Redefining Comparative Politics Promise Versus Performance:

Redefining Comparative Politics Lawrence C. Mayer, 1989-01-01 *Redefining Comparative Politics* Lawrence C. Mayer, 1989-10 Over the past three decades comparative politics has undergone significant change It has been transformed from geographically defined studies to comparative analysis and the construction of explanatory theory This book evaluates the current state of and trends within comparative politics The author reviews the literature in the field and the major topics of research He argues that the transformation of the discipline the revolution in comparative politics fell well short of its expectations

Issues and Methods in Comparative Politics Todd Landman, Edzia Carvalho, 2016-12-01 Building on the strengths of the third edition this highly regarded textbook continues to provide the best introduction to the strategies of comparative research in political science Divided into three parts the book begins by examining different methods applying these methods to dominant issues in comparative politics using a wealth of topical examples from around the world and then discusses the new challenges in the area This thoroughly revised and updated edition features Additional contemporary case studies including the democratisation of technology and the Arab Spring Detailed discussion of regression analysis and diffusion More analysis of justice inequality and compliance Reflection on new methods and treatments of contemporary comparative politics Balancing reader friendly features with high quality analysis makes this popular academic text is essential reading for everyone interested in comparative politics and research methods

Comparing Apples and Mangoes S. N. Sangmpam, 2012-02-01 Two competing approaches currently dominate the debate about the state and institutions in developing countries The first projects a picture of transnational vertical uniformity descending from the West to developing countries and views liberal democracy as the only game in town In this view the state and institutions resemble or ought to resemble those in the West The second by contrast explains political outcomes by local idiosyncrasies and regional variations in institutions In his original approach to third world politics S N Sangmpam challenges both views by uncovering important similarities in the political features of developing countries He shows that they share political behaviors and features unaccounted for in either local idiosyncratic or liberal democratic theories These behaviors converge toward a common property overpoliticization that defies political compromise leading to an overpoliticized state Sangmpam provides a wealth of empirical historical and quantitative evidence from Latin America Asia Africa and the West and demonstrates the overpoliticized state constitutes the cornerstone of an integrated theory of politics in developing countries

Comparative Analysis Of Nations Robert Perry, 2019-03-01 The comparative method is fundamental and critical for political scientists and especially those interested in comparative politics Such questions as how democratic is the United States how rich is Germany and how ethnically complex is Nigeria and what effects these attributes have on important political phenomena cannot be analyzed except comparatively To understand politics we need to think in terms of concepts processes behavior and authority patterns that transcend specific regions or nation states Comparative Analysis of Nations is

designed to address three questions confronting the study of politics 1 What do I do once I have identified a question that I want to explore within a cross national perspective 2 How do I proceed so I adequately address this question 3 Why should I proceed with this particular study plan Perry and Robertson examine how to conceptualize operationalize measure sample analyze and evaluate these research questions In clear language they stress the logic behind basic techniques of quantitative analysis issues of measurement and hypothesis testing basic techniques of hypothesis testing tabular analysis ANOVA scatterplots bivariate regression and advanced bivariate analysis curvilinear and multiple regression The book requires no previous training in statistics or math Cross national data sets accompany the book on a CD ROM and are compatible with the popular SPSS package The data sets enable the instructor the opportunity to engage the students directly in devising their own modified models of analysis to complement and extend the demonstrations within the text In sum the text integrates the core tools and strategies of social science analysis within a framework that highlights the quantitative study of comparative politics

Political Parties and Party Systems Moshe Maor, 2005-08-10 This comprehensive textbook outlines and illuminates the main theories of political parties and party systems Applying these theoretical approaches to British party politics Moshe Maor covers all the key subjects of study including classification of party definitions party systems change party institutionalization cohesion and dissent intraparty conflicts and legislative bargaining multiparty electoral competition Maor's study highlights the importance of the intraparty arena and actors in understanding the shape and behaviour of political parties providing essential reading to students of party systems and of British politics

Research Methods in Politics Roger Pierce, 2008-04-09 Packed with features to promote learning this text is ideal for use on an introductory methods course or for readers carrying out their own research project It presents an overview of the philosophy and principles of research qualitative and quantitative research methods and research design a critical review of selected methods methods of gathering information such as interviews and focus groups and discusses issues associated with ensuring quality of information appropriate methods for analysing and interpreting data and covers the process of communicating research The inclusion of chapter objectives regular summaries questions for discussion and tasks and assignments makes this the must have text for researching politics

Constructing Genocide and Mass Violence Maureen S. Hiebert, 2017-03-16 This book addresses two closely related questions what is the process by which the relatively short and violent genocides of the twentieth century and beyond have occurred Why have these instances of mass violence been genocidal and not some other form of state violence repression or conflict Hiebert answers these questions by exploring the structures and processes that underpin the decision by political elites to commit genocide focusing on a sustained comparison of two cases the Nazi Final Solution and the Cambodian genocide The book clearly differentiates the structures and processes contained within a larger overall process that leads to genocidal violence Uncovering the mechanisms by which societies at least in the contemporary era come to experience genocide as a distinct form of destruction and not some

other form of mass or political violence Hiebert is able to highlight a set of key process that lead to specifically genocidal violence Providing an insightful contribution to the burgeoning literature in this area this book will be of interest to students and scholars of genocide international relations and political violence **The French and Italian Communist Parties**

Cyrille Guiat,2004-08-02 This volume is a systematic comparative study of the French and Italian Communist parties in the period from the early 1960s to the early 1980s **Handbook on Policy, Process and Governing** H.K.

