Preserving Archives And Manuscripts Archival Fundamentals:

Preserving Archives & Manuscripts Mary Lynn Ritzenthaler, 2010 Rev ed of Preserving archives and manuscripts 1993 Preserving Archives and Manuscripts Mary Lynn Ritzenthaler, Society of American Archivists, 1993 Understanding **Advancing Preservation for Archives and Manuscripts** Elizabeth Archives and Manuscripts James M. O'Toole, 1990 Joffrion, Michele Valerie Cloonan, 2023-03-31 Divided into three parts the book covers preservation frameworks the nuts and bolts of implementing and managing a preservation program and the ethical and moral implications of preservation practices Holding both the history of archival preservation and the current digital preservation landscape in mind Elizabeth Joffrion and Mich le V Cloonan have developed holistic principles and context for archival preservation that incorporate analog and digital approaches They consider how More Product Less Process can inform preservation strategies examine sustainable practices that are sensitive to the impact of human activity on the environment offer effective programmatic approaches to risk management advocate for inclusive and community focused preservation and highlight the similarities and differences in preservation practices among libraries archives and museums Whether you re new to the profession or experienced in preservation management you will find a valuable framework for thinking about how preservation is practiced today and how it may be carried out in the future to steward your collections and serve your communities Readers will also discover that Advancing Preservation for Archives and Manuscripts complements and augments Mary Lynn Ritzenthaler's classic manual Preserving Archives and Manuscripts Preserving Archives Helen Forde, Jonathan Rhys-Lewis, 2013-03-23 A brand new and fully updated edition of this seminal work on archival preservation Access to archival material the documentary heritage of people all over the world that gives them their identity and ensures their rights is dependent on the survival of fragile materials paper parchment photographic materials audiovisual materials and most recently magnetic optical and increasingly digital formats The primary importance of such survival is widely acknowledged but sometimes overlooked in a rush to provide ever better means of access But without the basic material no services can be offered Preservation is at the heart of archival activity Archivists in all types of organizations face questions on how to plan a preservation strategy in less than perfect circumstances or deal with a sudden emergency This book considers the causes of threats to the basic material outlines the preservation options available and offers flexible solutions applicable in a variety of situations It offers a wide range of case studies and examples from international specialists This revised edition includes additional material on digital preservation and green building as well as a new chapter on the management and training of volunteers reflecting a key concern for many archival institutions Key topics are Understanding archival materials and their characteristics Managing digital preservation Archive buildings and their characteristics Safeguarding the building and its contents Managing archival storage Managing risks and avoiding disaster Creating and using surrogates Exhibiting archives Handling the records Managing a pest control programme Training and the use of volunteers Putting preservation into practice Readership

Archivists librarians curators and enthusiasts trained and untrained in museums local studies centres and voluntary societies in need of good clear advice The Writing Program Administrator's Resource Stuart C. Brown, Theresa Jarnagi Enos, 2005-04-11 The role of the writing program administrator is one of diverse activities and challenges and preparation for the position has traditionally come through performing the job itself As a result uninitiated WPAs often find themselves struggling to manage the various requirements and demands of the position and even experienced WPAs often encounter situations on which they need advice The Writing Program Administrator's Resource has been developed to address the needs of all WPAs regardless of background or experience It provides practical applicable tools to effectively address the differing and sometimes competing roles in which WPAs find themselves Readers will find an invaluable collection of articles in this volume addressing fundamental practices and issues encountered by WPAs in their workplace settings and focusing on the hows and whys of writing program administration With formal preparation and training only now beginning to catch up to the very real needs of the WPA this volume offers guidance and support from authoritative and experienced sources educators who have established the definitions and standards of the position who have run into obstacles and surmounted them and who have not just survived but thrived in their roles as WPAs Editors Stuart C Brown and Theresa Enos contribute their own experience and bring together the voices of their colleagues to delineate the intellectual scope and practices of writing program administration as an emerging discipline Established and esteemed leaders in the field offer insights advice and plans of action for the myriad scenarios encountered in the position encouraging WPAs and helping them to realize that they often know more than they think they do This resource is required reading for the new WPA and an essential reference for all who serve in the WPA role As a guidebook for WPAs it is destined to become a fixture on the desk of every educator involved with or interested in administrating writing programs writing centers and writing across the curriculum efforts

