

Reflections On The Christ Myth

Jim Slagle

Reflections On The Christ Myth:

Reflections on the Christ Myth Revilo Pendleton Oliver, 1998

The Christ Myth Arthur Drews, 2023-10-23 Arthur Drews

The Christ Myth is a groundbreaking exploration of the origins of Christianity that challenges traditional beliefs. Drews boldly asserts that Jesus Christ is a mythical figure rather than a historical person, challenging centuries of religious doctrine. In this meticulously researched book, Drews dissects ancient texts and historical accounts to present a compelling argument for the mythical nature of Jesus Christ, shedding light on the evolution of Christian beliefs. His writing style is academic and thorough, appealing to readers interested in theological debates and historical analysis. The Christ Myth offers a provocative and thought-provoking perspective on Christianity's foundational figure, inviting readers to reassess their understanding of one of the world's most influential religions. Arthur Drews' extensive research background and critical analysis make The Christ Myth a must-read for anyone interested in the intersection of religion, history, and mythology.

Thinking Through Myths

Kevin Schilbrack, 2003-09-02 Eight outstanding essays from leading academics deconstruct perennial problems of rationality, imagination, and narrative to trace the influence of myth in our own beliefs, origins, and potential futures. Thinking Through Myths attempts to reconcile the opposed claims of pragmatism and beauty, calling for the acknowledgement of myths in everyday experience.

The Identity of Jesus Christ, Expanded and Updated Edition Hans W. Frei, 2013-11-19

This is a book about Jesus of Nazareth. It is not a book about story nor about narrative theology. Hans Frei was not a theologian of story or of narrative in any general way, and this book is neither about the narrative quality of our existence and the gospel's relation to that quality nor about the narrative shape of the Scriptures as a whole and the call on us to place ourselves within that narrative. Rather, this is a book about the way in which Jesus of Nazareth's identity is rendered by the Gospels, largely the Synoptic Gospels, particularly the Gospel of Luke, and especially in the passion and resurrection sequences, by means of a certain kind of narrative. From the Foreword by Mike Higon.

Reflections on the Study of Religion

Jacques Waardenburg, 2011-12-01 Since its founding by Jacques Waardenburg in 1971, Religion and Reason has been a leading forum for contributions on theories, theoretical issues, and agendas related to the phenomenon and the study of religion. Topics include, among others, category formation, comparison, ethnophilosophy, hermeneutics, methodology, myth, phenomenology, philosophy of science, scientific atheism, structuralism, and theories of religion. From time to time, the series publishes volumes that map the state of the art and the history of the discipline.

Alfred Loisy and the Making of History of Religions

Annelies Lannoy, 2020-08-10 This monograph studies the professionalization of History of Religions as an academic discipline in late 19th and early 20th century France and Europe. Its common thread is the work of the French Modernist priest and later Professor of History of Religions at the Collège de France, Alfred Loisy (1857-1940), who participated in many of the most topical debates among French and international historians of religions. Unlike his well-studied Modernist theology, Loisy's writings on comparative religion and his rich interactions with famous scholars like F. Cumont, M. Mauss, or J. G. Frazer remain

largely unknown This monograph is the first to paint a comprehensive picture of his career as a historian of religions before and after his excommunication in 1908 Through a contextual analysis of publications by Loisy and contemporaries and a large corpus of private correspondence it illuminates the scientification of the discipline between 1890 1920 and its deep entanglement with religion politics and society Particular attention is also given to the role of national and transnational scholarly networks and the way they controlled the theoretical and institutional frameworks for studying the history of religions

Myth-Busting in Science and Religion Jim Slagle, 2025-07-14 Science and religion is one of those subjects where everyone knows a lot of things that just ain't so This is because of the numerous urban legends about how the two fields have interacted historically and how they do so today These false beliefs are ubiquitous in Western civilization especially in academia prompting many people to oversimplify the issues This book corrects many of these urban legends and confusions involving premodern cosmology the alleged persecution or even martyrdom of scientists for discoveries that challenged the religious status quo the history and nature of biological evolution the potential discovery of rational extraterrestrial life and whether miracles would somehow conflict with the laws that science has discovered As one might expect reality turns out to be much more complex than the stories suggest

