History of the Office of the Secretary of Defense Steven L. Rearden, 1984 *History of the Office of the Secretary of Defense*, 1984 **The Test of War** Doris M.. Condit, 1988 Brothers at War: The Unending Conflict in Korea Sheila Miyoshi Jager, 2013-07-01 The most balanced and comprehensive account of the Korean War The Economist Sixty years after North Korean troops crossed the 38th parallel into South Korea the Korean War has not yet ended Sheila Miyoshi Jager presents the first comprehensive history of this misunderstood war one that risks involving the world's superpowers again Her sweeping narrative ranges from the middle of the Second World War when Korean independence was fiercely debated between Roosevelt Stalin and Churchill to the present day as North Korea with China's aid stockpiles nuclear weapons while starving its people At the center of this conflict is an ongoing struggle between North and South Korea for the mantle of Korean legitimacy a brother's war which continues to fuel tensions on the Korean peninsula and the region Drawing from newly available diplomatic archives in China South Korea and the former Soviet Union Jager analyzes top level military strategy She brings to life the bitter struggles of the postwar period and shows how the conflict between the two Koreas has continued to evolve to the present with important and tragic consequences for the region and the world Her portraits of the many fascinating characters that populate this history Truman MacArthur Kim Il Sung Mao Stalin and Park Chung Hee reveal the complexities of the Korean War and the repercussions this conflict has had on lives of many individuals statesmen soldiers and ordinary people including the millions of hungry North Koreans for whom daily existence continues to be a nightmarish struggle The most accessible up to date and balanced account yet written illustrated with dozens of astonishing photographs and maps **Brothers at War** will become the definitive chronicle of the struggle's origins and aftermath and its global impact for years to come **Genesis: A Study of the Beginning** Jeffrey Hamilton, 2009-05-27 Study the first book of the Bible while studying biblical concepts as they are introduced in the text such as Who is God Who is Satan Is Sin Inherited Marriage Faith Trials of Life Prayers and Overcoming Fears The Awesome Power Richard F. Haynes, 1999-03-01 Since World War II the importance of the military command function of the American presidency has increased dramatically U S chief executives have emerged virtually unchecked as wielders of enormous military power **The Awesome Power** the first comprehensive study of Harry S Truman as commander in chief is an important and highly relevant book especially in view of the growing concern over the president's ability to wage war without the consent of either the Congress or the American people A selective chronicle of the events in which Truman's decisions were of historic significance the book analyzes his decision making process in terms of the information available to him the existing pressures and the relationship of his decisions to his own well defined concepts of how a commander in chief should function The author gives a detailed account of the events and circumstances leading up to Truman's most significant decision to use the atomic bomb against Japan He also examines Truman's decisions on postwar civilian control of atomic energy his intervention in Korea his leadership in the

Cold War and his conflict with General Douglas MacArthur whose opposition to the president's limited war policies endangered the very basis of the civil military relationship Based in part on research in classified documents previously untapped by nongovernmental researchers *The Awesome Power* is a thorough treatment of a subject of great contemporary significance with one of the most fascinating characters in American political history as its central figure *Dean Acheson and the Obligations of Power* Michael F. Hopkins, 2017-03-17 Dean Acheson was the most influential American diplomat of the twentieth century He shaped the pivotal shift in American foreign policy from isolation to engagement in global affairs This critical re evaluation of Acheson's public career analyzes his advocacy of intervention against Germany and Japan in 1939 1941 work on sanctions against Japan in 1941 contribution to the creation of new international institutions and campaigns to secure the support of Congress and the American public It scrutinizes his crucial role in the Truman Doctrine the Marshall Plan NATO the formation of democratic governments in Germany and Japan and involvement in the Korean War It examines his advice on Europe and Vietnam to presidents Kennedy Johnson and Nixon Acheson was the architect of the policy of containing the Soviet Union that endured to the end of the Cold War The book argues that Acheson was slower to abandon the prospect of understandings with the Soviets and the communists in China than his memoirs claim his focus on the North Atlantic did not exclude his deep concern for Asian and the policy of containment was part of his wider belief that American power brought the obligation to promote a stable international order **Logikos** Douglas K. Jeffrey, 2019-11-11 When it comes to a Triune God or how Jesus Christ can be 100% human and 100% divine you have probably heard comments such as It can't be explained or Just believe it on faith Personally while admitting that these days anything short of an Instagram release that God is 3 in 1 does require faith I find those explanations are just lazy Christians stop treating logic like it leads to corrupt morals and realize it is your ally a tool to build your faith and strengthen others Non Christians don't stumble into reasoning that logic points to nothing outside of time space and matter There is actual evidence in what and why Christians believe It is the goal of this author to provide sufficient proof for the Christian ministry leader to have an ample apologetic resource for the Christian layperson to have their faith enhanced through spiritual anchors and for the non Christian to understand that Christians do not just believe these doctrines on blind faith but rather due to substantial amounts of sensible logic presented in the Bible itself Put another way Logikos is meant to be the everlasting gobstopper for the mind and soul unleashing either an enduring logic that leads ultimately to spirituality or an unrelenting spirituality that is nourished through reason *Standing Firm in the Faith* James Morrisson, 2004-11 After many years of wandering in a secular humanist wilderness James Morrisson became a Christian at age 66 He quickly developed a deep love for the life giving truth of Scripture *Standing Firm in the Faith* reflects his rich and varied training and experience It has the broad perspective of a student of history the sharp reasoning of a lawyer the practical down to earth examples of a teacher and the passion of a classical musician It also reflects the love of a man who is Dad and Grandpa to many members of his church The

purpose of Standing Firm in the Faith is very practical to let Scripture stir people into action Whether you are a new believer or a seasoned Christian it will give you a solid Scriptural foundation for being an overcomer so that you can stand your ground in these challenging times This is more than a discussion of important Scriptural principles It is also a personal testimony of how the life giving mind transforming power of Scripture can change our lives Thank you so much for the labor of love you have given in the clarity and soundness of this high impact book Dr Joseph Umidi Professor of Ministry Regent University