Archives 101 Lois Hamill,2021-04-01 Archives 101 is a manual for people who care for historical records photographs and collections and a textbook for those who want to learn Lois Hamill provides practical step by step guidance for managing all facets of archival collections from acquisition arrangement and description to storage and security The book also offers advice on how to integrate description in PastPerfect software with archival finding aids to optimize the strengths of each Archives 101 is written for those who manage cultural collections regardless of their professional education or institution type This comprehensive practical ready reference is authoritative yet accessible to all readers It addresses all phases in the process of managing cultural collections including use by researchers for exhibits work with other specialists such as conservators or appraisers and more The chapter on description incorporates the professional descriptive standard Describing Archives a Content Standard DACS into finding aids Guidance on the management of digitization projects for text documents and photographs includes equipment technical specifications file naming and management workflow delivery methods and copyright with examples and forms The Additional Reading Resources features many new resources that are

reliable and free all URLs have been verified A convenient Glossary examples forms and ready reference appendices round out this handy volume Collections Vol 6 N4 Collections, 2011-08-16 Collections A Journal for Museum and Archives Professionals is a multi disciplinary peer reviewed journal dedicated to the discussion of all aspects of handling preserving researching and organizing collections Curators archivists collections managers preparators registrars educators students and others contribute Archival Basics Charlie Arp, 2019-05-08 Archival Basics for Historic Record Collections is an introduction to the concepts policies infrastructure and tasks needed to collect preserve and make archival collections available to researchers The book is based on content presented in workshops by the Council of State Archivists and presented in an on line course by the American Association of State and Local History since 2003 Arp focuses on the discreet tasks necessary to manage archival collections This is a practical how to book on managing archival collections designed for those who have responsibility for such collections but lack formal archival training The book begins by defining historic records archival collections and the differences between archives libraries and museums while identifying the steps needed to manage archival collections It then looks at collecting archival items including creating a collections policy documenting the acquisition of archival items and the steps needed to bring those items into an archives It discusses arranging preserving and describing archival collections so researchers can find the information they seek Next it goes over what is needed to store protect and make archival collections available to researchers The last chapters contemplates the policies skills and infrastructure needed to successfully manage digital records and looks at creating digital copies of analog records to promote their use The book provides templates questionnaires and examples to enable the reader to create customized archival policies and procedures that accommodate the particular circumstances they find themselves in The book also contains exercises and guizzes designed to reinforce the retention and understanding of critical concepts In addition to examples it has lists of additional resources so those who want more detailed information on particular topics can find it This book is not the only reference book needed by those doing archival work but it should be the first book they need

Landmark Essays on Writing Program Administration Kelly Ritter, MELISSA IANETTA, 2024-11-01 Leading with the provocative observation that writing programs administration lacks an established set of texts that provides a baseline of shared knowledge in which to root our ongoing conversations and with which to welcome newcomers Landmark Essays on Writing Program Administration focuses on WPA identity to propose one such grouping of texts This Landmark volume is the cornerstone resource for new Writing Program Administrators and graduate students seeking an ever important overview of the literature on Writing Program Administration Drawing broadly across scholarship in writing programs and writing centers Ritter and Ianetta work to historicize theorize and problematize the ever shifting answers offered to the question Who or what is a WPA Archives for the Lay Person Lois Hamill, 2013 For volunteers or staff at small organizations collections management can be a daunting task Archives for the Lay Person is a guidebook for people who care for historical

records photographs and collections but do not have the appropriate professional training Lois Hamill provides practical step by step guidance for managing all facets of archival collections from acquisition arrangement and description to storage and security The book also offers advice on how to utilize PastPerfect software for collections database management

