Side by Side Andrew Gottlieb, 2014-04-04 How would you react if your brother or sister came out to you I m proud to have been the first to know My conservative upbringing contributed to the notion that John s behavior was sinful The first thought I had about it was that my brother had somehow been misdirected involving himself in the wrong crowd How could he be gay I was convinced we all had to help him overcome this problem I equated being gay with having a mental disorder and thought maybe we should send him to a therapist I love Beth very much I am proud of her thankful for her and can t imagine life without her In this first of its kind book Andrew Gottlieb the author of *Out of the Twilight Fathers of Gay Men Speak and Sons Talk About Their Gay Fathers* Life Curves continues his landmark exploration at the intersection of sexuality and family studies Here he turns his thoughtful gaze to the powerful bonds of brotherhood and sisterhood to address questions such as How are we affected by the knowledge that a sibling feels same sex attraction and how does that knowledge impact on our relationships with our brother or sister How do brothers and sisters of gay lesbian people cope with stigma and homophobia What if there s already a non heterosexual sibling in the family how does he or she react when another sibling comes out Do each of their roles change Besides the fact that Lee didn t conform to my notion of what a lesbian was I of course always looked and acted the part I wondered how this would affect my role as the lesbian of the family Would this rock the boat Would two lesbians in the family be one lesbian too many In their own words 18 men and

women share their thoughts and feelings about their gay brothers and sisters What they have to say is revealing about themselves about the nature of sibling relationships and about their role as peacemakers Gay men and lesbian women often disclose their sexuality to their siblings before anyone else in their families Side by Side examines the impact of a brother or sister coming out and of the way that a gay person's siblings are sometimes placed in the position of being a social moral bridge between the generations Clearly Tina has been a major force in my life and it doesn't just end with me My three children and husband have all learned by Tina's example we all do what we can to bring fairness and equality to everyone With a smile on my face I occasionally say to Tina Look what you've done to me Without her I would never be where I am or who I am The contributors to Side by Side come from varying religious and economic backgrounds In plain language that is easily accessible to most adolescents and adults they candidly relate the experience of what it was like to find out about their sibling's homosexuality and how that knowledge affected them over time Some of their perspectives may surprise you Many will move you You'll also find a list of suggested readings and a list of organizations offering support and information for siblings of gay lesbian bisexual and transgender people

Gay and Lesbian Elders Nancy J. Knauer, 2016-04-15 The approximately two million gay and lesbian elders in the United States are an underserved and understudied population At a time when gay men and lesbians enjoy an unprecedented degree of social acceptance and legal protection many elders face the daily challenges of aging isolated from family detached from the larger gay and lesbian community and ignored by mainstream aging initiatives Drawing on materials from law history and social theory this book integrates practical proposals for reform with larger issues of sexuality and identity Beginning with a summary of existing demographic data and offering a historical overview of pre Stonewall views of homosexuality author Nancy J Knauer goes on to address the invisibility of this community She examines the multiple double binds central to their identity formation including ageism among gays and lesbians and homophobia among seniors Further the book focuses on specific legal concerns such as estate planning housing discrimination and financial insecurity and how they impact this community uniquely Integrating theory with practical questions of policy and advancing a new understanding of the construction of sexuality and identity this book advocates meaningful new reforms designed to ensure equity and dignity in aging regardless of sexual orientation
