tradition **Profane** Christopher S. Grenda, 2014-08-15 Humans have been uttering profane words and incurring the consequences for millennia But contemporary events from the violence in 2006 that followed Danish newspaper cartoons depicting the Prophet Mohammed to the 2012 furor over the Innocence of Muslims video indicate that controversy concerning blasphemy has reemerged in explosive transnational form In an age when electronic media transmit offense as rapidly as profane images and texts can be produced blasphemy is bracingly relevant again In this volume a distinguished cast of international scholars examines the profound difficulties blasphemy raises for modern societies Contributors examine how the sacred is formed and maintained how sacrilegious expression is conceived and regulated and how the resulting conflicts resist easy adjudication Their studies range across art history politics law literature and theology Because of the global nature of the problem the volume s approach is comparative examining blasphemy across cultural and geopolitical boundaries *Howard Fast* Gerald Sorin, 2021-12-22 A biography of the Jewish American left wing author of *Spartacus* that explores his identity his work and his politics Howard Fast s life from a rough and tumble Jewish New York street kid to the rich and famous author of close to one hundred books rivals the Horatio Alger myth Author of bestsellers such as *Citizen Tom Paine* *Freedom Road* *My Glorious Brothers* and *Spartacus* Fast joined the American Communist Party in 1943 and remained a loyal member until 1957 despite being imprisoned for contempt of Congress Gerald Sorin illuminates the connections among Fast s Jewishness his writings and his left wing politics and explains Fast s attraction to the Party and the reasons he stayed in it as long as he did Recounting the story of his private and public life with its adventure and risk love and pain struggle failure and success Sorin also addresses questions such as the relationship between modern Jewish identity and radical movements the consequences of political myopia and the complex interaction of art popular culture and politics in twentieth century America A notable study of a thorny protagonist whose life has much to reveal about the times in which he lived and about the interplay of political belief personal identity art and ambition Publishers Weekly Sorin has written a heavily researched critical biography of Fast The volume s strength is its explication and analysis of the complex social and political context of Fast s activism and creative work Sorin s lengthy critique of Fast s adherence to Communism long after most American writers and intellectuals had abandoned the party and his shameful public silence on Stalin s crimes and Soviet anti-Semitism are of significant import Recommended Choice An intriguing biography not least for its examination of how Fast interwove his political activism his Jewishness and his art during the heyday of McCarthyism Recommended Recorder Melbourne **How the Other Half Looks** Sara Blair, 2020-07-14 New York City s Lower East Side long viewed as the space of what Jacob Riis notoriously called the other half was also a crucible for experimentation in photography film literature and visual technologies This book takes an unprecedented look at the practices of observation that emerged from this critical site of encounter showing how they have informed literary and everyday narratives of America its citizens and its possible futures Taking readers from the mid nineteenth century to the present Sara Blair traces the career of the Lower East Side as a place

