Presidential Machismo Executive Authority Military Intervention And Foreign Relations

Edward A. Purcell

Presidential Machismo Executive Authority Military Intervention And Foreign Relations:

Presidential Machismo Alexander DeConde, 2000 A look at the expansion of executive authority in America and the influence of scholars journalists and presidents themselves **A Companion to American Foreign Relations** Robert Schulzinger, 2008-04-15 This is an authoritative volume of historiographical essays that survey the state of U S diplomatic history The essays cover the entire range of the history of American foreign relations from the colonial period to the present They discuss the major sources and analyze the most influential books and articles in the field Includes discussions of new methodological approaches in diplomatic history *The Presidency and the Law* David Gray Adler, Michael A. Genovese, 2002 Political scandals have always demonstrated the capacity of our executive officials for self inflicted injuries and the Clinton administration was no exception Unilateral warmaking claims of executive privilege and immunity and last minute pardons all tested the limits of presidential power while the excesses of the Special Prosecutor cast doubts on available remedies For eight years Republicans and Democrats engaged in guerrilla warfare aimed at destroying the careers and lives of their adversaries while tests of presidential power were resolved by the courts resulting in a reshaping of the scope and power of the presidency itself This book examines the many controversial and important battles that led to the shrinking of the presidency under the law during the Clinton administration Located at the intersection of law and politics it helps readers understand the dramatic changes that took place in the relationship of presidential power to the law during the Clinton years and shows how one president's actions and congressional and legal reactions to them have altered presidential prerogatives in ways that his successors cannot ignore *The Presidency and the Law* offers an assessment of changes in constitutional and legal understanding of the American presidency exploring such topics as war power executive privilege pardon power impeachment executive immunity independent counsel and campaign finance In examining these collisions between president and the law its distinguished contributors bring the lessons of Watergate and Iran Contra into the Clinton era and contribute to a Madisonian view that presidents should not operate outside statutory and constitutional constraints While the essays offer several criticisms of that administration's exercise of power and its interpretation of constitutional provisions and law many of the authors have been supportive of Clinton and his policy pursuits and all seek to examine the potential impact of the Clinton administration without being predictive or legalistic They offer instead commentary analysis and criticism that examine the legality and constitutionality of President Clinton's actions within a broader political and historical context The presidency is constitutionally weaker and politically more vulnerable than the office Bill Clinton assumed in 1993 and it remains to be seen what impact these changes will have on the presidency in the 21st century This book points the way to assessing that impact and is essential reading for anyone concerned with the future of our democracy

Explaining the History of American Foreign Relations Michael J. Hogan, Thomas G. Paterson, 2004-01-19 Originally published in 1991 *Explaining the History of American Foreign Relations* has become an indispensable volume not only for

teachers and students in international history and political science but also for general readers seeking an introduction to American diplomatic history This collection of essays highlights a variety of newer innovative and stimulating conceptual approaches and analytical methods used to study the history of American foreign relations including bureaucratic dependency and world systems theories corporatist and national security models psychology culture and ideology Along with substantially revised essays from the first edition this volume presents entirely new material on postcolonial theory borderlands history modernization theory gender race memory cultural transfer and critical theory The book seeks to define the study of American international history stimulate research in fresh directions and encourage cross disciplinary thinking especially between diplomatic history and other fields of American history in an increasingly transnational globalizing world

Originalism, Federalism, and the American Constitutional Enterprise Edward A. Purcell, 2007-12-28 In this lively historical examination of American federalism a leading scholar in the field refutes the widely accepted notion that the founding fathers carefully crafted a constitutional balance of power between the states and the federal government Edward A Purcell Jr bases his argument on close analysis of the Constitution s original structure and the ways that structure both induced and accommodated changes over the centuries There was no clear agreement among the founding fathers regarding the true nature of American federalism Purcell contends nor was there a consensus on correct lines dividing state and national authority Furthermore even had there been some true original understanding the elastic and dynamic nature of the constitutional structure would have made it impossible for subsequent generations to maintain any original or permanent balance The author traces the evolution of federalism through the centuries focusing particularly on shifting interpretations founded on political interests He concludes with insights into current issues of federal power and a discussion of the grounds on which legitimate decisions about federal and state power should rest

