

Growing and Nurturing Nurses: The Preceptor's Path

Monday, May 06, 2024 • 9 a.m. - 1 p.m. • Live Webinar

[Register Now](#)

Target Audience

Clinical nurse preceptors and clinical educators interested in advancing their preceptor skills and in advancing their preceptor role.

Description

The North Carolina Area Health Education Center (NCAHEC) is offering a live webinar that will build upon the 2023 webinar, *Teaching Strategies for the Experienced Preceptor*. This year we will take a deep dive into generational differences and strategies to foster communication, techniques/strategies to utilize when precepting someone from a different generation and/or someone with more experience and explain how to address the experience-complexity gap in nursing. Learn from a panel of experienced preceptors how to handle challenges and how to advance preceptor skills in today's healthcare environment.

Outcome

80% of participants will be able to list one precepting strategy they learned from the webinar.

Faculty

Amy Putnam DNP, RN, CNEA, Associate Professor of Nursing Practice, School of Nursing, Western Carolina University

Nurturing The Nurse On The Path To Success

Daniela Niemeyer

Nurturing The Nurse On The Path To Success:

Nurturing the Nurse on the Path to Success Carolyn Travis Laskey, 1994-01 **The Path to Building a Successful Nursing Career** Jennifer M. Manning, 2020-12-14 This textbook provides a one stop reference resource and guide for nurses interested in advancing their careers It addresses self assessment goal setting and self discipline as well as academic paths and non academic career paths and includes two chapters on strategic path development covering internal motivation risk taking work life balance work environment networking professional membership and mentorship Lastly the book discusses professional growth topics such as civility burnout professional development and keeping informed and explores specific professionalism topics like professional behavior ethics social media and executive presence Intended for nurses at any level this textbook examines topics relevant to today s nursing professionals and offers guidance on building a successful nursing career It also helps student nurses create a path for their career and professional growth both during their training program and beyond **The Cumulative Book Index** ,1995 A world list of books in the English language **Leadership Within Us Master 3 arts • Embrace 2 values • Nurture 6 skills** Dr. Arun Seshachalam, There is a Leader within every individual Its emergence depends on the nature of the individual and the nurture by the surroundings In my professional life I was fortunate to get associated with exceptional leaders I have worked under a few and collaborated with many As a clinician with formal training in healthcare management I was able to identify the key attributes important skill sets and core values that separated them from the rest In this book I have shared everything I have heard learned and observed regarding effective leadership I am confident that the lessons I have gained can be incorporated into your practice propelling you to great heights My initial plan was to distribute handouts to medical college students and postgraduates after my lecture on leadership on healthcare However due to the positive feedback I have decided to expand my efforts Every day I encounter numerous leaders from various fields ranging from nursing to executive positions I am confident that you will witness a more personalized and higher quality version with each subsequent edition I am sure this book will unleash the leader inside you and bring it to the center stage Dr Arun Seshachalam **Leadership Roles and Management Functions in Nursing** Bessie L. Marquis, Carol Jorgensen Huston, 2000 This hands on nursing management text offers preparation for tomorrow s nursing leaders With its strong emphasis on critical thinking and problem solving the book s practical guidance seeks to help today s students become tomorrow s decision makers Case studies bring basic theories of nursing management to life through applications in real world scenarios Tips on collaborative care personnel management and documentation help define roles and responsibilities for nursing There are also tables offering information at a glance *Fast Facts for Making the Most of Your Career in Nursing* Rhoda Redulla, 2020-06-17 Note to Readers Publisher does not guarantee quality or access to any included digital components if book is purchased through a third party seller Optimize your career potential and inspire your career narrative This how to resource is brimming with practical strategies and guidance to help nurses

advance in all stages of their professional journey Written for professionals at all levels of education and experience this book features a wide range of Success Stories from nurses who have experienced the challenges of role development firsthand This book will be helpful to healthcare organizations in pursuing the American Nurses Credentialing Center ANCC Magnet Recognition Program and Pathway to Excellence It will provide insight on how healthcare organizations can best support nurses in developing professionally This Fast Facts book addresses the importance of the Quadruple Aim throughout health care and its effects on individual nurses It provides specific advice on confidently navigating opportunities and obstacles through networking research scholarly presentation and certification Special topics include self care nursing as a second career and the transition of nurse immigrants into a career in the US Key Features Offers helpful advice to nurses who are stuck in their professional nursing journey Candid and moving examples from knowledgeable diverse nurses Addresses the importance of working in Magnet Recognition and Pathway to Excellence Programs Explains how to develop networks competencies and interpersonal skills

