of President Edwards in Four Volumes Jonathan Edwards, 1844 *Remarks of the President to a Joint Session of the Congress* Lyndon Baines Johnson, 1965 The Moral Rhetoric of American Presidents Colleen J. Shogan, 2007-09-17

Although sometimes decried by pundits George W Bush's use of moral and religious rhetoric is far from unique in the American presidency Throughout history and across party boundaries presidents have used such appeals with varying degrees of political success The Moral Rhetoric of American Presidents astutely analyzes the president's role as the nation's moral spokesman Armed with quantitative methods from political science and the qualitative case study approach prevalent in rhetorical studies Colleen J Shogan demonstrates that moral and religious rhetoric is not simply a reflection of individual character or an expression of American civil religion but a strategic tool presidents can use to enhance their constitutional authority To determine how the use of moral rhetoric has changed over time Shogan employs content analysis of the inaugural and annual addresses of all the presidents from George Washington through George W Bush This quantitative evidence shows that while presidents of both parties have used moral and religious arguments the frequency has fluctuated considerably and the language has become increasingly detached from relevant policy arguments Shogan explores the political effects of the rhetorical choices presidents make through nine historical cases Presidents Washington Jefferson Madison Buchanan Lincoln Theodore Roosevelt Kennedy Lyndon Johnson and Carter She shows that presidents who adapt their rhetoric to the political conditions at hand enhance their constitutional authority while presidents who ignore political constraints suffer adverse political consequences The case studies allow Shogan to highlight the specific political circumstances that encourage or discourage the use of moral rhetoric Shogan concludes with an analysis of several dilemmas of governance instigated by George W Bush's persistent devotion to moral and religious argumentation Confessions of a Presidential Speechwriter Craig R. Smith, 2014-02-01

An avid high school debater and enthusiastic student body president Craig Smith seemed destined for a life in public service from an early age As a sought after speechwriter Smith had a front row seat at some of the most important events of the twentieth century meeting with Robert Kennedy and Richard Nixon advising Governor Ronald Reagan writing for President Ford serving as a campaign manager for a major U S senator's reelection campaign and writing speeches for a contender for the Republican nomination for president Life in the volatile world of politics wasn't always easy however and as a closeted gay man Smith struggled to reconcile his private and professional lives In this revealing memoir Smith sheds light on what it takes to make it as a speechwriter in a field where the only constant is change While bouncing in and out of the academic world Smith transitions from consultancies with George H W Bush and the Republican caucus of the U S Senate to a position with Chrysler CEO Lee Iacocca When Smith returns to Washington D C as president and founder of the Freedom of Expression Foundation he becomes a leading player on First Amendment issues in the nation's capital Returning at long last to academia Smith finds happiness coming out of the closet and reaping the benefits of a dedicated and highly successful career **A Compilation of the Messages and**