Organizing Archival Records David W. Carmicheal, 2012-10-02 Many of our nation's historical records reside in small historical societies libraries cultural organizations houses of worship and museums The hard work of non professional archivists is to thank for preserving much of our documentary heritage Organizing Archival Records equips non professional archivists with the skills to tackle one of the most challenging tasks of archiving arranging and describing archival materials Carmicheal offers step by step guidance to understanding the purpose of organization and the essentials of how to do it He covers the basic terms and theory of organization and how to avoid some common pitfalls Carmichael brings this third edition into the 21st century with extended discussions about computerizing the process making descriptions available on the web and organizing electronic records With real world examples exercises and step by step directions anyone can organize archival materials in a professional manner Organizing Archival Records is an excellent resource for both computerized and Public History Thomas Cauvin, 2016-05-20 Public History A Textbook of Practice manual organization and recordkeeping is a guide to the many challenges historians face while teaching learning and practicing public history Historians can play a dynamic and essential role in contributing to public understanding of the past and those who work in historic preservation in museums and archives in government agencies as consultants as oral historians or who manage crowdsourcing projects need very specific skills This book links theory and practice and provides students and practitioners with the tools to do public history in a wide range of settings The text engages throughout with key issues such as public participation digital tools and media and the internationalization of public history Part One focuses on public history sources and offers an overview of the creation collection management and preservation of public history materials archives material culture oral materials or digital sources Chapters cover sites and institutions such as archival repositories and museums historic buildings and structures and different practices such as collection management preservation archives objects sounds moving images buildings sites and landscape oral history and genealogy Part Two deals with the different ways in which public historians can produce historical narratives through different media including exhibitions film writing and digital tools The last part explores the challenges and ethical issues that public historians will encounter when working with different communities and institutions Either in public history methods courses or as a resource for practicing public historians this book lays the groundwork for making meaningful connections between historical sources and popular audiences Museum Handbook United States. National Park Service, 1984 Issuance of Revised NPS Museum Handbook Part II, Appendix D: Museum Archives and Manuscript Collections, 2008, 2009 Managing Local Government Archives John H. Slate, Kaye Lanning Minchew, 2016-07-08 Here is a comprehensive authoritative introduction to the elements of day to day

operations of local government archives with special emphasis on best practices and practical solutions and strategies for establishing and improving such things as storage environmental control staffing and intellectual control It includes a chapter on general consideration for preservation of electronic archival records Local government records are the records that most directly touch the lives of U S residents deeds and property records marriage licenses school transcripts law suits and more yet these records are often the most neglected records in the country. This guide is designed to appeal both to trained archivists as well as to those without formal training but find they are dealing with the administration of an archives program in a municipality county parish township or borough or a quasi governmental entity such as a water district or a regional transportation authority Managing Local Government Archives describes and prescribes the essential elements and best practices of a local government archives program It is intended to be both a text for classroom instruction and a self help tool for both professional and paraprofessional archivists It is also intended to be helpful to local governments considering the planning and implementation of a formal archives program Coverage encompasses the various domains of archival enterprise as practiced in a local government setting acquisition appraisal arrangement and description preservation access relationship to the records management profession and other topics **Managing Historical Records Programs** Bruce William Dearstyne, 2000 Historical records are a focus and collecting area for many historical societies history museums and other historical agencies Yet many historical records programs face special challenges and needs including inadequate resource levels physical preservation problems and underdeveloped documentation appraisal and collecting policies In Managing Historical Records Programs Bruce Dearstyne's goal is to foster stronger more vibrant historical records programs by introducing the basics of archival work to historical agency personnel He describes strategies approaches principles and best practices of strong programs while providing lots of examples checklists and appendixes that help solve complex problems An important resource for anyone considering starting a historical records program or wishing to strengthen an existing one Book jacket Building a Successful Archival Programme Marisol Ramos, Alma Ortega, 2006-04-30 This valuable resource provides information on best practices and solutions to successfully establish an archival programme it uses a practical approach without the use of technical or theoretical jargon Additionally it serves as a companion text in a theoretical archival course The book provides easy to follow advice on how to assess the information needs of any institution and the greater community for which the archives were created to serve Guidelines for achievable goals are provided for starting an archives programme in an environment where a small budget or even a no budget can threaten the future of the archives First book that attempts to de mystify archives Practical approaches without the use of technical jargon Easy to follow Plans of Action Guide for the Development and Management of Nursing Libraries and <u>Information Resources</u> Dorothy L. Moore,1997 A guide to the process of developing a nursing library from library administration resources and services accreditation budgeting personnel management and public relations to collection

development and evaluation cataloguing special collections and resource centers Annotation copyrighted by Book News Inc Portland OR **Managing Preservation** State Library of Ohio, Ohio Preservation Council, 1995 As recognized, adventure as with ease as experience virtually lesson, amusement, as well as covenant can be gotten by just checking out a books **Preserving Archives And Manuscripts Archival Fundamentals** after that it is not directly done, you could believe even more on the subject of this life, roughly speaking the world.