Women as Mythmakers Estella Lauter, 1984-07-22 impressive work of scholarship Exceptional Human Experience

True Myth James W Menzies, 2015-02-26 True Myth examines the meaning and significance of myth as understood by C S Lewis and Joseph Campbell and its place in the Christian faith in a technological society C S Lewis defined Christianity and being truly human as a relationship between the personal Creator and his creation mediated through faith in his son Jesus The influential writer and mythologist Joseph Campbell had a different perspective understanding Christianity as composed of mythical themes similar to those in other religious and secular myths While accepting certain portions of the biblical record as historical Campbell taught the theological and miraculous aspects as symbolic as stories in which the reader discovers what it means to be human today In contrast Lewis presented the theological and the miraculous in a literal way Although Lewis understood how one could see symbolism and lessons for life in miraculous events he believed they were more than symbolic and indeed took place in human history In True Myth James W Menzies skilfully balances the two writers differing approaches to guide the reader through a complex interaction of myth with philosophy media ethics history literature art music and religion in a contemporary world

A

Myth of Innocence Burton L. Mack, 1991 This imaginative book is not just a study of the Gospel of Mark but of primitive Christianity in all its variegated forms for which it represents a new paradigm It deserves serious reflection and discussion at several levels in a variety of contexts by quite diversified discussion partners James M Robinson Professor Emeritus Claremont Graduate University This is an epic making work because it turns scholarship on its head Mack asks questions not about origins but about social meaning The entire conception of what we want to know why we want to know it and how we shall find it out is new and compelling Jacob Neusner Bard College A Myth of Innocence is the most penetrating historical

work on the origins of Christianity written by an American scholar in this century Its strikingly innovative feature is the recombination of literary and social histories and the placement of diverse Jesus movements into their respective social contexts Werner H Kelber *The Catholic Biblical Quarterly* *Religious Myths and Visions of America* Christopher Buck,2009-04-30 At the heart of American studies is the idea of America itself Here Buck looks at the religious significance of America by examining those religions that have attached some kind of spiritual meaning to America The author explores how American Protestantism and nine minority faiths have projected America into the mainstream of world history by defining and by redefining America s world role Surveying the religious myths and visions of America of ten religions Buck shows how minority faiths have redefined America s sense of national purpose This book invites serious reflection on what it means to be an American particularly from a religious perspective Religious myths of America are thought orienting narratives that serve as vehicles of spiritual and social truths about the United States itself Religious visions of America are action oriented agendas that articulate the goals to which America should aspire and the role it should play in the community of nations Buck examines the distinctive perspectives held by ten religious traditions that inform and expand on the notion of America and its place in the world He covers Native American Protestant Catholic Jewish Mormon Christian Identity Black Muslim Islamic Buddhist and Baha i beliefs and invites serious reflection on what it means to be an American particularly from a religious perspective Mark and Paul Eve-Marie Becker,Troels Engberg-Pedersen,Mogens Mueller,2014-05-08 This volume brings together an international group of scholars on Mark and Paul respectively who reopen the question whether Paul was a direct influence on Mark On the basis of the latest methods in New Testament scholarship the battle over Yes and No to this question of literary and theological influence is waged within these pages In the end no agreement is reached but the basic issues stand out with much greater clarity than before How may one relate two rather different literary genres the apostolic letter and the narrative gospel How may the theologies of two such different types of writing be compared Are there sufficient indications that Paul lies directly behind Mark for us to conclude that through Paul himself and Mark the New Testament as a whole reflects specifically Pauline ideas What would the literary and theological consequences of either assuming or denying a direct influence be for our reconstruction of 1st century Christianity And what would the consequences be for either understanding Mark or Paul as literary authors and theologians How far should we give Paul an exalted a position in the literary creativity of the first Christians Addressing these questions are scholars who have already written seminaly on the issue or have marked positions on it like Joel Marcus Margaret Mitchell Gerd Theissen and Oda Wischmeyer together with a group of up coming and senior Danish scholars from Aarhus and Copenhagen Universities who have collaborated on the issue for some years The present volume leads the discussion further that has been taken up in Paul and Mark ed by O Wischmeyer D Sim and I Elmer BZNW 191 2013 **The Historical Jesus and the Christ of Faith** George Demetrion,2017-01-11 The Historical Jesus and the Christ of Faith examines the conflicting views of Marcus Borg and

