Nabeel Redwood has experienced this himself. Stuck fast in the pursuit of success as an artist, he found himself caught in a tangle of alienation and depression. What he found next, however, changed his life and set him firmly on a new path, one of meaning and joy. He found shamanism. Now, after serving thousands of clients as a shamanic healer and teacher, Redwood reveals the keys to uncovering this affirming and powerful way of being for yourself. Offering an array of exercises and practices, *Inner Peace, Outer Power* will help you unlock the secrets to living the life of a happy warrior, able to meet life's ups and downs with equanimity and pursue your goals and dreams with focus and zeal. A path with heart is possible for everyone. Let this book be your first step towards a life of personal power and authentic joy. *Pope Paul VI and his Quest for Peace: 1963-1978* Rev. John F. Tuohey PhD., 2024-12-10. Pope Paul VI (1963-1978) ranks among the most influential, even if less recognized, figures in the history of the twentieth and twenty-first century Roman Catholic Church. He inherited and embraced what he had first described as the hornet's nest of Vatican Council II, created by his friend and predecessor John XXIII. In fulfilling the mandate of aggiornamento, renewing and updating the Church, Paul VI took particular interest in the Church's engagement in the modern world as an instrument of peace. It was to the pursuit of peace that he dedicated his papacy, setting aside the traditional role of a pope as a neutral party and possible mediator, and embracing the role of humanity's moral conscience, speaking out in ways that suggested he was choosing sides. The US State Department suggested his vision of neutrality was unbalanced because of his persistent condemnation of the US bombing strategy in Vietnam. A singular moment in his quest for world peace was his unprecedented address to the United Nations General Assembly sixty years ago on October 4, 1965. There, he boldly challenged the 116 represented nations to move forward to a world where there was never again one against the other. Never again war. It is to mark this 60th anniversary that the two volumes of *Pope Paul VI and His Quest for World Peace* are written. Volume 1, *Never again war*, examines his historic 1965 visit to New York and his guiding through Vatican Council II changes in Church teaching in finding a new attitude towards war and peace. Volume 1 also explores in detail his unusual relationship with President Johnson and the role he played in the initiation of the Paris Peace Talks that would eventually end US military engagement in Southeast Asia. Volume 2, *If you want peace*, provides a commentary on the annual New Year's Peace Messages he first gave in 1968 and continued throughout the remainder of his papacy. In these, he offers an

exact idea of peace seeking to move humanity away from the both ancient and contemporary adage If you want peace prepare for war towards a more positive If you want peace promote human rights 1969 and work for justice 1972 In these two volumes Tuohey gives a coherent and compelling narrative of key historical moments and theological insight into this sometimes described as forgotten pope bringing the pope and his message back to mind for the benefit of humanity
