Douglas, M. Finnane, 2012-08-21 In a break from the contemporary focus on the law's response to inter-racial crime the authors examine the law's approach to the victimization of one Indigenous person by another Drawing on a wealth of archival material relating to homicides in Australia they conclude that settlers and Indigenous peoples still live in the shadow of empire *Fuss That Never Ended* Deborah Gare, Geoffrey Bolton, Stuart Macintyre, Tom Stannage, 2013-04-18 It is time to reassess the work of Geoffrey Blainey and consider his role in Australian history politics and public life Geoffrey Blainey has steered Australian history into the nation's conversation No one would dispute that he is a courageous public intellectual a writer of rare grace and a master storyteller And he has indeed provoked a rare fuss both public and professional with some of his comments on Asian immigration and Aboriginal land rights Blainey has challenged the academic history profession not only with his ideas but also by his practice A brilliant student he looked set for Oxford but chose instead the austere west coast of Tasmania for his postgraduate research For the next decade he earned a living with his pen And instead of political history in the traditional academic mould he wrote corporate histories that dispensed with footnotes Always probing and speculative Blainey has dislodged many of the keystones in our understandings of Australia's past He was one of the first to write about the expansive social history of this land before 1788 he questioned whether Botany Bay was founded primarily as a convict colony he argued that the Eureka uprising had economic rather than political causes and he identified sport as a neglected key to the Australian character His controversial views earned such newspaper headlines as Brave Man Set Upon by Thugs for Telling Truth In *The Fuss That Never Ended* a lively and distinguished assembly of fellow historians of various ages interests and political stances take a fresh look at Blainey's remarkable and sometimes controversial career **Public City** Beau B Beza, Brendan Gleeson, 2014-11-25 Paul Mees urban ideal counted on watchful confident and well informed citizenry to work collectively in a quest for fair and just cities As such *The Public City* is largely a critique of neo-liberalism and its arguably negative influence on urban prospects As Mees explained it neo-liberal urbanism was much more than a political aberration it was a threat that imposed many costly failures in an age overshadowed by grave ecological challenges Fifteen of Australia and New Zealand's leading urban scholars including Professor Emeritus Jean Hillier and Professor Brendan Gleeson have contributed to this collection *The Public City* includes a foreword by the late Professor Sir Peter Hall a world leader in urban planning from Britain Kenneth Davidson one of Australia's top economic columnists has also contributed a chapter The collective works in this book extend beyond an analysis of urban patterns to provide a blueprint for the improvement of civic and institutional purpose in the creation of the public city Architecture on Campus George Tibbits, Philip Goad, 2013-05-09
