William D. Romanowski

Preserving Grace Protestants Catholics And Natural Law:

A Preserving Grace Michael Cromartie, 1997 The result of the Ethics and Public Policy Center's Evangelical Studies Project which brought together a diverse group of Catholics and Protestants to discuss the role of Natural Law in public policy decision making and Christian ethics Edited by Michael Cromartie Modern Catholic Social Teaching Kenneth R. Himes, 2018-01-02 Including contributions from twenty two leading moral theologians this volume is the most thorough assessment of modern Roman Catholic social teaching available In addition to interrogations of the major documents it provides insight into the biblical and philosophical foundations of Catholic social teaching addresses the doctrinal issues that arise in such a context and explores the social thought leading up to the modern era which is generally accepted as beginning in 1891 with the publication of Pope Leo XIII's Rerum Novarum The book also includes a review of how Catholic social teaching has been received in the United States and offers an informed look at the shortcomings and guestions that future generations must address This second edition includes revised and updated essays as well as two new commentaries one on Pope Benedict XVI s encyclical Caritas in Veritate and one on Pope Francis s encyclical Laudato Si An outstanding reference work for anyone interested in studying and understanding the key documents that make up the central corpus of modern Catholic social teaching The Problem of Natural Law Douglas Kries, 2008-01-01 The Problem of Natural Law examines the understanding of conscience offered by Thomas Aquinas who provided the classic statement of natural law The book suggests that natural law theory could be improved by bracketing Thomistic conscience and then shows how a natural law position thus revised would be able to answer the most important critics of natural law in contemporary times

Biblical Natural Law Matthew Levering, 2008-03-21 Natural law theory is controversial today because it presumes that there is a stable human nature that is subject to a law How do we know that human nature is stable and not ever evolving How can we expect law not to constrict human freedom and potential Furthermore if there is a law there must be a lawgiver Matthew Levering argues that natural law theory makes sense only within a broader worldview and that the Bible sketches both such a persuasive worldview and an account of natural law that offers an exciting portrait of the moral life To establish the relevance of biblical readings to the wider philosophical debate on natural law this study offers an overview of modern natural law theories from Cicero to Nietzsche which reverse the biblical portrait by placing human beings at the center of the moral universe Whereas the biblical portrait of natural law is other directed ordered to self giving love the modern accounts turn inward upon the self Drawing on the thought of St Thomas Aquinas Levering employs theological and philosophical investigation to achieve a contemporary doctrine of natural law that accords with the biblical witness to a loving Creator who draws human beings to share in the divine life This book provides both an introduction to natural law theory and a compelling challenge to re think current biblical scholarship on the topic Natural Law and Religious Freedom J. Daryl Charles, 2017-07-20 Every successive generation finds fresh reasons for the study of natural law Current interest in the

natural law may well be due to a pervasive moral pessimism in the Western cultural context and wider contemporary geopolitical challenges Those geopolitical challenges result from two significant and worrisome global developments unprecedented violent persecution of religious minorities on several continents and a growing climate of secular hostility toward religious faith in Western societies Natural Law and Religious Freedom aims to address what is relatively absent from the literature by demonstrating the importance of natural law ethics in both establishing and preserving basic human rights of which religious freedom has pride of place Probing contemporary challenges to natural law thinking that are both internal and external to religious faith and examining the character and constitution of natural law ethics Natural Law and Religious Freedom will be of interest to theologians ethicists and philosophers as well as policy analysts politicians and activists who are concerned to anchor religious freedom and human rights policy considerations in an enduring way **Ethics** Hans Schaeffer, 2012-02-13 This book contains a systematic description of the theologies of Colin E Gunton 1941 2003 and Oswald Bayer b 1939 Their use of the doctrine of creation in systematic theology has remarkable consequences for late modern theological ethics This book explores those consequences from the example of the theological doctrine of marriage The author also contributes to the ecumenical debate by building on the Neo Calvinist theological heritage and Evangelical Political Thought Jesse Covington, Bryan T. McGraw, Micah Watson, 2012-11-16 Natural law has long been a cornerstone of Christian political thought providing moral norms that ground law in a shareable account of human goods and obligations Despite this history twentieth and twenty first century evangelicals have proved quite reticent to embrace natural law casting it as a relic of scholastic Roman Catholicism that underestimates the import of scripture and the division between Christians and non Christians As recent critics have noted this reluctance has posed significant problems for the coherence and completeness of evangelical political reflections Responding to evangelically minded thinkers increasing calls for a re engagement with natural law this volume explores the problems and prospects attending evangelical rapprochement with natural law Many of the chapters are optimistic about an evangelical re appropriation of natural law but note ways in which evangelical commitments might lend distinctive shape to this engagement The Cambridge Companion to Christian Ethics Robin Gill, 2011-11-24 In this second edition of the best selling Cambridge Companion to Christian Ethics Robin Gill brings together twenty essays by leading experts to provide a comprehensive introduction to Christian ethics which is both authoritative and up to date This volume boasts four entirely new chapters while previous chapters and all bibliographies have been updated to reflect significant developments in the field over the last decade Gill offers a superb overview of the subject examining the scriptural bases of ethics as well as discussing Christian ethics in the context of contemporary issues including war and the arms trade social justice ecology economics medicine and genetics All of the contributors have a proven track record of balanced comprehensive and comprehensible writing making this book an accessible and invaluable source not only for students in upper level undergraduate courses graduate students and teachers but anyone interested in

