Jewish Displaced Persons in Italy 1943-1951 Chiara Renzo, 2023-08-04 This book focuses on the experiences of thousands of Jewish displaced persons (DPs) who lived in refugee camps in Italy between the liberation of the southern regions in 1943 and the early 1950s waiting for their resettlement outside of Europe. It explores the Jewish DPs' daily life in the refugee camps and what this experience of displacement meant to them. This book sheds light on the dilemmas the Jewish DPs faced when reconstructing their lives in the refugee camps after the Holocaust and how this challenging process was deeply influenced by their interaction with the humanitarian and political actors involved in their rescue, rehabilitation, and resettlement. Relating to the peculiar context of post-fascist Italy and the broader picture of the postwar refugee crisis, this book reveals overlooked aspects that contributed to the making of an incredibly diverse and lively community in transit, able to elaborate new paradigms of home, belonging, and family.

FDR and the Jews Richard Breitman, Allan J. Lichtman, 2013-03-19 A contentious debate lingers over whether Franklin Delano Roosevelt turned his back on the Jews of Hitler's Europe. FDR and the Jews reveals a concerned leader whose efforts on behalf of Jews were far greater than those of any other world figure, but whose moral leadership was tempered by the political realities of depression and war.

Jewish Forced Labor in Romania, 1940-1944 Dallas Michelbacher, 2020-05-05 This study of the Antonescu regime's forced labor system offers precious insights to historians and social scientists alike. Dennis Deletant, author of *Ion Antonescu: Hitler's Forgotten Ally*, Between Romania's entry into World War II in 1941 and the ouster of dictator Ion Antonescu three years later, over 105,000 Jews were forced to work in internment and labor camps, labor battalions, government institutions, and private industry. Particularly for those in the labor battalions, this period was characterized by extraordinary physical and psychological suffering, hunger, inadequate shelter, and dangerous or even deadly working conditions. And yet, the situation that arose from the combination of Antonescu's paranoias and the peculiarities of the Romanian system of forced labor organization meant that most Jewish laborers survived.

Jewish Forced Labor in Romania explores the ideological and legal background of this system of forced labor, its purpose, and its evolution. Author Dallas Michelbacher examines the relationship between the system of forced labor and the Romanian government's plans for the solution to the Jewish question. In doing so, Michelbacher highlights the key differences between the Romanian system of forced labor and the well-documented use of forced labor in Nazi Germany and neighboring Hungary.

Jewish Forced Labor in Romania explores the internal logic of the Antonescu regime and how it balanced its ideological imperative for antisemitic persecution with the economic needs of a state engaged in total war, whose economy was still heavily dependent on the skills of its Jewish population.

Propaganda and Persecution Renée Poznanski, 2024-01-23 Renée Poznanski's magisterial history of the French Resistance during World War II offers a comprehensive exploration of the most significant issue in that period's social imaginary the Jewish question With extraordinary nuance she analyzes the discourse around Jews and Judaism that pervaded the Resistance's propaganda and debates while closely examining the fate of Jews under Vichy and after Poznanski argues that Jews in France suffered a double persecution one led by the Vichy government the other imposed by the Nazis Marginalization and exclusion soon led to internment and deportation to terrifying places Meanwhile a propaganda war developed between the Resistance and the official voice of Vichy Poznanski draws on a breathtaking array of sources especially clandestine publications and French language BBC transmissions to show how the Resistance both fought and accommodated the deeply entrenched antisemitism within French society Her close readings of propaganda texts against public opinions probe ambiguities and silences in Resistance writing about the persecution of the Jews and in parallel the numerous and detailed denunciations that could be read in the Jewish clandestine press This extensive synthesis extends to the post Liberation period during which the ongoing persecution of Jews in Europe and North Africa would be portrayed as secondary to the suffering of the nation The winner of the 2009 Henri Hertz Prize by the Chancellerie des Universités de Paris *Propaganda and Persecution* makes major contributions to the study of the Resistance and of antisemitism Lenn J Schramm's English translation brings Poznanski's dynamic prose to life **American Jewish Archives**, 1983 **Labor in Retreat** Youngsoo Bae, Y?ng-su Pae, 2001-09-27

Offers a fresh perspective on the origins of business unionism **Vilnius between Nations, 1795-2000** Theodore R. Weeks, 2015-12-04 The inhabitants of Vilnius the present day capital of Lithuania have spoken various languages and professed different religions while living together in relative harmony over the years The city has played a significant role in the history and development of at least three separate cultures Polish Lithuanian and Jewish and until very recently no single cultural linguistic group composed the clear majority of its population Vilnius between Nations 1795 2000 is the first study to undertake a balanced assessment of this particularly diverse city Theodore Weeks examines Vilnius as a physical entity where people lived worked and died as the object of rhetorical struggles between disparate cultures and as a space where the state attempted to legitimize a specific version of cultural politics through street names monuments and urban planning In investigating these aspects Weeks avoids promoting any one national narrative of the history of the city while acknowledging the importance of national cultures and their opposing myths of the city's identity The story of Vilnius as a multicultural city and the negotiations that allowed several national groups to inhabit a single urban space can provide lessons that are easily applied to other diverse cities This study will appeal to scholars of Eastern Europe urban studies and multiculturalism as well as general readers interested in the region **The Disentanglement of Populations** J. Reinisch, E. White, 2011-01-26 An examination of population movements both forced and voluntary within the broader context of Europe in the aftermath of the Second World War in both Western and Eastern Europe The authors bring to life problems of war and post war chaos and assess lasting social political and demographic consequences *The United States Holocaust Memorial Museum Encyclopedia of Camps and Ghettos, 1933-1945: Volume III* Geoffrey P. continuity of tradition in these essays counters the prevailing myth of discontinuity which promotes the notion of the great sense of separation Jews felt from the world we have lost The volume also provides an interesting comparative dimension by examining the similarities and dissimilarities of the American Jewish immigrant experience in both Canada and the United States From Kaifeng to Shanghai Roman Malek,2017-07-05 The collection presents the proceedings of the international colloquium held in Sankt Augustin in 1997 and additional materials The articles are written in English German or Chinese with English abstracts The volume includes a general index with glossary **The United States and the Rise of Tyrants** Lawrence E.
