Red Tears Dawit Wolde Giorgis, 1989 War Famine and Revolution in Ethiopia **In This Land of Plenty** Benjamin Talton, 2019-07-26 On August 7 1989 Congressman Mickey Leland departed on a flight from Addis Ababa with his thirteen member delegation of Ethiopian and American relief workers and policy analysts bound for Ethiopia's border with Sudan This was Leland's seventh official humanitarian mission in his nearly decade long drive to transform U S policies toward Africa to conform to his black internationalist vision of global cooperation antiracism and freedom from hunger Leland's flight never arrived at its destination The plane crashed with no survivors When Leland embarked on that delegation he was a forty four year old deeply charismatic fiercely compassionate black radical American He was also an elected Democratic representative of Houston's largely African American and Latino Eighteenth Congressional District Above all he was a self proclaimed citizen of humanity Throughout the 1980s Leland and a small group of former radical activist African American colleagues inside and outside Congress exerted outsized influence to elevate Africa's significance in American foreign affairs and to move the United States from its Cold War orientation toward a foreign policy devoted to humanitarianism antiracism and moral leadership Their internationalism defined a new era of black political engagement with Africa *In This Land of Plenty* presents Leland as the embodiment of larger currents in African American politics at the end of the twentieth century But a sober look at his aspirations shows the successes and shortcomings of domestic radicalism and aspirations of politically neutral humanitarianism during the 1980s and the extent to which the decade was a major turning point in U S relations with the African continent Exploring the links between political activism electoral politics and international affairs Benjamin Talton not only details Leland's political career but also examines African Americans' successes and failures in influencing U S foreign policy toward African and other Global South countries **The Ethiopian Revolution 1974-1987** Andargachew Tiruneh, 1993-04-08 This book is a comprehensive account of the Ethiopian revolution dealing with the entire span of the revolutionary government's life Particular emphasis is placed on effectively isolating and articulating the causes and outcomes of the revolution The author traces the revolution's roots in the weaknesses of the autocratic regime of Haile Selassie examines the formative years of the revolution in the mid seventies when the ideology of scientific socialism was espoused by the ruling military council and finally charts the consolidation of Mengistu Haile Miriam's power from 1977 to the adoption of a new constitution in 1987 In examining these events Dr Tiruneh makes extensive use of primary sources written in the national official language He was also the first Ethiopian nation to write a book on this subject This book is thus a unique account of a fascinating period capturing the mood of the revolution as never before yet firmly grounded in scholarship *Problems of Communism*, 1990 **The Human Cost of African Migrations**, Droughts Donald A. Historical Dictionary of Eritrea Dan Connell, 2019-07-15 In 1991 Eritrea won a 30 year war for independence from Ethiopia and in 1993 it was recognized as Africa's newest nation after more than a century of conquest and occupation by a succession of external powers that included the Ottomans Egypt Italy Great Britain and Ethiopia Each had left its mark while fostering a deep distrust of outsiders and a fierce commitment to Eritrea's separate political identity Eritrea and Ethiopia slipped into a chronic state of no peace no war that kept the entire Horn of Africa off balance for nearly two decades the standoff ended in 2018 when a newly installed Ethiopian prime minister reached out to Eritrea and set in motion a rapid fire series of talks among the states of the African Horn that broke down long standing barriers and raised hopes for a new era of regional peace and cooperation This third edition of Historical Dictionary of Eritrea contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 600 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Eritrea

Insurgent Fragmentation in the Horn of Africa Michael Woldemariam, 2018-02-15 When insurgent organizations factionalize and fragment it can profoundly shape a civil war its intensity outcome and duration In this extended treatment of this complex and important phenomenon Michael Woldemariam examines why rebel organizations fragment through a unique historical analysis of the Horn of Africa's civil wars Central to his view is that rebel factionalism is conditioned by battlefield developments While fragmentation is caused
