**Geography** Heidi Hayes Jacobs, Brenda Randolph, Michal LeVasseur, 2001      **World Studies Foundations of Geography Student Edition** Jacobs, Prentice-Hall Staff, 2006-08-04      **Indigenous Management Practices in Africa** Uchenna Uzo, Abel Kinoti Meru, 2018-08-10 Africa is fast becoming an investment destination for firms operating outside the continent and effective management is central to the realization of organizational goals This volume evaluates the need for management philosophies and theories that reflect the peculiarities of the African continent      [Resources in Education](#), 1999-10      [Educational Media Resources on Egypt](#) University of Michigan. Audio-Visual Education Center, 1977      **World Studies: Latin America** Heidi Hayes Jacobs, Michal L. LeVasseur, 2005 Latin America physical geography Latin America shaped by its history Cultures of Latin America Mexico and Central America The Caribbean South America Reference section DK atlas Glossary of geographic terms Gazetteer Glossary      **Private Enterprise-Led Economic Development in Sub-Saharan Africa** John Kuada, 2015-10-05 Private Enterprise Led Development in Sub Saharan Africa provides a novel theoretical and conceptual model to guide research into Africa's economic development It endorses the view that private enterprise led growth will help reduce poverty since it strengthens individuals capacity to care for themselves and their families      **The Eastern Bloc and Sub-Saharan Africa** Barbora Buzássyová, 2024-06-03 This book analyses the shifting patterns of Czechoslovak educational aid programmes for sub Saharan African countries within the broader framework of the global debates on the nature of development aid in education discussed on the UNESCO grounds during the three development decades Starting in the early 1960s Czechoslovakia sent abroad hundreds of experts hoping to stimulate the development of local educational and scientific institutions However over the years the development aid to African countries transformed into a special form of foreign trade and distribution of experts turned into a profitable business Yet the

tendencies towards sustainability and higher return on investment in the field of development aid were not limited just to the socialist bloc but emerged globally This book therefore not only revisits the roles of Czechoslovakia and Africa in the Cold War history but also reflects on the function of aid in international politics The Eastern Bloc and Sub Saharan Africa will appeal to students and historians specializing in the global Cold War and particularly those curious about development international organizations economic history and transfers of knowledge in transnational networks

**Black Africa** Robert C. Mitchell, Donald G. Morrison, John N. Paden, 1989-07-17 Black Africa presents political economic and social data for 41 black African nations The first edition was published in 1972 and included only data on 32 countries which was the total number of independent African nations at that time Enlarging on the first edition this second edition covers in detail important aspects of the countries included from demography to political development and social mobilization to a modern comparative analysis of African states Black Africa is a complete and comprehensive handbook The first edition of Black Africa won a Book of the Year Award from the American Library Association

*Fairy Tales with a Black Consciousness* Vivian Yenika-Agbaw, Ruth McKoy Lowery, Laretta Henderson, 2013-07-05 The all new essays in this book discuss black cultural retellings of traditional European fairy tales The representation of black protagonists in such tales helps to shape children s ideas about themselves and the world beyond which can ignite a will to read books representing diverse characters The need for a multicultural text set which includes the multiplicity of cultures within the black diaspora is discussed The tales referenced in the text are rich in perspective they are Aesop s fables Cinderella Rapunzel and Ananse Readers will see that stories from black perspectives adhere to the dictates of traditional literary conventions while still steeped in literary traditions traceable to Africa or the diaspora

**Global Perspectives in the Geography Curriculum** Alex Standish, 2008-10-07 For geographers across the globe this book provides the arguments for a return to the teaching of geography and why they should reject the politicisation of the subject by education policy makers and politicians Standish s careful critique shows the necessity of a depoliticised geography curriculum the irony of which would be that it would ensure that every child could point to Iraq Iran and Afghanistan on a map Prof Dennis Hayes Oxford

Brookes University UK A prescient and critical analysis of the changing face of geography teaching This book deserves to be widely read and debated Alex Standish's book puts current trends in geography teaching in historical and critical context It comprises a forthright and timely defence of geographical education for its own sake Dr Jim Butcher FRSA Department of Sport Science Tourism and Leisure Canterbury Christ Church University Since the early 1990s educational policy makers and some subject leaders have been seeking to fundamentally change the teaching of geography in UK and US schools from a subject which encourages students to explore spatial concepts ideas and skills to a more ethics based subject concerned with the promotion of environmentalism cultural diversity and social justice In this book the new approach is critically examined within a historical and ideological context addressing a number of fundamental questions Should geography be used as a tool for the delivery of citizenship ideals How does this affect the intellectual and moral value of geographical education for young people If the state and teachers are taking more responsibility for the values attitudes and emotional responses of students how will they learn to develop these qualities for themselves If global perspectives shift the focus of education from learning about the outside world to learning about the self what is its vision of social progress and conception of social change This book advocates a return to liberal models of education arguing that the new approach to geography currently being promoted for schools fundamentally undermines the educational value of the subject and the freedom of young people to shape the world in which they live A vital resource for teachers and student teachers alike

Global Perspectives in the Geography Curriculum makes a significant contribution to the growing debate about the future direction of the discipline itself *The Prentice Hall Directory of Online Social Studies Resources* Ronald L. Partin, 1998 Cultural Tourism in Southern Africa Haretsebe Manwa, Naomi Moswete, Jarkko Saarinen, 2016-01-11 This volume provides an accessible overview of cultural tourism in southern Africa It examines the utilisation of culture in southern African tourism and the related impacts possibilities and challenges from deep and wide ranging perspectives The chapters use case studies to showcase some of the cultural tourism which occurs in the region and link to concepts such as authenticity commodification the tourist gaze and Otherness heritage sustainability and sustainable livelihoods The authors scrutinise both positive and negative impacts of cultural tourism throughout the book and explore issues including the definition of community ethical considerations empowerment gender participation and inequality The book will be a useful resource for students and researchers of tourism geography anthropology and cultural studies
