Death and Dying in Central Appalachia James K.

Crissman, 1994 James Crissman explores cultural traits related to death and dying in Appalachian sections of Tennessee, Virginia, Kentucky, North Carolina, and West Virginia, showing how they have changed since the 1600s. Relying on archival materials, almost forty photographs, and interviews with more than 400 mountain dwellers, Crissman focuses on the importance of family and neighborliness in mountain society. Written for both scholarly and general audiences, the book contains sections on the death watch, body preparation, selection or construction of a coffin or casket, digging the grave by hand, the wake, the funeral, and other topics. Crissman then demonstrates how technology and the encroachment of American society have turned these vital traditions into the disappearing practices of the past. **The Fall of America: Premonition**

of Death W.R. Benton, 2013-09-08 What if it all came crashing down? It started with the Biggest stock market crash in history. Banks shut down under the weight of their bogus investments, and the financial sector failed. People looked to the government to make it all better. They couldn't. Hyperinflation, mass unemployment, and infrastructure started to breakdown. The food trucks didn't show up at the stores, and the shelves went empty. Things turned ugly fast when there was no power for long parts of the day, then forever. Cops, doctors, and trash collectors just stopped showing up for work when the paychecks were delayed too often or just never came. Things started falling apart quicker after that. Whole regions declared a State of Emergency in an effort to maintain order and civility, but it wasn't always enough. Starvation, looting, and murder became the norm. Then our American civilization collapsed completely. **The Fall of America Book 1: Premonition of Death** is the beginning of a new series about an average man whose life goes downhill fast once society breaks down. Set in the rural south, a scorched earth showdown with some local thugs leaves John and his wife homeless and on the run. He hears rumors of a survivalist group made up of former military personnel, and finding them may be his only hope. Just basic survival becomes vicious resistance at any cost as the devastated country comes under new siege, invading Russian troops. Keywords: upheaval, meltdown, breakdown, Russian invasion, collapse, disorder, dystopian, post-apocalyptic, prepper. **Dr. Judith Orloff's Guide**