where image makers writers and social reformers tested new techniques for apprehending America and their subjects looked back confronting the means used to represent them This dynamic shaped the birth of American photojournalism the writings of Stephen Crane and Abraham Cahan and the forms of early cinema During the 1930s the emptying ghetto opened contested views of the modern city animating the work of such writers and photographers as Henry Roth Walker Evans and Ben Shahn After World War II the Lower East Side became a key resource for imagining poetic revolution as in the work of Allen Ginsberg and LeRoi Jones and exploring dystopian futures from Cold War atomic strikes to the death of print culture and the threat of climate change How the Other Half Looks reveals how the Lower East Side has inspired new ways of looking and looking back that have shaped literary and popular expression as well as American modernity An American in the Making M. E. Ravage, 2009-05-19 At the turn of the twentieth century M E Ravage set off in steerage for America one of almost two million Jews who like millions of others from eastern and southern Europe were lured by tales of worldly success Seventeen years after arriving on Ellis Island Ravage had mastered a new language found success in college and engagingly penned in English this vivid account of the ordeals and pleasures of departure and assimilation Steven G Kellman brings Ravage s story to life again in this new edition providing a brief biography and introduction that place the memoir within historical and literary contexts An American in the Making contributes to a broader understanding of the global notion of America and remains timely especially in an era when massive immigration now from Latin America and Asia challenges ideas of national identity Exiles on Main Street Julian Levinson, 2008-07-02 How have Jews reshaped their identities as Jews in the face of the radical newness called America Julian Levinson explores the ways in which exposure to American literary culture in particular the visionary tradition identified with Ralph Waldo Emerson and Walt Whitman led American Jewish writers to a new understanding of themselves as Jews Discussing the lives and work of writers such as Emma Lazarus Mary Antin Ludwig Lewisohn Waldo Frank Anzia Yezierska I J Schwartz Alfred Kazin and Irving Howe Levinson concludes that their interaction with American culture led them to improvise new and meaningful ways of being Jewish In contrast to the often expressed view that the diaspora experience leads to assimilation Exiles on Main Street traces an arc of return to Jewish identification and describes a vital and creative Jewish American literary culture Bohemian Bolsheviks Alan M. Wald, 2025-04-03 The rubric Bohemian Bolsheviks captures Alan Wald s sustained fascination with persistent contradictions between the image of Left political commitment and the actuality of experience especially in relation to cultural work and cultural workers Marxist political alignment engages a welter of intimate and biographical factors enriching the record of a varied history of fiction poetry literary criticism and other intellectual practices Exploring a field of study marked by enduring paradoxes of modernity this volume is a sharp reminder that historical narrative not only shapes our sense of the terrain under our feet but also the horizon in front of us **"Something Dreadful and Grand"** Stephen Watt, 2015 This book traces the often uncanny relationships between Irish and Jewish America arguing for the centrality of these two

diasporic groups to the development of American popular music fiction and especially drama

Stavans Unbound Bridget Kevane, 2019-08-27 Twenty-five years ago Ilan Stavans published his first book *Imagining Columbus: The Literary Voyage* 1993. Since then Stavans has become a polarizing figure, dismissed and praised in equal measure, a commanding if contested intellectual whose work as a cultural critic has been influential in the fields of Latino and Jewish studies, politics, immigration, religion, language, and identity. He can be credited for bringing attention to Jewish Latin America and issues like Spanglish; he has been instrumental in shaping a certain view of Latino Studies in universities across the United States as well abroad; he has anthologized much of Latino and Latin American Jewish literature, and he has engaged in contemporary pop culture via the graphic novel. He was the host of a PBS show called *Conversations with Ilan Stavans* and has had his fiction adapted into the stage and the big screen. The man, as one critic stated clearly, has energy to burn, and it does not appear to be abating. This collection celebrates twenty-five years of Stavans's work with essays that describe the good and the bad, the inspired and the pedestrian, the worthwhile and the questionable.

Anything That Burns You Terese Svoboda, 2016-01-01 The first full-length biography of Lola Ridge, a trailblazer for women's poetry and human rights far ahead of her time. This rich and detailed account of the life and world of Lola Ridge, poet, artist, editor, and activist for the cause of women's rights, workers' rights, racial equality, and social reform. From her childhood as a newly arrived Irish immigrant in the grim mining towns of New Zealand to her years as a budding poet and artist in Sydney, Australia, to her migration to America and the cities of San Francisco, Chicago, and New York. At one time considered one of the most popular poets of her day, she later fell out of critical favor due to her realistic and impassioned verse that looked head-on at the major social woes of society. Moreover, her work and appearances alongside the likes of Margaret Sanger, Emma Goldman, Will Durant, and other socialists and radicals put her in the line of fire, not only of the police and government but also the literary pundits who criticized her activism as being excessive and melodramatic. This lively portrait gives a veritable who's who of all the key players in the arts, literature, and radical politics of the time in which Lola Ridge stood front and center.

