapters, current research and policy changes, the esteemed author team continue to highlight the importance of interdisciplinary healthcare in providing a comprehensive person-centred approach to care. This edition encourages readers to explore care issues, innovations and change, and to utilise evidence-based practice to improve the care of older people and their families. Editors' comments precede each chapter, providing a snapshot of the issues addressed. Dementia care has an increased focus. New chapters include: Caring for older people; issues for consumers; Younger people in residential aged care facilities; Health and care of older Aboriginal and Torres Strait Islander peoples; Alzheimer's dementia; neuropsychology; early diagnosis and intervention; Self-esteem, dignity and finding meaning in dementia; My journey of heartbreak: my parents and Alzheimer's disease. Vignettes highlight innovative approaches to care that result in improved health outcomes for older people. Key points are woven through the text to reiterate vital information relevant to nurses and aged care workers. Reflective questions encourage critical thinking as an instrument for improving practice. In-text references are made to video interviews available on the Evolve site. This text reflects new thinking in care, includes the ideas and experiences of policy analysts, nurses, doctors, allied health professionals and the consumer experience, mainly from Australia but with international contributions and based on contemporary research. It will also point readers to the evidence where it exists and include vignettes of practice and video clips where appropriate.

Evidence Informed Nursing with Older People Debbie Tolson, Jo Booth, Irene Schofield, 2011-02-04. Evidence Informed Nursing with Older People is an essential text for nursing students and registered nurses working with older people who are seeking to make connections between theory, evidence and value-based gerontological practice. The rapidly rising aging global population requires that more attention is given to the needs and requirements of older people. This textbook is a key resource for nursing students and registered nurses working with older people who wish to improve their practice. Evidence Informed Nursing with Older People takes a unique case study approach with individual chapters presenting nursing practice-based case studies on some of the most common areas of care faced by nurses working around the world with older people. Each case study illustrates the connections between practice, theory, evidence and values. User-friendly and accessible, this textbook includes key points, reflection activities, test points and perspectives from older people throughout. Key features: An up-to-date treatment of the nursing contribution to key geriatric syndromes; International expert contributions from the UK, Sweden, Switzerland, Australia and China; An evidence-based case study approach to the care of older people.

Older People Rhonda Nay, Sally Garratt, 2009. Now in its fourth edition, trusted textbook *Older People: Issues and Innovations in Care* provides a unique collection of conversations and commentaries by leading international and local experts on a range of contemporary issues around the care of older people. Featuring six new chapters, current research and policy changes, the esteemed author team continue to highlight the importance of interdisciplinary healthcare in providing a comprehensive person-centred approach.

to care This edition encourages readers to explore care issues innovations and change and to utilise evidence based practice to improve the care of older people and their families Editors comments precede each chapter providing a snapshot of the issues addressed Dementia care has an increased focus New chapters include Caring for older people issues for consumers Younger people in residential aged care facilities Health and care of older Aboriginal and Torres Strait Islander peoples Alzheimer s dementia neuropsychology early diagnosis and intervention Self esteem dignity and finding meaning in dementia My journey of heartbreak my parents and Alzheimer s disease Vignettes highlight innovative approaches to care that result in improved health outcomes for older people Key points are woven through the text to reiterate vital information relevant to nurses and aged care workers Reflective questions encourage critical thinking as an instrument for improving practice In text references are made to video interviews available on the Evolve site This text reflects new thinking in care include the ideas and experiences of policy analysts nurses doctors allied health professionals and the consumer experience mainly from Australia but with international contributions and be based on contemporary research It will also point readers to the evidence where it exists and include vignettes of practice and video clips where appropriate

Nursing Older People Introduction

In today's digital age, the availability of Nursing Older People books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Nursing Older People books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Nursing Older People books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Nursing Older People versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Nursing Older People books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Nursing Older People books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Nursing Older People books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library.

lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Nursing Older People books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Nursing Older People books and manuals for download and embark on your journey of knowledge?

FAQs About Nursing Older People Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Nursing Older People is one of the best book in our library for free trial. We provide copy of Nursing Older People in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Nursing Older People. Where to download Nursing Older People online for free? Are you looking for Nursing Older People PDF? This is definitely going to save you time and cash in something you should think about.
