Finer, 2017-09-04 The role of the military in a society raises a number of issues How much separation should there be between a civil government and its army Should the military be totally subordinate to the polity Or should the armed forces be allowed autonomy in order to provide national security Recently the dangers of military dictatorships as have existed in countries like Panama Chile and Argentina have become evident However developing countries often lack the administrative ability and societal unity to keep the state functioning in an orderly and economically feasible manner without military intervention Societies of course have dealt with the realities of these problems throughout their histories and the action they have taken at any particular point in time has depended on numerous factors In the first world of democratic countries the civil military relationship has been thoroughly integrated and indeed by most modern standards this is seen as essential However several influential Western thinkers have developed theories arguing for the separation of the military from any political or social role Samuel Huntington emphasized that professionalism would presuppose that the military should intervene as little as possible in the political sphere Samuel E. Finer in contrast emphasizes that a government can be efficient enough way to keep the civil military relationship in check ensuring that the need for intervention by the armed forces in society would be minimal At the time of the book's original publication perhaps as a consequence of a post World War II Cold War atmosphere this was by no means a universally accepted position Some considered the military to be a legitimate threat to a free society Today's post Cold War environment is an appropriate time to reconsider Finer's classic argument The Man on Horseback continues to be an important contribution to the study of the military's role in the realm of politics and will be of interest to stu **World Events** ,1952 Machinists' Monthly Journal ,1924