N T Wright on the long standing question of the relationship between the life and times of Jesus of Nazareth and the Christ of faith as depicted in the New Testament Demetrios has created a study designed to supplement and expand on the discussion laid out in Borg's and Wright's widely read *The Meaning of Jesus* Two Views While the author is more empathetic to Wright's emphasis on the continuities between the Jesus of history and the Christ of faith as illuminated throughout the New Testament he is critical of Wright's overemphasis on history In placing his interpretive emphasis on the revelatory dynamic of the canonical Scripture and the Great Tradition of Christian orthodoxy Demetrios calls for a fourth quest for the historical Jesus that starts from a position firmly rooted in biblical faith and works backwards in search of historical roots In this he draws on the Pauline vision of God reconciling the world to himself in Christ 2 Cor 5:19 as his underlying hermeneutics In exploring the broad range of issues that underpins the continuity/discontinuity question Demetrios has provided a resource designed to span a wide audience from Christian adult study groups interested in tackling books like *The Meaning of Jesus* to graduate level seminary students and professors

Challenging the Myths of Gender Equality Michael Muonwe, 2014-07-26 CHALLENGING THE MYTHS OF GENDER EQUALITY THEOLOGY AND FEMINISM The book offers critical insight into the significance of synergy between feminist theory and theological anthropology in combating sexism in our society today The analysis of feminism's challenge of male chauvinistic discourse that has been for centuries an instrument of patriarchal manipulation is very elucidating The authors use of Genesis creation narrative to show how God intends that all live in love and communion and show equal regard to each other is exceptionally provocative Even though Michael believes that Jesus may not be rightly termed a feminist in the modern understanding of the term he demonstrates how Jesus' critical stance towards some androcentric structures of his day is a testimony to his vision and mission of inclusive kingdom where all are equal The book is very important for anyone committed to ensuring a society devoid of gender based discriminations and violence Prof Dr Annemie Dillens remarks on the book is worth noting Michael Muonwe has made it clear that the experiences by women of social exclusion and disadvantage require a thorough dialogue between feminism and Christianity In a global context where Christianity and feminism are mutually condemning each other this book offers a profound insight into many differences within feminism and feminist theology and thus avoids all too easy generalizations Both the author and his work continue to encourage me and I hope all readers will also acknowledge the value the richness and the joy of doing theology Catholic University of Leuven Belgium According to Prof em Dr Peter Schmidt This book should be known by many not only by those who are already engaged on the problem of gender inequality but maybe still more by those who have no real knowledge of the problem and its urgency The author is not only an expert on the matter but both his clarity of thought and style and his genuine commitment to the cause make it a most commendable reading Catholic University of Leuven Belgium

BIBLICAL CRITICISM Edward D. Andrews, F. David Farnell, 2017-10-27 **Jesus, Interpreted** Matthew J. Ramage, 2017 In this sequel volume to his *Dark Passages of the Bible* CUA Press 2013 author

Matthew Ramage turns his attention from the Old to the New Testament now tackling truth claims bearing directly on the heart of the Christian faith cast into doubt by contemporary New Testament scholarship Did God become man in Jesus or did the first Christians make Jesus into God Was Jesus resurrection a historical event or rather a myth fabricated by the early Church Will Jesus indeed return to earth on the last day or was this merely the naive expectation of ancient believers that reasonable people today ought to abandon They Suffered under Pontius Pilate Fernando Bermejo-Rubio,2023-09-12