American Biography Carl Rollyson, 2006-02-22 This collection of reviews selected

from Rollyson's New York Sun column is as much about the romance of biography as it is about the American lives. Certain concerns resonate throughout the book: the American left's failure to reckon with Communist subversion, McCarthyism and Stalinism; the problematic nature of authorized biography; the history of American biography; definitive biographies; literary biography; the differences between autobiography and biography; the importance of interviews in biographies of contemporary figures; the differences between history and biography; comparative biographies; the virtues of short biographies and of biographies for children; the tendency of biographers to fictionalize and of novelists to biographize; psychology and biography; Rollyson's own experience as a biographer and the way biographers treat one another's work. Too many biographers, he believes, evince no interest in the biographical tradition. Concerned only with possession of their subjects, their proprietorial attitude deforms not only their biographies but also the genre itself. If biography is reviewed badly, receiving hardly more than a summary of the subject's life with a perfunctory nod to the biographer, it is because the biographical tradition has been disregarded or discounted. This book, in other words, has been written on the behalf of biography, a genre that still awaits a full vindication.

Robert A. Heinlein, Vol 2 William H. Patterson, 2010. The second volume of the first authorized biography of Robert A. Heinlein, generally considered the greatest SF writer of the 20th century, a bestselling author, military man, politician, and one of the founding minds of Libertarian politics in the USA.

Henry Roth's Semi-autobiographical Tetralogy *Mercy of a Rude Stream* (1994-1998) Alan Gibbs, 2008. [The Routledge Handbook of Literary Translingualism](#) Steven G. Kellman, Natasha Lvovich, 2021-09-30. Though it might seem as modern as Samuel Beckett, Joseph Conrad, and Vladimir Nabokov, translingual writing—texts by authors using more than one language or a language other than their primary one—has an ancient pedigree. [The Routledge Handbook of Literary Translingualism](#) aims to provide a comprehensive overview of translingual literature in a wide variety of languages throughout the world, from ancient to modern times. The volume includes sections on translingual genres, with chapters on memoir, poetry, fiction, drama, and cinema; ancient, medieval, and modern translingualism; global perspectives; chapters overseeing European, African, and Asian languages. Combining chapters from lead specialists in the field, this volume will be of interest to scholars, graduate students, and advanced undergraduates interested in investigating the vibrant area of translingual literature. Attracting scholars from a variety of disciplines, this interdisciplinary and pioneering Handbook will advance current scholarship of the permutations of languages among authors throughout time.

War, Revolution and Remembrance in World Cinema Nancy J. Membrez, 2021-05-14. Two World Wars engulfed Europe, Asia, and the United States, leaving indelible scars on the landscape and survivors. The trauma of civil wars in Spain, declared and Latin America tacit, spanned decades yet contradictorily bind parties together even today. Civil wars still haunt Africa, where in more recent years ethnic cleansing has led to wholesale genocide. Drawing on the emerging field of Memory Studies, this book examines narrative and documentary films made far from Hollywood that address memory, both traumatic and nostalgic, surrounding these conflicts despite

Nothing is more anathema to a serious radical than regionalism Berkeley English professor Henry Nash Smith asserted in 1980 Although regionalism in the American West has often been characterized as an inherently conservative backward looking force regionalist impulses have in fact taken various forms throughout U S history The essays collected in **Regionalists on the Left** uncover the tradition of left leaning western regionalism during the 1930s and 1940s Editor Michael C Steiner has assembled a group of distinguished scholars who explore the lives and works of sixteen progressive western intellectuals authors and artists ranging from nationally prominent figures such as John Steinbeck and Carey McWilliams to equally influential though less well known figures such as Angie Debo and Am rico Paredes Although they never constituted a unified movement complete with manifestos or specific goals the thinkers and leaders examined in this volume raised voices of protest against racial environmental and working class injustices during the Depression era that reverberate in the twenty first century Sharing a deep affection for their native and adopted places within the West these individuals felt a strong sense of avoidable and remediable wrong done to the land and the people who lived upon it motivating them to seek the root causes of social problems and demand change **Regionalists on the Left** shows also that this radical regionalism in the West often took urban working class and multicultural forms Other books have dealt with western regionalism in general but this volume is unique in its focus on left leaning regionalists including such lesser known writers as B A Botkin Carlos Bulosan Sanora Babb and Joe Jones Tracing the relationship between politics and place across the West **Regionalists on the Left** highlights a significant but neglected strain of western thought and expression
