Hayes, 2008-10-30 An indispensable book on the important themes present in John Paul II s theology Pope Benedict XVI has written I consider it my essential and personal mission not so much to produce many new documents but to see to it that John Paul s documents are assimilated because they are a very rich treasure the authentic interpretation of Vatican II This volume responds to that challenge in helping readers and students to understand the important themes in John Paul II s theology which is crucial because his influence is already as great as that of almost any other Pope and his teachings and writings need to be studied carefully by Christians of all denominations John Paul II s writings were prolific covering topics as important as ethics politics theology and comparative religion as well as a number of philosophical works published before he became Pope To Sanctify the World George Weigel, 2022-10-04 A leading Catholic intellectual explains why the teachings of the Second Vatican Council are essential to the Church s future and the world s The Second Vatican Council 1962-1965 was the most important Catholic event in the past five hundred years Yet sixty years after its opening on October 11 1962 its meaning remains sharply contested and its promise unfulfilled In *To Sanctify the World* George Weigel explains the necessity of Vatican II and explores the continuing relevance of its teaching in a world seeking a deeper experience of freedom than personal willfulness The Council s texts are also a critical resource for the Catholic Church as it lives out its original Christ centered evangelical purpose Written with insight and verve *To Sanctify the World* recovers the true meaning of Vatican II as the template for a Catholicism that can propose a path toward genuine human dignity and social solidarity *The "Sense of the Faith" in History* John J. Burkhard, OFM Conv., 2022-01-15 While taught by Vatican II the sense of the faith *sensus fidei* has had little official impact in the Catholic Church What would the church look like if it took this conciliar teaching to heart To address this neglect John Burkhard locates the historical roots of the teaching and its emergence at Vatican II It attempts to better understand the sense of the faith in the light of other fundamental teachings of the council and challenges the hierarchical

church to invite all the faithful to rightfully participate in the prophetic ministry of the whole church closely allied with Pope Francis's call for a more synodal church

The Promise of Lutheran Ethics Karen L. Bloomquist, John R.

Stumme, 1998-08-01 Here ten Lutheran theologians explore Lutheran emphases, themes and approaches to offer their account of Christian ethics as a way of life in today's world. Writing in dialogue, they raise foundational concerns of biblical and theological sources and norms of Christian freedom and responsibility of call and social witness of justice and formation in prayer. Then in a lively Table Talk, the participants discuss and debate the tradition's insights and oversights and show how it might illumine today's burning ethical issues such as homosexuality.

Aquinas's Eschatological Ethics and the Virtue of Temperance Matthew Levering, 2019-11-15 Matthew Levering offers a biblical and Thomistic portrait of the cardinal virtue of temperance and its allied virtues in dialogue with an ecumenical range of theologians and scholars. In Aquinas's *Eschatological Ethics and the Virtue of Temperance*, Levering argues that Catholic ethics make sense only in light of the biblical worldview that Jesus has inaugurated the kingdom of God by pouring out his spirit. Jesus has made it possible for us to know and obey God's law for human flourishing as individuals and communities. He has reoriented our lives toward the goal of beatific communion with him in charity, which affects the exercise of the moral virtues that pertain to human flourishing. Without the context of the inaugurated kingdom, Catholic ethics as traditionally conceived will seem like an effort to find a middle ground between legalistic rigorism and relativistic laxism, which is especially the case with the virtue of temperance, the focus of Levering's book. After an opening chapter on the eschatological biblical character of Catholic ethics, the ensuing chapters engage Aquinas's theology of temperance in the *Summa theologiae*, which identifies and examines a number of virtues associated with temperance. Levering demonstrates that the theology of temperance is profoundly biblical and that Aquinas's theology of temperance relies for its intelligibility upon Christ's inauguration of the kingdom of God as the graced fulfillment of our created nature. The book develops new vistas for scholars and students interested in moral theology.

The Perspective of Love Russell J. Snell, 2014-04-21 While many of the Reformers considered natural law unproblematic, many Protestants consider natural law a Catholic thing and not persuasive. Natural law, it is thought, competes with the Gospel; overlooks the centrality of Christ; posits a domain of pure nature and overlooks the noetic effects of sin. This Protestant Prejudice, however, strong, overlooks developments in contemporary natural law, quite capable and willing to incorporate the usual objections into natural law. While the natural law itself is universal and invariant, theories about the natural law vary widely. The Protestant Prejudice may respond to natural law understood from within the modes of common sense and classical metaphysics but largely overlooks contemporary natural law beginning from the first person account of subjectivity and practical reason. Consequently, the sophisticated thought of John Paul II, Martin Rhonheimer, Germain Grisez, and John Finnis is overlooked. Further, the work of Bernard Lonergan, allowing for a natural law admitting of noetic sin, eagerly incorporating grace, community, the limits of history, a real but limited autonomy, and the centrality of Christ in a natural law

that is both graced and natural **The Identity of Christian Morality** Ann Marie Mealey, 2016-03-03 This book argues that moral theology has yet to embrace the recommendations of the Second Vatican Council concerning the ways in which it is to be renewed One of the reasons for this is the lack of consensus between theologians regarding the nature content and uniqueness of Christian morality After highlighting the strengths and weaknesses of the so called autonomy and faith ethic schools of thought Mealey argues that there is little dividing them and that in some instances both schools are simply defending one aspect of a hermeneutical dialectic In an attempt to move away from the divisions between proponents of the faith ethic and autonomy positions Mealey enlists the help of the hermeneutical theory of Paul Ricoeur She argues that many of the disagreements arising from the Christian proprium debate can be overcome if scholars look to the possibilities opened up by Ricoeur's hermeneutics of interpretation Mealey also argues that the uniqueness of Christian morality is more adequately explained in terms of a specific identity self that is constantly subject to change and revision in light of many often conflicting moral sources She advocates a move away from attempts to explain the uniqueness of Christian morality in terms of one specific unchanging context motivation norm divine command or value By embracing the possibilities opened up by Ricoeurian hermeneutics Mealey explains how concepts such as revelation tradition orthodoxy and moral conscience may be understood in a hermeneutical way without being deemed sectarian or unorthodox **Boletín Eclesiástico de Filipinas**, 1999 **Conscience in Conflict** Kenneth R. Overberg, 2018-11-16 What ought we to do In this third edition of Conscience and Conflict How to Make Moral Choices Jesuit theologian Kenneth Overberg discusses the sex abuse scandal in the Catholic church homosexuality stem cell research globalization terrorism and preemptive war euthanasia artificial conception and contraception managed care and other tough issues that confront us as individuals and as global communities
