Presidents Ive Known And Two Near Presidents:

The Presidents vs. the Press Harold Holzer, 2020-08-25 An award winning presidential historian offers an authoritative account of American presidents attacks on our freedom of the press The FAKE NEWS media Donald Trump has tweeted is not my enemy it is the enemy of the American People Has our free press ever faced as great a threat Perhaps not but the tension between presidents and journalists is as old as the republic itself Every president has been convinced of his own honesty and transparency every reporter who has covered the White House beat has believed with equal fervency that his or her journalistic rigor protects the country from danger Our first president George Washington was also the first to grouse about his treatment in the newspapers although he kept his complaints private Subsequent chiefs like John Adams Abraham Lincoln Woodrow Wilson and Barack Obama were not so reticent going so far as to wield executive power to overturn press freedoms and even to prosecute journalists Theodore Roosevelt was the first president to actively manage the stable of reporters who followed him doling out information steering coverage and squashing stories that interfered with his agenda It was a strategy that galvanized TR s public support but the lesson was lost on Woodrow Wilson who never accepted reporters into his inner circle Franklin Roosevelt transformed media relations forever holding more than a thousand presidential press conferences and harnessing the new power of radio at times bypassing the press altogether John F Kennedy excelled on television and charmed reporters to hide his personal life while Richard Nixon was the first to cast the press as a public enemy From the days of newsprint and pamphlets to the rise of Facebook and Twitter each president has harnessed the media whether intentional or not to imprint his own character on the office In this remarkable new history acclaimed scholar Harold Holzer examines the dual rise of the American presidency and the media that shaped it From Washington to Trump he chronicles the disputes and distrust between these core institutions that define the United States of America revealing that the essence of their confrontation is built into the fabric of the nation *The Jazz Age President* Ryan S. Walters, 2022-02-15 Presidents are ranked wrong In *The Jazz Age President* Defending Warren G Harding Ryan Walters mounts a case that Harding deserves to move up and supplies the evidence to make that case strong Amity Shlaes bestselling author of *Coolidge* He s the butt of political jokes frequently subjected to ridicule and almost never absent a Worst Presidents list where he most often ends up at the bottom Historians have labeled him the Worst President Ever Dead Last Unfit and Incompetent to name but a few Many contemporaries were equally cruel H L Mencken called him a nitwit To Alice Roosevelt Longworth he was a slob Such is the current reputation of our 29th President Warren Gamaliel Harding In an interesting survey in 1982 which divided the scholarly respondents into conservative and liberal categories both groups picked Harding as the worst President But historian Ryan Walters shows that Harding a humble man from Marion Ohio has been unfairly remembered He quickly fixed an economy in depression and started the boom of the Roaring Twenties healed a nation in the throes of social disruption and reversed America s interventionist foreign policy **The Mississippi Valley Historical Review** ,1929