Although according to the Christian Gospels three men were crucified ca 30 CE outside Jerusalem under the prefect Pontius Pilate both popular wisdom and mainstream scholarship focus solely on the fate of a single man The story is indeed told once and again as if only Jesus of Nazareth had been the target of Roman repression as if only his suffering were worthy of attention and as if the other men crucified at Golgotha had nothing to do with him The present book forcefully argues that from an epistemological and even an ethical perspective this is an odd and worrying state of affairs the prevailing approach entails one sided oversight of significant information betrays a strong bias and prevents us from grasping the meaning of the episode thus making no sense from the standpoint of ancient historians The event which requires being elucidated is not Jesus crucifixion but the whole episode of the execution by the Roman authorities of at least three men Who were the other men crucified at Golgotha Were they actually unconnected to the self styled king of the Jews as the evangelists want us to believe Why did the Roman prefect crucify all of them together in the same place at the same time And why are we told that Jesus cross was placed in the middle of the others Taking seriously into account the extent of the implausible elements in the Passion accounts the collective nature of the crucifixion and the politics of Roman Palestine They Suffered under Pontius Pilate Jewish Anti Roman Resistance and the Crosses at Golgotha provides fresh and consistent answers to these and many other pressing questions offering a genuinely historical reconstruction The conclusions obtained challenge many well rooted assumptions unveil Jesus story as a collective enterprise have far reaching implications for the history of Judaism under the Principate and compel us to critically rethink the beginnings of Christianity **Who is Jesus?** Thomas P. Rausch,2016-03-24

Who is Jesus This is the fundamental question for christology The earliest Christians used various titles most of them drawn from the Old Testament or Hebrew Scriptures to express their faith in Jesus They called him prophet teacher Messiah Son of David Son of Man Lord Son of God Word of God and occasionally even God In Who Is Jesus Thomas Rausch S J focuses on the New Testament s rich variety of christologies Who Is Jesus covers the three quests for the historical Jesus the methods for retrieving the historical Jesus the Jewish background the Jesus movement his preaching and ministry death and resurrection the various New Testament christologies and the development of christological doctrine from the New Testament period to the Council of Chalcedon Chapters are The Three Quests for the Historical Jesus Methodological Considerations The Jewish Background Jesus and His Movement The Preaching and Ministry of Jesus The Death of Jesus God Raised Him from the Dead New Testament Christologies From the New Testament to Chalcedon Sin and Salvation and A Contemporary Approach to

Soteriology Thomas P Rausch SJ PhD is the T Marie Chilton Professor of Catholic Theology at Loyola Marymount University in Los Angeles A specialist in ecclesiology ecumenism and the theology of the priesthood he has published eight books including the award winning Catholicism at the Dawn of the Third Millennium The College Student s Introduction to Theology and Reconciling Faith and Reason Apologists Evangelists and Theologians in a Divided Church published by Liturgical Press

Christology Veli-Matti Kärkkäinen, 2003-07 How does the global Christian community understand Jesus Christ Christology examines historical and contemporary understandings of Jesus from a worldwide perspective

The Christ Impulse Rudolf Steiner, 2014-12-15 Rudolf Steiner s teachings of Christ are unique Christ he says is an objective universal force existing independently of Christian churches and confessions and working for the whole of humanity The impulse that Christ brought to earth acts for the advancement of all people irrespective of religion creed or race Among the myriad other themes that emerge here are the introduction of the I or self in human development and its connection to Christ and the meaning of the Ten

Unveiling the Energy of Verbal Art: An Emotional Sojourn through **Reflections On The Christ Myth**

In a global inundated with displays and the cacophony of fast transmission, the profound energy and emotional resonance of verbal art usually fade into obscurity, eclipsed by the continuous onslaught of noise and distractions. However, set within the lyrical pages of **Reflections On The Christ Myth**, a fascinating perform of fictional beauty that pulses with fresh emotions, lies an unforgettable journey waiting to be embarked upon. Penned with a virtuoso wordsmith, that interesting opus instructions viewers on a psychological odyssey, lightly exposing the latent possible and profound influence stuck within the complicated internet of language. Within the heart-wrenching expanse of the evocative examination, we will embark upon an introspective exploration of the book is key themes, dissect their interesting writing style, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
