Nuthin But A G Thang The Culture And Commerce Of Gangsta Rap:

Nuthin' but a "G" Thang Eithne Quinn, 2005-01-05 Struggling to create an identity distinct from the European tradition but lacking an established system of support early painting in America received little cultural acceptance in its own country or abroad Yet despite the initial indifference with which it was first met American art flourished against the odds and founded the aesthetic consciousness that we equate with American art today In this exhilarating study David Rosand shows how early American painters transformed themselves from provincial followers of the established traditions of Europe into some of the most innovative and influential artists in the world Moving beyond simple descriptions of what distinguishes American art from other movements and forms *The Invention of Painting in America* explores not only the status of artists and their personal relationship to their work but also the larger dialogue between the artist and society Rosand looks to the intensely studied portraits of America's early painters especially Copley and Eakins and the landscapes of Homer and Inness among others each of whom grappled with conflicting cultural attitudes and different expressive styles in order to reinvent the art of painting He discusses the work of Davis Gorky de Kooning Pollock Rothko and Motherwell and the subjects and themes that engaged them While our current understanding of America's place in art is largely based on the astonishing success of a handful of mid twentieth century painters Rosand unearths the historical and artistic conditions that both shaped and inspired the phenomenon of Abstract Expressionism

Nuthin' But a "G" Thang Eithne Quinn, 2005 In the late 1980s gansta rap music emerged in urban America giving voice to making money for a social group widely believed to be in crisis young poor black men Quinn probes the origins of the genre follows its development focusing on artists such as Ice Cube Tupac Shakur

Death and the Rock Star Catherine Strong, Barbara Lebrun, 2016-03-03 The untimely deaths of Amy Winehouse 2011 and Whitney Houston 2012 and the resurrection of Tupac Shakur for a performance at the Coachella music festival in April 2012 have focused the media spotlight on the relationship between popular music fame and death If the phrase sex drugs and rock n roll ever qualified a lifestyle it has left many casualties in its wake and with the ranks of dead musicians growing over time so the types of death involved and the reactions to them have diversified Conversely as many artists who fronted the rock n roll revolution of the 1950s and 1960s continue to age the idea of dying young and leaving a beautiful corpse which gave rise for instance to the myth of the 27 Club no longer carries the same resonance that it once might have done This edited collection explores the reception of dead rock stars rock being taken in the widest sense as the artists discussed belong to the genres of rock n roll Elvis Presley disco Donna Summer pop and pop rock Michael Jackson Whitney Houston Amy Winehouse punk and post punk GG Allin Ian Curtis rap Tupac Shakur folk the Dutchman Andr Hazes and world music Fela Kuti When music artists die their fellow musicians producers fans and the media react differently and this book brings together their intertwining modalities of reception The commercial impact of death on record sales copyrights and print media is considered and the different justifications by living artists for being involved with the dead

through covers sampling and tributes The cultural representation of dead singers is investigated through obituaries biographies and biopics observing that posthumous fame provides coping mechanisms for fans and consumers of popular culture more generally to deal with the knowledge of their own mortality Examining the contrasting ways in which male and female dead singers are portrayed in the media the book **Journal of Popular Culture** Popular culture association (Etats-Unis).,Modern language association of America. Terrance A Witcher,2021-02-17 The greatest influence on Hip Hop Culture is the American Society The result of this influence is Gangsta Rap **The Mark of Criminality** Bryan J. McCann,2017-06-06 Illustrates the ways that the war on crime became conjoined aesthetically politically and rhetorically with the emergence of gangsta rap as a lucrative and deeply controversial subgenre of hip hop In *The Mark of Criminality* Rhetoric Race and Gangsta Rap in the War on Crime Era Bryan J McCann argues that gangsta rap should be viewed as more than a damaging reinforcement of an era s worst racial stereotypes Rather he positions the works of key gangsta rap artists as well as the controversies their work produced squarely within the law and order politics and popular culture of the 1980s and 1990s to reveal a profoundly complex period in American history when the meanings of crime and criminality were incredibly unstable At the center of this era when politicians sought to prove their tough on crime credentials was the mark of criminality a set of discourses that labeled members of predominantly poor urban and minority communities as threats to the social order Through their use of the mark of criminality public figures implemented extremely harsh penal policies that have helped make the United States the world s leading jailer of its adult population At the same time when politicians like Ronald Reagan George H W Bush and Bill Clinton and television shows such as *COPS* and *America s Most Wanted* perpetuated images of gang and drug filled ghettos gangsta rap burst out of the hip hop nation emanating mainly from the predominantly black neighborhoods of South Central Los Angeles Groups like NWA and solo artists including Dr Dre Snoop Dogg and Tupac Shakur became millionaires by marketing the very discourses political and cultural leaders used to justify their war on crime For these artists the mark of criminality was a source of power credibility and revenue By understanding gangsta rap as a potent if deeply imperfect enactment of the mark of criminality we can better understand how crime is always a site of struggle over meaning Furthermore by underscoring the nimble rhetorical character of criminality we can learn lessons that may inform efforts to challenge our nation s failed policies of mass incarceration *The 'Hood Comes First* Murray Forman,2002-04-30 Examines the significance of the hood in rap and hip hop *The Hood Comes First* looks at the increasingly specific emphasis on real neighborhoods and streets in rap music and hip hop culture as an urgent response to the cultural and geographical ghettoization of black urban communities Examining rap music along with ancillary hip hop media including radio music videos rap press and the cinematic hood genre Murray Forman analyzes hip hop culture s varying articulations of the terms ghetto inner city and the hood and how these spaces both real and imaginary are used to define individual and collective identity Negotiating academic corporate and street discourses Forman assesses the dynamics between race social space and youth Race class and national identification are recast and revised within rap s spatial discourse concluding with the construction of the hood a social and geographic symbol that has become central to concepts of hip hop authenticity Additionally the book analyzes the processes within the music and culture industries through which hip hop has been amplified and disseminated from the hood to international audiences **Rap Music and Street Consciousness** Cheryl

Who Got the Camera? Eric Harvey, 2021-10-05 Reality first appeared in the late 1980s in the sense not of real life but rather of the TV entertainment genre inaugurated by shows such as *Cops* and *America's Most Wanted* the daytime gabfests of Geraldo Oprah and Donahue and the tabloid news of *A Current Affair* In a bracing work of cultural criticism Eric Harvey argues that reality TV emerged in dialog with another kind of entertainment that served as its foil while borrowing its techniques gangsta rap Or as legendary performers Ice Cube and Ice T called it reality rap Reality rap and reality TV were components of a cultural revolution that redefined popular entertainment as a truth telling medium Reality entertainment borrowed journalistic tropes but was undiluted by the caveats and context that journalism demanded While *N W A's Fuck tha Police* countered *Cops* vision of Black lives in America the reality rappers who emerged in that group's wake such as Snoop Doggy Dogg and Tupac Shakur embraced reality's visceral tabloid sensationalism using the media's obsession with Black criminality to collapse the distinction between image and truth Reality TV and reality rap nurtured the world we live in now where politics and basic facts don't feel real until they have been translated into mass mediated entertainment