Christian ethics today Thomas Aguinas on Moral Wrongdoing Colleen McCluskey, 2017 A comprehensive examination of the moral psychology of wrongdoing from a major historical figure Thomas Aguinas **Natural Law and the Two** Kingdoms David VanDrunen, 2010 Conventional scholarship holds that the theology and social ethics of the Reformed tradition stand at odds with concepts of natural law and the two kingdoms But David VanDrunen here challenges that status quo through his careful thoroughgoing exploration of the development of Reformed social thought from the Reformation to **Reforming Hollywood** William D. Romanowski, 2012-06-14 Religious the present from publisher description Communication Association's Book of the Year Hollywood and Christianity often seem to be at war Indeed there is a long list of movies that have attracted religious condemnation from Gone with the Wind with its notorious damn to The Life of Brian and The Last Temptation of Christ But the reality writes William Romanowski has been far more complicated and remarkable In Reforming Hollywood Romanowski a leading historian of popular culture explores the long and varied efforts of Protestants to influence the film industry He shows how a broad spectrum of religious forces have played a role in Hollywood from Presbyterians and Episcopalians to fundamentalists and evangelicals Drawing on personal interviews and previously untouched sources he describes how mainline church leaders lobbied filmmakers to promote the nation s moral health and perhaps surprisingly how they have by and large opposed government censorship preferring instead self regulation by both the industry and individual conscience It is this human choice noted one Protestant leader that is the basis of our religion Tensions with Catholics too have loomed large many Protestant clergy feared the influence of the Legion of Decency more than Hollywood's corrupting power Romanowski shows that the rise of the evangelical movement in the 1970s radically altered the picture in contradictory ways Even as born again clergy denounced Hollywood elites major studios noted the emergence of a lucrative evangelical market 20th Century Fox formed FoxFaith to go after the Passion dollar and Disney took on evangelical Philip Anschutz as a partner to bring The Chronicles of Narnia to the big screen William Romanowski is an award winning commentator on the intersection of religion and popular culture Reforming Hollywood is his most revealing provocative and groundbreaking work on this vital area of American society *Teaching the Tradition* John J. Piderit, Melanie M. Morey, 2012-02-14 From the origin of universities through their first six hundred years of existence philosophy and theology were the central disciplines That changed dramatically in the nineteenth century As German universities started to establish chairs in mathematics chemistry and philology new academic departments became more distinct and religious issues formerly addressed gradually receded into the background This book focuses on religious issues relating to current academic disciplines Contributors draw upon insights from two theological essays to address religious themes especially Catholic ones pertinent to their discipline as it is taught on the undergraduate level In addition to Catholic anthropology and theology the chapters address Catholic issues in English literature philosophy political theory history mathematics biology physics and astronomy psychology environmental studies art music business and economics education

medicine and law Moral Theory and Climate Change Dale E. Miller, Ben Eggleston, 2020-04-02 Climate change has become the most pressing moral and political problem of our time Ethical theories help us think clearly and more fully about important moral and political issues And yet to date there have been no books that have brought together a broad range of ethical theories to apply them systematically to the problems of climate change This volume fills that deep need Two preliminary chapters an up to date synopsis of climate science and an overview of the ethical issues raised by climate change set the stage After this ten leading ethicists in ten separate chapters each present a major ethical theory or more broadly perspective and discuss the implications of that view for how we decide to respond to a rapidly warming planet Each chapter first provides a brief exposition of the view before working out what that theory has to say about climate change and our response to the problems it poses Key features Up to date synopsis of climate science Clear overviews of a wide range of ethical theories and perspectives by leading experts Insightful discussions of the implications of these theories and perspectives for our response to climate change A unique opportunity to assess the relative strengths and weaknesses of various ethical viewpoints A Trinitarian Theology of Law David H. McIlroy, 2009-07-01 This book explores the neglected significance of the doctrine of the Trinity for the understanding of human law Through interaction with the thought of J rgen Moltmann Oliver O Donovan and Thomas Aguinas it argues that human law is called to play a positive but limited role in maintaining shallow justice and relative peace Human law is overshadowed by the work of the Son included in the purposes of the Father and used as an instrument by the Holy Spirit However the Spirit works in those who are in Christ to effect deep justice a work of sanctification which culminates in glorification the experience of perfect free willing obedience in heaven Thinking about law in the light of the Trinity enables us to understand its role its purposes and its limits Christianity and Global Law Rafael Domingo, John Witte, Jr., 2020-03-31 This book explores both historical and contemporary Christian sources and dimensions of global law and includes critical perspectives from various religious and philosophical traditions Two dozen leading scholars discuss the constituent principles of this new global legal order historically comparatively and currently The first part uses a historical biographical approach to study a few of the major Christian architects of global law and transnational legal theory from St Paul to Jacques Maritain The second part distills the deep Christian sources and dimensions of the main principles of global law historically and today separating out the distinct Catholic Protestant and Orthodox Christian contributions as appropriate Finally the authors address a number of pressing global issues and challenges where a Christian informed legal perspective can and should have deep purchase and influence The work makes no claim that Christianity is the only historical shaper of global law nor that it should monopolize the theory and practice of global law today But the book does insist that Christianity as one of the world's great religions has deep norms and practices ideas and institutions prophets and procedures that can be of benefit as the world struggles to find global legal resources to confront humanity s greatest challenges The volume will be an essential resource for academics and researchers working in

