Broussard,2014-08-27 Few politicians in recent American history are as well known as Ronald Reagan the 40th U S president An iconic leader Reagan shifted the direction of American politics toward a newly vigorous conservatism Though he began his career as a New Deal liberal by the end of the 1950s Reagan had embraced conservative views His presidency saw the longest peacetime prosperity in American history as well as the fall of the Berlin Wall and the end of the Cold War but also skyrocketing deficits and the Iran Contra scandal In the twenty first century Reagan s legacy is both pervasive and contested with supporters and detractors often divided along partisan lines Yet Reagan s own actions did not always fit into partisan boxes In a clear eyed and insightful narrative James H Broussard cuts through the mythology of both sides to produce a nuanced portrait of Reagan in his historical context Supported by primary sources and a robust companion website this concise biography is an ideal introduction to this fascinating president and the issues that shaped America in the late 20th century Routledge Historical Americans is a series of short vibrant biographies that illuminate the lives of Americans who have had an impact on the world Each book includes a short overview of the person s life and puts that person into historical context through essential

Merry,2012 Merry examines how and why presidents succeed and fail by recounting the judgments of historians and comparing them to how the voters saw things Debating the Reagan Presidency John Ehrman,Michael W. Flamm,2002-09-01 The presidency of Ronald Reagan has become a Rorschach Test for politicians and citizens alike While many conservatives see the Reagan era of the 1980s as the high water mark for their movement and a time of national recovery from the difficulties of the 1970s many liberals maintain that the rosy Reagan legacy is based largely on myth and that in fact his eight years as president caused serious harm to the country John Ehrman and Michael W Flamm give due attention to the lasting controversies surrounding the Reagan record and provide a balanced view of the fortieth president s foreign and domestic policies Students are encouraged to draw their own conclusions by reading key primary documents **President Reagan's Quotations** Clark Cassell,1984 Exit with Honor William E Pemberton,2015-03-04 Few presidents have sparked as much interest in recent years as Ronald Reagan already the subject of a large number of biographies and specialized subjects This biography based on recent research into the Reagan archives and synthesis of the large memoir literature explores the shaping of his values and beliefs during his childhood in the American heartland his leadership of the American conservative movement and his successful political career culminating in the first two term presidency since Dwight Eisenhower Pemberton finds Reagan s personal career and ability to understand and communicate with the American people admirable but finds many of the long term effects of his presidency harmful *Ronald Reagan and His Quest to Abolish Nuclear Weapons* Paul Lettow,2006-02-14 In Ronald Reagan and His Quest to Abolish Nuclear Weapons Paul Lettow explores the depth and sophistication of President Ronald Reagan s commitment to ridding humankind permanently of the threat of nuclear war Lettow s narrative spans the start of Reagan s presidency and the 1986 Reykjav k summit between Reagan and Soviet leader Mikhail Gorbachev during which America s Strategic Defense Initiative SDI was a defining issue Lettow reveals SDI for what it was a full on assault against nuclear weapons waged as much through policy as through ideology While cabinet members and advisers played significant roles in guiding American defense policy it was Reagan himself who presided over every element large and small of this paradigm shift in U S diplomacy Lettow conducted interviews with several former Reagan administration officials and he draws upon the vast body of declassified security documents from the Reagan presidency much of what he quotes from these documents appears publicly here for the first time The result is the first major work to apply such evidence to the study of SDI and superpower diplomacy This is a survey that doesn t merely add nuance to the existing record but revises our very understanding of the Reagan presidency **The Rise and Fall of Modern American Conservatism** David

Farber,2012-08-26 The story of modern conservatism through the lives of six leading figures The Rise and Fall of Modern American Conservatism tells the gripping story of perhaps the most significant political force of our time through the lives and careers of six leading figures at the heart of the movement David Farber traces the history of modern conservatism from its revolt against New Deal liberalism to its breathtaking resurgence under Ronald Reagan to its spectacular defeat with the election of Barack Obama Farber paints vivid portraits of Robert Taft William F Buckley Jr Barry Goldwater Phyllis Schlafly Ronald Reagan and George W Bush He shows how these outspoken charismatic and frequently controversial conservative leaders were united by a shared insistence on the primacy of social order national security and economic liberty Farber demonstrates how they built a versatile movement capable of gaining and holding power from Taft s opposition to the New Deal to Buckley s founding of the National Review as the intellectual standard bearer of modern conservatism from Goldwater s crusade against leftist politics and his failed 1964 bid for the presidency to Schlafly s rejection of feminism in favor of traditional gender roles and family values and from Reagan s city upon a hill to conservatism s downfall with Bush s ambitious presidency The Rise and Fall of Modern American Conservatism provides rare insight into how conservatives captured the American political imagination by claiming moral superiority downplaying economic inequality relishing bellicosity and embracing nationalism This concise and accessible history reveals how these conservative leaders discovered a winning formula that enabled them to forge a powerful and formidable political majority Some images inside the book are unavailable due to digital copyright restrictions

