**Premonitions** Herbert B. Greenhouse, 1971      **Premonitions**, 1972      **Premonitions of the Titanic Disaster** Terry Keefe, 2021-03-28

Passengers cancelling their tickets for Titanic's maiden voyage out of apprehension a famous social reformer who died on Titanic warned in 1911 that he would be in danger from water in April 1912 inhabitants of the remote islands of Fiji aware of the sinking before reports of the collision reached the Pacific a dying girl who on 14 April 1912 sees a big ship sinking in the water and mysteriously knows the name of the violinist in Titanic's orchestra These are just a few of the numerous claims to psychic foreknowledge of the ship's sinking Within days of the widely publicised disaster of 1912 stories began circulating of extraordinary omens and individuals who supposedly had supernatural premonitions of the disaster Furthermore four fictional works one dating as far back as twenty six years came to be seen as anticipating the disaster Between 1960 and 2006 five major commentators published extended analyses of the alleged premonitions none of which is now easily accessible to an English readership This book examines them all in detail The whole treatment of the matter opens up fascinating questions concerning the paranormal but also raises and leaves unresolved crucial issues specific to premonitions and how they can be legitimately examined Readers are left to make their own judgement on Titanic premonitions

Cook in 2016 in a nondescript folder tucked inconspicuously among some of Ingo's notes. Now together with *Beyond the Gods Devices*, another undiscovered manuscript, it is published for the first time as *Resurrecting The Mysterious*, a posthumous compilation that delivers what we that is Nick and Swann Ryder Productions LLC offer here as Ingo's grand unified theory of the human experience and in part of consciousness itself. This asserts that paranormality is part of an expanded reality set rooted in the relationship between quantum theory, us the observer, and something infinitely more profound, even that is fully described in *Beyond the Gods Devices*. The *Hidden Revelation* is more concerned with us, the immanent experience, the inward journey. *Beyond the Gods Devices* with that world, whatever that world truly is, that binds and connects us to the numinous, that which at present science is unable to describe. For many, it may also make the hard problem of consciousness just that little bit easier to comprehend. We certainly hope so. *The Publishers Weekly*, 1972 PROJECTIOLOGY Waldo Vieira, 2023-09-27. *Philosophical Perspective on Cinema* Pedro Blas González, 2022-05-17 The main premise of Philosophical Perspective on Cinema is simple Can a visual medium such as cinema put in greater perspective diverse aspects of human experience Films are usually sorted by genres but by applying metaphysical existential categories to cinema the author enables readers to reflect on the nature and essence of existence by making life appear less transparent to itself Undoubtedly the connection between sensual reality and philosophical reflection is often glossed over when the emphasis is placed on theoretical abstractions and not life itself While this work is a reflection on the philosophy of existence the author embraces a practical approach to the metaphysical existential foundation of human existence