Mentoring in Nursing through Narrative Stories Across the World Nancy Rollins Gantz,Thóra B. Hafsteinsdóttir,2023-07-15 The book explores how mentoring theoretical background of mentoring and how mentoring is used by nurses in all arenas where they work in health care education research policy politics and academia in supporting nurses with their professional and career development Over 300 mentors and mentees from a wide range of countries across all continents share their stories of mentoring reflecting on their development in leadership clinical practice education research and politics The book describes various types of mentoring including more traditional types of mentoring as well as virtual online and peer mentoring During the mentorship trajectories the nurses address an inclusive collection of issues that they are faced with and share supporting strategies The book highlights the importance of mentoring for nurses to support their personal and professional leadership development Also it emphasizes the importance of mentoring for when nurses engaged in variety of projects that could entail or encompass evidence based clinical practice development within education research in the clinical arena policy formation political affairs or cultural inclusion that present significant impact in patient care and healthcare outcomes within and across countries With The Future of Nursing 2020 2030 Charting a Path to Achieve Health Equity report from the National Academies of Sciences published in 2021 the role of nursing will become ever more dynamic and therefore the profession of nursing must be visible in improving and securing the future for patients families and communities across the globe Mentoring practices to build the profession s leaders are forever essential acute and imperative This book shows how mentoring can support nurses in further developing nursing as a profession and scientific discipline across countries to support clinical application of evidence based practice and nursing education and research dissemination Accordingly this book shares essential diverse and pioneering expertise through wide range of narrative stories that will benefit nurses at all years of experience from early career nurses emerging leaders nurse educators leaders policy makers and nurse scientists around the globe The nursing profession must magnify its position in

health care and nurses need to proliferate their contributions throughout the globe They can accomplish that through mentoring and growing and nurturing other nurses to advance and thrive in today s world Stress Clarke M. Ivanich,2002 Stress seems to be an affliction common to almost everyone living in the 21st century except perhaps a few inhabitants of some far off islands untouched by modern society But what is it And more importantly what is there we can do about it Some research says we need it but this seems hard to believe Other research no less believable says we don t need it but we can manage it About the only thing about stress that seems certain is that there is a lot of it around and that the less of it that lands on a person the better This book gathers new and important citations from both the journal and the book literature and provides access through author subject and title indexes **Books in Print** ,1991 Successful Doctoral Training in Nursing and Health Sciences Debra Jackson,Patricia M. Davidson,Kim Usher,2021-12-10 This textbook is a practical user friendly and essential guide for doctoral students their supervisors and advisors and administrators of doctoral programs in nursing and health sciences Nurses and health scientists have a relatively young tradition of doctoral training and this means students often come to doctoral studies without a clear understanding of what is required to be successful at this level of education Supporting students to successful completion of doctoral studies involves a complex fusion of skills and yet researchers and academics receive little specialist training in this crucial area of teaching and learning Strong pedagogies around doctoral supervision and writing are essential because in addition to the scientific research and educative skills required it is important to be able to establish and maintain enabling professional relationships within which both parties can thrive and that can withstand the years of critique needed for doctoral work The authors offer supervisors advisors students and administrators practical advice on helping students thrive and steering them through various challenges that can arise during doctoral candidature With a focus on nursing and health sciences the authors take a global approach recognising the international focus of doctoral training in nursing and health sciences The authors of this book are experienced supervisors and advisors to doctoral students and together have well over 100 successful doctoral completions and more than 1000 publications They draw on a series of interviews and case studies to share their knowledge and experience and provide insights and guidance to inspire and support student progression and ensure students get the most out of their doctoral studies **Paperbound Books in Print 1995** Reed Reference Publishing,R5ference Reed,1995-12 **Small Business Sourcebook** Thomson Gale,2002-12 A two volume annotated guide to 26 670 listings of live and print sources of information designed to facilitate the start up development and growth of specific small businesses as well as 26 158 similar listings for general small business topics An additional 11 167 entries are provided on a state by state basis also included are 965 relevant U S federal government agencies and branch offices *The Effective Nurse* Laura Mae Douglass,1996 This practical text presents both the essentials of nursing management and leadership and concrete applications of the principles introduced Topics covered include managed care and managed competition case management and outcomes management

change stress and burnout team building legal issues such as delegating staffing and nursing error cultural diversity the expanding role of nursing and computers in nursing Study aids are included such as behavioural objectives itemised chapter summaries questions for study and discussion and Test Your Knowledge questions This edition has a perforated workbook section at the end of the text entitled Critical Thinking Activities and there is also expanded treatment of public health community health and home health visiting nurse services

Leadership for Evidence-Based Innovation in Nursing and Health Professions Daniel Weberg, Sandra Davidson, 2024-10-04 The healthcare system is in need of innovative evidence based thinkers to transform a flawed system and improve healthcare outcomes This book combines the two seemingly opposing concepts of innovation and evidence and provides examples and insights that allow leaders to build capacity for transformation

Small Press Record of Books in Print Len Fulton, 1994
