Levy, 2016-10-20 *Detaining Time* is the first book to investigate the representation of time in literature in terms of the project to reconceptualize time so that its movement no longer threatens security Focusing on the nature consequences and resolution of resistance to temporal passage Eric P Levy offers detailed and probing close readings enriched by thorough yet engaging explication and application of prominent philosophical theories of time Philosophy is here employed not as a rigid model to which literature is forced to conform but instead as a lens through which elements crucial to the literary texts can be isolated and clarified even as they concern ideas different from those expounded in philosophy The literary texts treated include *Hamlet* *Hard Times* *Ulysses* *Mrs Dalloway* *To the Lighthouse* a wide range of Beckettian works and *Enduring Love* texts distinguished by their challenging relentless original and dramatic depiction of the struggle with temporality The philosophies of time covered include those of Aristotle Kant Bergson John McTaggart C D Broad Edmund Husserl and Gilles Deleuze

Gadamer and the Social Turn in Epistemology Carolyn Culbertson, 2024-06-01 While some take Gadamer's *Truth and Method* to be a departure from epistemological questions and concerns author Carolyn Culbertson reads Gadamer's work as offering a valuable reflection on the nature of understanding one that is deeply resonant with the recent social turn in epistemology Like social epistemologists Gadamer worries about the epistemic irresponsibility that we encourage when we treat an attitude of objectivity wherein the inquirer lacks any awareness of their social and historical situation as an epistemic ideal Like social epistemologists too Gadamer argues that understanding that one is socially and historically situated does not mean believing that one is fated to simply repeat traditional ideas without critique or modification a concern frequently raised in response to critiques of Enlightenment epistemology By developing such parallels *Gadamer and the Social Turn in Epistemology* offers seasoned readers of Gadamer a new context in which to appreciate his discussion of understanding in *Truth and Method* and readers unfamiliar with Gadamer a productive point of access into his major work

Ralston, 2011-11-01 Confirming his moniker as America s philosopher of democracy John Dewey engaged in a series of public debates over the course of his lifetime vividly demonstrating how his thought translates into action These debates made Dewey a household name and a renowned public intellectual during the early to mid twentieth century a time when the United States fought two World Wars struggled through an economic depression experienced explosive economic growth and spawned a grassroots movement that characterized an entire era Progressivism Unfortunately much recent Dewey scholarship neglects to situate Dewey s ideas in the broader context of his activities and engagements as a public intellectual

This project charts a path through two of Dewey's actual debates with his contemporaries Leon Trotsky and Robert Hutchins to two reconstructed debates with contemporary intellectuals E D Hirsch and Robert Talisse both of whom criticized Dewey's ideas long after the American philosopher's death and finally to two recent debates one on home schooling and the other on U S foreign policy in which Dewey's ideas offer a unique and compelling vision of a way forward

herbicides Weeds becoming resistant against these chemical herbicides is an obvious and global reaction together with undesired environmental consequences this creates increasing pressure to overcome chemical herbicide use Therefore foreseeing weed management demands exploiting and evaluating novel methods to replace them Since each single method will probably be less effective than chemical herbicides systematic integration and upscaling on levels like fields farms cropping systems landscapes and socio economics is required in research Agro ecological management of weeds stands for this ambition **Understanding Behavior in the Context of Time** Alan Strathman,Jeff Joireman,2006-04-21