Colebatch,2018-12-28 This Handbook covers the accounts by practitioners and observers of the ways in which policy is formed around problems how these problems are recognized and understood and how diverse participants come to be involved in addressing them H K Colebatch and Robert Hoppe draw together a range of original contributions from experts in the field to illuminate the ways in which policies are formed and how they shape the process of governing **On the Streets and in the State House**

Diane-Michele Prindeville,2004-06 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company **Theories of the Policy Process, Second Edition** Paul Sabatier,2019-06-04

Theories of the Policy Process provides a forum for the proponents of several of the most promising and widely used theoretical frameworks to present the basic propositions of their frameworks to assess the empirical evidence that has developed and to discuss promising directions for future research The first edition contained analys **Critical**

Comparisons in Politics and Culture John Richard Bowen,John Bowen,Roger Petersen,1999-10-07 Debating the problem of comparison in politics and culture this work takes up a variety of topics from nationalist violence and labour strikes to ritual forms and religious practices The contributors criticise conventional forms of comparative method and introduce new comparative strategies **Learning from Comparing: new directions in comparative education research** Robin

Alexander,Patricia Broadfoot,David Phillips,1999-01-01 Learning from Comparing is a major two volume study which reassesses the contribution of comparative educational research and theory to our understanding of contemporary educational problems and to our capacity to solve them At a time when educational research is under attack on the grounds of bias and irrelevance and under pressure to address only those questions which are acceptable politically as good a definition of bias as any this is a serious attempt to bridge the worlds of research policy and practice The editors have put together a collection in terms of both perspective and nationality which ensures contrasting viewpoints on each topic

Measuring Human Rights Todd Landman,Edzia Carvalho,2009-12-04 The measurement of human rights has long been debated within the various academic disciplines that focus on human rights as well as within the larger international community of practitioners working in the field of human rights Written by leading experts in the field this is the most up to date and comprehensive book on how to measure human rights Measuring Human Rights draws explicitly on the international law of human rights to derive the content of human rights that ought to be measured contains a comprehensive methodological framework for operationalizing this human rights content into human rights measures includes separate

chapters on the methods strengths and biases of different human rights measures including events based standards based survey based and socio economic and administrative statistics covers measures of civil political economic social and cultural rights includes a complete bibliography as well as sources and locations for data sets useful for the measurement of human rights This volume offers a significant and timely addition to this important area of work in the field of human rights and will be of interest to academics and NGOs INGOs international governmental organizations international financial institutions and national governments themselves

Euro-corporatism? Michael J. Gorges, 1996 This work looks at the process of European integration by focusing on interest intermediation in the European Community In order to characterize and explain various patterns of interest intermediation the author employs a modified neo institutionalist approach This framework provides a coherent picture of interest intermediation and explains the variety of bargaining patterns and interest group participation in EC policy making This study also looks at issues important to the future of the European Union focusing on policy making governance and fair distribution of costs and benefits of integration Euro Corporation will interest students and scholars of international relations regional integration European politics and European integration interest groups and industrial relations

Understanding Comparative Politics Mehran Kamrava, 2012-08-21 Comparative politics has undergone significant theoretical changes in recent decades Particularly since the 1980s a new generation of scholars have revamped and rejuvenated the study of the subject Mehran Kamrava examines current and past approaches to the study of comparative politics and proposes a new framework for analysis This is achieved through a comparative examination of state and social institutions the interactions that occur between them and the political cultures within which they operate The book also offers a concise and detailed synthesis of existing comparative frameworks that up to now at least have encountered analytical shortcomings on their own Although analytically different in its arguments and emphasis from the current Mainstream genre of literature on comparative politics the present study is a logical outgrowth of the scholarly works of the last decade or so It will be essential reading for all students of comparative politics

Cultural Policy in Jordan Lina Edward Khamis, 2018-04-30 This Brief examines the objectives of cultural policy in Jordan the institutional framework within which it operates and its outcomes It considers the principles and methods of cultural policy evaluates cultural attitudes and values and places Jordan's institutional administrative and legislative structures within their social economic and historical perspectives The book uses theories of culture political culture modernization and development theory in discussing problems of cultural policy and their assumed outcomes particularly those of an institutional administrative and financial nature The Brief examines the evolution of cultural development in Jordan from the beginning of modern Jordan in 1921 to the political and economic reforms passed in 1992 and analyzes government policy towards cultural institutions particularly in the education and information sectors Discussing cultural policymaking from a political perspective this Brief is appropriate for researchers and students of political science public policy comparative politics Middle East politics cultural

studies and development as well as policy makers and development agencies

Report 2010 Kate Lefko-Everett, Rorisang Lekalake, Erica Penfold, Sana Rais,

Weigle, 2010-11-01 A study of contemporary politics in Russia assessing the attempted transition from totalitarianism to

liberal democracy It shows that although liberal institutions have been tentatively established the weak social and cultural supports threaten the success of Russia's liberal project

SA Reconciliation Barometer Survey