The War on Terror" and the Growth of Executive Power?" John E. Owens, Riccardo Pelizzo, 2010-06-21 This book examines whether the strong emphasis now placed on terrorism and the global war on terror in national politics has led to significant accretions of executive power at the expense of the legislature and features case studies on Australia Indonesia Israel Italy Russia and the UK

Manifest Manhood and the Antebellum American Empire Amy S. Greenberg, 2005-06-06 This book documents the potency of Manifest destiny in the antebellum era

George Washington's War Bruce Chadwick, 2005-02 How a young general shaped a nation a fascinating account of George Washington as he faced a war and came out as America s first president The American Revolution was won not on the battlefields but through the mind of George Washington One of America s founding fathers Washington s story is one that influenced how our entire nation was built A compulsively readable narrative and extensive history George Washington s War illuminates how during the war s winter months the young general created a new model of leadership that became the model for the American presidency Through hardships loss and the brutal conditions of war Washington led his men with cunning and grace demonstrating the strong and endearing qualities that led him to become

America's most beloved patriot America's Sociopathic Leadership Jerome G. Manis, 2008-06-05 Webster's Dictionary traces sociopathic usage to 1944 defining it as characterized by asocial or antisocial behavior or a psychopathic nature Sociopathy is used in the Diagnostic and Statistical Manual of Mental Disorders Fourth Edition DSM Especially notable and influential has been Adam Smith His first book was entitled The Theory of Moral Sentiments Its first chapter was on sympathy The first few lines of its first paragraph are quite different from the modern economists image of Adam Smith To Mona Charen Liberals have hurt the poor to be sure But they are also engaged in a long term guerrilla war on America's soul 21st century capitalism differs enormously from its 18th century predecessor ascetic capitalism Abstinence austerity frugality spirituality and virtue play scant part in the higher levels of contemporary successful capitalists Milton Friedman's 1970 article in the New York Times makes clear his view of business The Social Responsibility of Business is to Increase its Profits Throughout the article he made clear that only people can have responsibilities while business can have no other purpose than to increase its profits The 14th amendment enacted for the protection of freed slaves was then used as a precedent for defining a corporation as a natural person Since then the courts have struck down hundreds of laws protecting citizens from corporations Millions of severe illnesses and deaths are the result of deliberate actions by the chief executives of the tobacco industry Are they not sociopathic leaders as well their major stockholders The Iron Triangle Inside the Secret World of the Carlyle Group published in 2003 by Dan Briody demonstrates where military industry and government have finally been unified *Presidents and Terminal Logic Behavior* Genevieve M. Kehoe, 2014-05-06 Presidents of nations with constitutionally imposed term limits are often viewed as growing weaker as they approach the end of their time in office However in this important new study political scientist Genevieve M Kehoe argues that because such chief executives are free from reelection constraint and often still enthusiastic to create a legacy by pursuing bold projects they may accomplish significant initiatives Kehoe has developed a concept for this which she calls Terminal Logic Behavior TLB Presidents and Terminal Logic Behavior Term Limits and Executive Action in the United States Brazil and Argentina provides both case studies and quantitative evidence to show how US presidents of the last three decades have utilized decrees on foreign domestic and environment policy during their final months in office She finds a systematic pattern of decree use consistent with the mark of TLB in a most unexpected place presidents use of national emergency powers In a careful comparative analysis she also finds support for her argument in the Argentinean and Brazilian experience of the same period The Political Consequences of Anti-Americanism Richard Higgott, Ivona Malbasic, 2008-07-31 Anti Americanism as a concept is confused often used in a contradictory fashion and invariably driven by emotion rather than intellect Nevertheless it casts a long policy shadow with adverse consequences both real and potential for actors including those who may not support the concept This book puts anti Americanism into a contemporary context and analyses some of its political consequences The argument of the book is that ideas matter they shape actions and have policy consequences With the case of anti

