between the religious and the secular between the earthly and the evanescent recorded in exquisite drawings by Botticelli that now enchant audiences worldwide Yet after a lifetime of creating masterpieces including Primavera and The Birth of Venus Botticelli declined into poverty and obscurity His Dante project remained unfinished Then the drawings vanished for over four hundred years The once famous Botticelli himself was forgotten The nineteenth century rediscovery of Botticelli's Dante drawings brought scholars and art lovers to their knees this work embodied everything the Renaissance had come to mean From Botticelli's metaphorical rise from the dead in Victorian England to the emergence of eagle-eyed connoisseurs like Bernard Berenson and Herbert Horne in the early twentieth century and even the rescue of precious art during World War II and the fall of the Berlin Wall in 1989 the posthumous story of Botticelli's Dante drawings is if anything even more dramatic than their creation A combination of artistic detective story and rich intellectual history Botticelli's Secret shows not only how the Renaissance came to life but also how Botticelli's art helped bring it about and most important why we need the Renaissance and all that it stands for today

Joanna, George, and Henry Sue Bradbury, 2012 Biography of three artists closely associated with the Pre-Raphaelites whose letters give a vivid insight into the dramas of their personal life Joanna George and Henry tells the story of the intertwined lives of three young artists in the 1850s When the transcript of the material on which this group portrait is based came to light ten years ago no one could have imagined the drama within They were family letters letters from a young woman to her brother and later to her suitor of interest chiefly because all three were painters and all were active participants in the youthful Pre-Raphaelite revolution that swept England in the 1850s They turned out to be a revelation giving not only a comprehensive picture of what it was like to be an artist in the mid-19th century but containing within them a powerful family drama and a most unusual love story It is a love story moreover told largely from a woman's point of view Joanna Boyce's dedication to her art was absolute she studied in Paris under Thomas Couture and had her first painting exhibited at the Academy when she was only 24 She was headstrong self-critical opinionated and teasing an artist with her pen as well as her brush She died tragically young Between them Joanna her brother George and suitor Henry Wells knew all the artistic luminaries of the day among them Ruskin Millais and Rossetti with whom George shared a great deal including mistresses They wrote to each other not just about art but about their friends their favourite books their travels their illnesses their passions and their quarrels In this book they tell their story in their own vivid words a story which portrays the age in which they lived and the powerful drama of their emotional and professional lives Sue Bradbury taught in Spain for three years before joining The Folio Society in 1973 She became Editorial Director in 1984 a post she held for twenty-five years Her own publications include translations of Three Tragedies by Federico Garcia Lorca a novel Midnight Madonna set in the Spanish Civil War and a four-volume history of the world in contemporary accounts Eyewitness to History with Robert Fox She was awarded the OBE in 2010
