## **Present Christ:**

Grace and Gratitude Roger Haight, Alfred Pach, Amanda Avila Kaminski, 2022-06-07 Martin Luther 1483 1546 is a classic Christian author who spearheaded the Reformation and whose witness has relevance for life in the present day world Grace and Gratitude presents two texts that represent his spirituality Because Luther wrote so much in so many different genres the choice of only two texts provides a limited taste of his spirituality But they open up a specific central and distinctive mark of his conception of the structure of Christian life The name of the theme justification by grace through faith often spontaneously correlates with Luther s name and his theology The phrase points to a key theological doctrine that centered his thinking it lay so deeply ingrained in his outlook that it sometimes explicitly but always tacitly shaped all his early theological views and bestowed a distinctive character to his ethics and spirituality The two texts are chosen to illustrate how the conviction represented by the phrase draws its authority from scripture especially Paul and was discursively analyzed in an early foundational work on Christian life The Freedom of a Christian These texts do not represent all there is to say about spirituality in Luther s thought by any means and this part should not be taken for the whole But the coupling of these texts penetrates deeply into what may be called Luther s Christian spirituality of gratitude **The Demand for Christ** bp. James Whitford Bashford, 1920 *Evangelism and the Sovereignty of God* J. I. Packer, 2008-12-02 In this classic book John Stott shows that Christian mission must encompass both evangelism and social action He offers careful definitions of five key terms mission evangelism dialogue salvation and conversion Through a thorough biblical exploration of these concepts Stott provides a model for ministry to people s spiritual and physical needs alike Ultimately Stott points to the example of Jesus who modeled both the Great Commission of proclamation and the Great Commandment of love and service This balanced holistic approach to mission points the way forward for the work of the church in the world Market Audience Church Leaders Pastors Students Those interested in Evangelism Endorsements A short but exceedingly powerful book Packer shows that rather than precluding evangelism God s sovereignty provides the most powerful incentive and support for it Contains impressive depth and contains a thorough and satisfying treatment of the subject DiscerningReader.com I ve often recommended this book to faithful Christians who are confused about how they are to think about prayer missions giving any area in which our efforts could be wrongly pitted against God s own necessary action Packer introduces us to clear truths handles Scripture with exemplary care and supplies us with just the right amount of illustrations and application From the foreword by Mark Dever senior pastor Capitol Hill Baptist Church Washington D C Features and Benefits New mass market edition of a classic InterVarsity Press work on divine sovereignty and human responsibility Challenges extreme views on both sides of the issue Outlines a proper incentive and support for evangelism Over 100 000 copies in print Spiritus Creator Regin Prenter, 2001-03-27 As the first comprehensive study in the twentieth century of Luther s concept of the Holy Spirit this book should be welcomed by every serious student of Luther s theology for although Luther s view of the Holy Spirit

dominates every aspect of his vast theological output it is not always easy to discover what he really thought Historians and theologians have at different times come to varying conclusions based on the same fundamental writings of Luther Enthusiastic followers of the Reformer in their efforts to convince others have from time to time fallen into the temptation to oversimplify his teachings Spiritus Creator is the answer to this confusion Laying aside the numerous interpretations of others Regin Prenter a noted Danish Theologian and scholar presents Luther's thought itself In this study he does not ask where Luther's thoughts came from or how they developed he asks only what Luther thought Questioning for example whether Luther's view of the Holy Spirit was really so traditional so much colored by medieval thought patterns as has been widely assumed Dr Prenter shows how Luther used Augustinian terms the vocabulary of his age yet gave them new content even new definitions He demonstrates how Luther's concept of the Holy Spirit did indeed take shape in a traditional form but that it then grew into what is for all Protestants a crucial evangelical insight Spiritus Creator is divided into two parts the concept of the Holy Spirit before Luther had to defend his teachings from the distortions of enthusiasts and this same concept during his struggle with the enthusiasts This pattern gives the author opportunity to present the basic statements of the early period without reference to the polemical situation of Luther's later life It also demonstrates the essential continuity that gives Luther's concept of the Holy Spirit importance for the thinking of all ages our own not excluded Green Heart of the Snowdrop Kate McIlhagga, 2004-06-01 The best of Kate McIlhagga's work in one collection Includes poems and prayers of gathering and beginning creation and self Advent and Epiphany Lent and mothering Easter and Pentecost pilgrimage and endings and blessings *A.W. Pink's Studies In The Scriptures - 1922-23, Volume 1 of 17* Arthur W Pink, 2001-09 **God Has No Favourites** Basil Scott, 2017-10-01 The New Testament does not conform neatly to any modern attempts to define the Christian approach to other religions argues Basil Scott He confronts the questions What does the New Testament tell us about religions And what is its approach to those who were Gentiles and to their beliefs and practices He focuses his attention on the evidence presented by the New Testament itself and especially on the attitude of its writers to the religions of their times Written by a scholar with over twenty years experience in the South Asian context this title makes a fine addition to the conversation and to the new Fortress Press efforts to bring South Asian scholarship to a wider readership

Vanhoozer, 2014-01-01 In this volume highly esteemed scholar Kevin Vanhoozer introduces readers to a way of thinking about Christian theology that takes the work he began in the groundbreaking 2005 book *The Drama of Doctrine* to its next level Vanhoozer argues that theology is not merely a set of cognitive beliefs but is also something we do that involves speech and action alike He uses a theatrical model to explain the ways in which doctrine shapes Christian understanding and forms disciples The church Vanhoozer posits is the preeminent theater where the gospel is performed with doctrine directing this performance Doctrines are not simply truths to be stored shelved and stacked but indications and directions to be followed practiced and enacted In performing doctrine Christians are shaped into active disciples of Jesus Christ He goes on to examine the state of the church in today's world and explores how disciples can do or perform doctrine Written in an accessible and engaging style *Faith Speaking Understanding* sets forth a compelling vision of what the church is and what it should be doing and demonstrates the importance of Christian doctrine for this mission Disciples who want to follow Christ in all situations need doctrinal direction as they walk onto the social stage in the great theater of the world The Christian faith is about acknowledging and participating in the great thing

Davis, 2008-08-01 There are many general surveys of the Reformation available and they all typically devote some space to how theologians such as Martin Luther and John Calvin understood the Lord s Supper and Christ s presence in the bread and wine However they usually do not provide a great deal of detail about the development of the Reformers thoughts or the finer elements of their respective opinions This volume by Thomas Davis fills these gaps with a more narrowly focused study He devotes several chapters to Luther and to Calvin examining their use of language and their understanding of the presence of Christ both in the Lord s Supper and in the broader sense of his presence in the church