Americanism even superficial ideas can reflect deep seated emotions that might at first sight appear real These can range from the rhetorical flourish and smart comment occasioned by a presidential gaucherie through to a deep embedded visceral hatred of all things American The contributors to this volume discern the difference between these two ends of the anti American spectrum and assess the varying degree of political consequence Divided into three parts items addressed include Networks culture and foundations consisting of the role of influential foundations and think tanks in combating anti Americanism and the link between the political establishment in Washington D C and the popular culture industry Security and Anti Americanism Regional and country Studies including Canada Australia East Asia Latin America Greece and France The Political Consequences of Anti Americanism will be of interest to students and scholars of politics international relations security studies American politics and American foreign policy **Capitol Idea** Donald E. Abelson,2006-08-14 A Capitol Idea reveals the extent to which think tanks in the United States have become active and vocal participants in the foreign policy making process In this timely exploration Donald Abelson re evaluates the role of these complex organizations and looks at how political influence is achieved on Capitol Hill and in the White House *The War Power* Louis Fisher,2008

Presidential Temples Benjamin Hufbauer,2005 This book explores the visual and material cultures of presidential commemoration memorials and monuments libraries and archives and the problematic ways in which presidents themselves have largely taken over their own commemoration The author sees these various commemorative sites as playing a key role in the construction of our collective political and cultural self images and as another sign of our preoccupation with celebrity culture Ultimately he contends these presidential temples reflect not only our civil religion but also the extraordinary expansion of executive authority and presidential self commemoration since FDR *The Rhetoric of the New Political Documentary* Thomas W Benson,Brian J Snee,2008-05-23 The Rhetoric of the New Political Documentary explores the most visible and volatile element in the 2004 presidential campaign the partisan documentary film This collection of original critical essays by leading scholars and critics including Shawn J and Trevor Parry Giles Jennifer L Borda and Martin J Medhurst analyzes a selection of political documentaries that appeared during the 2004 election season The editors examine the new political documentary with the tools of rhetorical criticism combining close textual analysis with a consideration of the historical context and the production and reception of the films The essays address the distinctive rhetoric of the new political documentary with the films typically having been shot with relatively low budgets in video and using interviews and stock footage rather than observation of uncontrolled behavior The quality was often good enough and interest was sufficiently intense that the films were shown in theaters and on television which provided legitimacy and visibility before they were released soon afterwards on DVD and VHS and marketed on the Internet The volume reviews such films as Michael Moore s Fahrenheit 9 11 two refutations of Moore s film Fahrenhype 9 11 and Celsius 41 11 Unprecedented The 2000 Presidential Election and George W Bush Faith in the White House films that experimented with a variety of angles and

rhetorics from a mix of comic disparagement and earnest confrontation to various emulations of traditional news and documentary voices The Rhetoric of the New Political Documentary represents the continued transformation of American political discourse in a partisan and contentious time and showcases the independent voices and the political power brokers that struggled to find new ways to debate the status quo and employ surrogate independents to create a counterrhetoric

Images, Scandal, and Communication Strategies of the Clinton Presidency Rachel L. Holloway, 2003-04-30 Denton Holloway and their contributors present analyses of communication strategies used in the Clinton administration with a special focus on President Clinton's responses to the Lewinsky scandal and impeachment Chapters explore the Clinton administration's attempts to control his image through rhetorical and media strategies his appeal to women voters the changing image of Hillary Rodham Clinton and Clinton's discourse on race The second half of the book focuses on Clinton's responses to the Lewinsky scandal media coverage and polling during the scandal and Clinton's impact on the symbolic nature of the American presidency This book will be of particular interest to scholars students and other researchers involved with communication political science political sociology political communication and scandal

Sex, Politics, and Putin Valerie Sperling, 2015 Is Vladimir Putin macho or is he a fag Sex Politics and Putin investigates how gender stereotypes and sexualization have been used as tools of political legitimation in contemporary Russia Despite their enmity regime allies and detractors alike have wielded traditional concepts of masculinity femininity and homophobia as a means of symbolic endorsement or disparagement of political leaders and policies By repeatedly using machismo as a means of legitimation Putin's regime unlike that of Gorbachev or Yeltsin opened the door to the concerted use of gendered rhetoric and imagery as a means to challenge regime authority Sex Politics and Putin analyzes the political uses of gender norms and sexualization in Russia through three case studies pro and anti regime groups activism aimed at supporting or undermining the political leaders on their respective sides activism regarding military conscription and patriotism and feminist activism Arguing that gender norms are most easily invoked as tools of authority building when there exists widespread popular acceptance of misogyny and homophobia Sperling also examines the ways in which sexism and homophobia are reflected in Russia's public sphere