They Never Said It : A Book of Fake Quotes, Misquotes, and Misleading Attributions Paul F. Boller Jr. Emeritus Professor of History Texas Christian University,Oklahoma John George Jr. Professor of Political Science and Sociology Central State University,1989-05-18 Abraham Lincoln never said You cannot fool all the people all the time Thomas Jefferson never said

That government is best which governs least And Horace Greeley never said Go west young man In They Never Said It Paul Boller Jr and John George examine hundreds of misquotations incorrect attributions and blatant fabrications outlining the origins of the quotes and revealing why they should be consigned to the historical trashcan Many of the misquotes are quite harmless Some are inadvertent misquotes that have become popular Shakespeare actually said The best part of valor is discretion others the inventions of reporters embellishing a story Franklin Roosevelt never opened a speech to a DAR group with the salutation My fellow immigrants But some of the quotes such as Charles Darwin s supposed deathbed recantation of evolution are blatantly dishonest and falsify the historical record And others are chillingly vicious filled with virulent racial and religious prejudices that completely distort the views of the person supposedly quoted and spread distrust and hatred among the gullible These include the forged remarks attributed to Benjamin Franklin that Jews should be excluded from America and the fabricated condemnation of Catholics attributed to Lincoln An entertaining and yet thought provoking book They Never Said It sorts out a great deal of history and sets it right going beyond a mere catalog of popular misconceptions to reveal how conservatives and liberals atheists and evangelists all have at times twisted and even invented the words of eminent figures to promote their own ends It is the ultimate debunking reference a perfect complement to handbooks of quotations

Reagan Bob Spitz, 2019-10-01 From New York Times bestselling biographer Bob Spitz a full and rich biography of an epic American life capturing what made Ronald Reagan both so beloved and so transformational More than five years in the making based on hundreds of interviews and access to previously unavailable documents and infused with irresistible storytelling charm Bob Spitz s REAGAN stands fair to be the first truly post partisan biography of our 40th President and thus a balm for our own bitterly divided times It is the quintessential American triumph brought to life with cinematic vividness a young man is born into poverty and raised in a series of flyspeck towns in the Midwest by a pious mother and a reckless alcoholic largely absent father Severely near sighted the boy lives in his own world a world of the popular books of the day and finds his first brush with popularity even fame as a young lifeguard Thanks to his first great love he imagines a way out and makes the extraordinary leap to go to college a modest school by national standards but an audacious presumption in the context of his family s station From there the path is only very dimly lit but it leads him thanks to his great charm and greater luck to a solid career as a radio sportscaster and then astonishingly fatefully to Hollywood And the rest as they say is history Bob Spitz s REAGAN is an absorbing richly detailed even revelatory chronicle of the full arc of Ronald Reagan s epic life giving full weight to the Hollywood years his transition to politics and rocky but ultimately successful run as California governor and ultimately of course his iconic presidency filled with storm and stress but climaxing with his peace talks with the Soviet Union that would serve as his greatest legacy It is filled with fresh assessments and shrewd judgments and doesn t flinch from a full reckoning with the man s strengths and limitations This is no hagiography Reagan was never a brilliant student of anything and his disinterest in hard nosed political scheming while admirable meant

that this side of things was left to the other people in his orbit not least his wife Nancy sometimes this delegation could lead to chaos and worse But what emerges as a powerful signal through all the noise is an honest inherent sweetness a gentleness of nature and willingness to see the good in people and in this country that proved to be a tonic for America in his time and still is in ours It was famously said that FDR had a first rate disposition and a second rate intellect Perhaps it is no accident that only FDR had as high a public approval rating leaving office as Reagan did or that in the years since Reagan has been closing in on FDR on rankings of Presidential greatness Written with love and irony which in a great biography is arguably the same thing Bob Spitz s masterpiece will give no comfort to partisans at either extreme for the rest of us it is cause for celebration Beyond Left & Right David A. Horowitz,1997 Beyond Left and Right is a sweeping overview of political insurgency in the United States from the 1880s to the present It is at once a stunning synthesis drawing on a large number of scholarly works and an ambitious and original piece of research The book ranges over diverse individuals and groups that have attacked the established order from the left and the right from the Populists of the 1890s to Ross Perot and the religious right of our times dealing along the way with non interventionists Klans monetary radicals McCarthyites Birchers and Reaganites among many others