the areas of law and religion transnational law legal philosophy and legal history Catholic Sexual Theology and Adolescent Girls Doris M. Kieser, 2015-06-08 This book explores the intersection in contemporary Western culture of Catholic sexual theology and adolescent female developmental and sexual experiences. The voices of adolescent females so long silent in sexual theologies are given privilege here in the articulation of a normative theology Applying a feminist natural law framework the book engages both theoretical scholarship and practical evidence from psychological and other social sciences to inform sexual theology in the Catholic tradition Attending to gendered developmental and social contexts Doris Kieser explores adolescent females experiences of puberty menarche various sexual activities communities of support sexual desire and the pleasure and danger these realities reap She critically explores historical and traditional sexual theologies and prevailing social patriarchal and androcentric sexual attitudes through a feminist lens The author's attention to the voices of girls and women and her aim to see their sexual flourishing in particular and diverse social contexts yields a theology mindful of the rich complexities of female sexual desire pleasure and well being The result is an integrated sexual theology that grapples with the Catholic theological tradition feminist theory and theology and the embodied experiences of females For anyone who is invested in the lives and well being of adolescent females this work uncovers both barriers and boons to their sexual flourishing Emil Brunner Alister E. McGrath, 2013-11-12 In Emil Brunner A Reappraisal renowned theologian Alister E McGrath presents a comprehensive intellectual history of Emil Brunner the highly influential Swiss theologian who was instrumental in shaping modern Protestant theology Explores Brunner's theological development and offers a critical engagement of his theology Examines the role that Brunner played in shaping the characteristics of dialectical theology Reveals the complex and shifting personal and professional relationship between Brunner and Barth Delves into the reasons for Brunner's contemporary neglect in theological scholarship Represents the only book length study of Brunner's works and Aguinas as Authority Harm J. M. J. Goris, 2002 There is no doubt that Thomas significance in the English language Aguinas together with Augustine is among the most influential authorities in the history of Western Christian theology Through the centuries theologians and philosophers have interpreted Aguinas and re constructed his thought in various ways As a result of this a very rich variety of theological and philosophical positions have appeared that claim to be inspired by the thought of Thomas Aquinas Positions like these are often labelled as a form of Thomism Although this can be helpful in bringing some order into the history of thought there is also a deceptive side to it Any classification runs the risk of obscuring the multiplicity of interests that have inspired the use of Aquinas as authority On closer investigation many questions arise What aims did Aguinas recipients have in mind and how did an appeal to Aguinas function in their attempts to reach these aims To what extent has their adoption of Aquinas ideas and approaches been successful or unsuccessful in answering new questions and in meeting the problems of their times And finally what can we learn from these divergent forms of Thomism To these questions the Thomas Institute at Utrecht devoted its second conference which was held from Thursday December

14 to Saturday December 16 2000 This book collects a selection of the studies that were presented **Calvin and the Resignification of the World** Michelle Chaplin Sanchez,2019-03-21 Provides the first extended study of Calvin s 1559 Institutio in conversation with critical theorists of religion modernity sovereignty and political theology *Theories of Justice* Stephanie Mar Brettmann,2014-12-02 What is justice How do we know justice How is justice cultivated in society These are the three questions that guide this critical dialogue with two representatives of the Catholic and Protestant traditions Karl Barth and Karol Wojtyla John Paul II Though the two thought leaders are shaped within divergent theological traditions and historical contexts they both appeal to Christian anthropology as a starting point for justice Their explorations into the nature of humanity yield robust new theories of justice that remain relevant for our contemporary era The third interlocutor our female author brings her own voice fully into the dialogue in the third part of the book in order to address the shortcomings in their theories and build upon their insights all the while seeking theories of humanity and social justice that result in justice for all persons

Thank you for downloading **Preserving Grace Protestants Catholics And Natural Law**. Maybe you have knowledge that, people have search numerous times for their favorite novels like this Preserving Grace Protestants Catholics And Natural Law, but end up in infectious downloads.

Rather than enjoying a good book with a cup of coffee in the afternoon, instead they cope with some malicious virus inside their computer.