Terror, Culture, Politics Daniel J. Sherman, Terry Nardin, 2006 Taking a critical look at the politics of American culture in the wake of the 2001 terrorist attacks contributors offer a multi disciplinary approach in their examination of how our existing cultural patterns have shaped our response to it

Gender, Sexuality, and the Cold War Philip E. Muehlenbeck, 2021-04-30 As Marko Duman i writes in his introduction to Gender Sexuality and the Cold War despite the centrality of gender and sexuality in human relations their scholarly study has played a secondary role in the history of the Cold War It is not an exaggeration to say that few were left unaffected by Cold War gender politics even those who were in charge of producing disseminating and enforcing cultural norms were called on to live by the gender and sexuality models into which they breathed life This underscores the importance of this volume as here scholars tackle issues ranging from

depictions of masculinity during the all consuming space race to the vibrant activism of Indian peasant women during this period to the policing of sexuality inside the militaries of the world Gender Sexuality and the Cold War brings together a diverse group of scholars whose combined research spans fifteen countries across five continents claiming a place as the first volume to examine how issues of gender and sexuality impacted both the domestic and foreign policies of states far beyond the borders of the United States during the tumult of the Cold War Table of Contents Preface Introduction Hidden in Plain Sight The Histories of Gender and Sexuality during the Cold War Marko Duman i Part I Sexuality Faceless and Stateless French Occupation Policy toward Women and Children in Postwar Germany 1945 1949 Katherine Rossy Patriarchy and Segregation Policing Sexuality in US Icelandic Military Relations Valur Ingimundarson Queering Subversives in Cold War Canada Patrizia Gentile Nonreligious Activities Sex Anticommunism and Progressive Christianity in Late Cold War Brazil Benjamin A Cowan Manning the Enemy US Perspectives on International Birthrates during the Cold War Kathleen A Tobin Part II Femininities Indian Peasant Women s Activism in a Hot Cold War Elisabeth Armstrong The Medicalization of Childhood in Mexico during the Early Cold War 1945 1960 Nichole Sanders Africa s Kitchen Debate Ghanaian Domestic Space in the Age of the Cold War Jeffrey S Ahlman Mobilizing Women State Feminisms in Communist Czechoslovakia and Socialist Egypt May Hawas and Philip E Muehlenbeck A Vietnamese Woman Directs the War Story Duc Hoan 1937 2003 Karen Turner Global Feminism and Cold War Paradigms Women s International NGOs and the United Nations 1970 1985 Karen Garner Part III Masculinities Men of the World or Uniformed Boys Hegemonic Masculinity and the British Army in the Era of the Korean War Grace Huxford Yuri Gagarin and Celebrity Masculinity in Soviet Culture Erica L Fraser Truman, Congress, and Korea Larry Blomstedt, 2016-01-08 Three days after North Korean premier Kim Il Sung launched a massive military invasion of South Korea on June 24 1950 President Harry S Truman responded dispatching air and naval support to South Korea Initially Congress cheered his swift action but when China entered the war to aid North Korea the president and many legislators became concerned that the conflict would escalate into another world war and the United States agreed to a truce in 1953 The lack of a decisive victory caused the Korean War to quickly recede from public attention However its impact on subsequent American foreign policy was profound In Truman Congress and Korea The Politics of America s First Undeclared War Larry Blomstedt provides the first in depth domestic political history of the conflict from the initial military mobilization to Congress s failed attempts to broker a cease fire to the political fallout in the 1952 election During the war President Truman faced challenges from both Democratic and Republican legislators whose initial support quickly collapsed into bitter and often public infighting For his part Truman dedicated inadequate attention to relationships on Capitol Hill early in his term and also declined to require a formal declaration of war from Congress advancing the shift toward greater executive power in foreign policy The Korean conflict ended the brief period of bipartisanship in foreign policy that began during World War II It also introduced Americans to the concept of limited war which contrasted sharply with the practice of

requiring unconditional surrenders in previous conflicts Blomstedt s study explores the changes wrought during this critical period and the ways in which the war influenced US international relations and military interventions during the Cold War and beyond

Thank you completely much for downloading **Presidential Machismo Executive Authority Military Intervention And Foreign Relations**.
