a whole **Body Dialectics in the Age of Goethe** Marianne Henn, Holger Pausch, 2003 In opposition to an essentialist conceptualization the social construct of the human body in literature can be analyzed and described by means of effective methodologies that are based on Discourse Theory Theory of Cultural Transmission and Ecology System Theory and Media Theory In this perspective the body is perceived as a complex arrangement of substantiation substitution and omission depending on demands expectations and prohibitions of the dominant discourse network The term Body Dialectics stands for the attempt to decipher and for a moment freeze the web of such discursive arrangements that constitute the fictitious notion of the body in the framework of a specific historic environment here in the Age of Goethe **Fractured Biographies** Ian Wallace, 2003 A physical chemist Fritz Haber a photographer Josef Breitenbach a cabaret artist Georg Kreisler two writers Otto Alscher and Albin Stuebs a pioneering scholar in Irish German studies John Hennig and a Celtic philologist Julius Pokorny are the focus of this volume What they have in common is a biography fractured by the Nazis rise to power in 1933 Six were forced into exile the life of the seventh the Romanian German writer Otto Alscher shows that even the biography of a Nazi sympathiser could be dislocated by the years of dictatorship As the previously unpublished letters which are reproduced here show Fritz Haber a Nobel prize winner spent his last lonely months seeking a dignified way to leave the country to which he had once felt the deepest attachment Although a prominent member of Germany's academic elite Julius Pokorny had to retire because of his Jewish ancestry in December 1935 and yet was allowed to continue publishing on ethnic themes until his exile in 1943 Albin Stuebs was forced to seek refuge in Prague and later England when his left wing political convictions made him a certain target for the Nazis Because of his marriage into a liberal Jewish family John Hennig had to renounce all hope of an academic career in Nazi Germany and after his exile to Ireland struggled in straitened circumstances to support his family while at the same time developing into an unusually prolific scholar Proof that exile may stimulate creative energy is provided by Josef Breitenbach whose remarkable biography appears to show that loss and uprootedness may release otherwise undeveloped creative potential Similarly the flight of Georg Kreisler from Vienna in 1938 was the start of a remarkable voyage of discovery which saw him grow into a major if consistently undervalued figure in the world of post war German cabaret **Transgressive Transcripts** Bennett Yu-Hsiang Fu, 2012 Transgressive Transcripts examines the construction of women's subjectivity and the textual production of Canadian female voices orchestrated in history culture ethnicity and sexuality The book stressing the dissemination and re inscription of femaleness and femininity in Chinese Canadian history employs critical models that defy the sexual textual imaginary of the Canadian literary scene Four fields of study are conjoined feminist theories of the body gender and sexuality studies women's writing and Asian North American studies Analysing four writers SKY Lee Larissa Lai Lydia Kwa and Evelyn Lau the book anchors its thematic and theoretical concern with female sexuality in the context of Chinese Canadian writing Feminist narratives and gender politics in contemporary Asian North American literature are highlighted via the trope of transgression Engaging with Literature of

the grotesque body Ambiguous Subjects illustrates how the sublime and the grotesque can co exist in a manner where each depends on and is inflected through the other thus enabling a notion of individuality and of community as contingent but nevertheless very real moments in time Ambiguous Subjects is essential reading for anyone interested in aesthetics continental philosophy gender studies literary theory sociology and politics

Queer Aging in North American Fiction Linda M. Hess, 2019-01-24 Exploring representations of queer aging in North American fiction this book illuminates a rich yet previously unheeded intersection within American culture At a time when older LGBTQ persons gradually gain visibility in gerontological studies and in the media this work provides a critical perspective concerned with the ways in which the narratives and images we have at our disposal shape our realities Each chapter shines a spotlight on a significant work of queer fiction beginning with post WWII novels and ending with filmic representations of the 2010s exploring narratives as both reflections and agents of broader cultural negotiations concerning

queer sexuality and aging As a result the book not only redresses queer aging s history of invisibility but also reveals narratives of queer aging to be particularly apt in casting new light on the ways in which growing older is perceived and conceptualized in North American culture **Asian American Literature** Keith Lawrence,2021-08-25 Asian American Literature An Encyclopedia for Students is an invaluable resource for students curious to know more about Asian North American writers texts and the issues and drives that motivate their writing This volume collects in one place a breadth of information about Asian American literary and cultural history as well as the authors and texts that best define it A dozen contextual essays introduce fundamental elements or subcategories of Asian American literature expanding on social and literary concerns or tensions that are familiar and relevant Essays include the origins and development of the term Asian American overviews of Asian American and Asian Canadian social and literary histories essays on Asian American identity gender issues and sexuality and discussions of Asian American rhetoric and children s literature More than 120 alphabetical entries round out the volume and cover important Asian North American authors Historical information is presented in clear and engaging ways and author entries emphasize biographical or textual details that are significant to contemporary young adults Special attention has been given to pioneering authors from the late 19th century through the early 1970s and to influential or well known contemporary authors especially those likely to be studied in high school or university classrooms
