Reflections Of A Radical Moderate

Michael Koncewicz

Reflections Of A Radical Moderate:

Reflections of a Radical Moderate Elliot Richardson, 1997-06-01 **Reflections of a Radical Moderate** Elliot L. Richardson, 1996 Ultimate Washington insider Elliot Richardson a stalwart of the liberal wing of the Republican party offers a cool and steady examination of the growth of political cynicism and the accumulation of hostility toward our government by its citizens Published to coincide with the Democratic and Republican national conventions this is a bracing account of what it means to be a responsible American today Why It's OK to Be a Moderate Marcus Arvan, 2025-03-17 Conservatives and progressives rarely agree on much but one thing many agree upon is that it is not OK to be a moderate This book shows they are wrong In *Why It's OK to Be a Moderate* Marcus Arvan shows how many of history's worst evils have resulted from far right and far left radicalism how escalating conflicts between conservatives and progressives are undermining democracy and how many widely hailed social and political achievements have been achieved by moderates and radicals working in constructive tension with each other Using philosophy science and historical analysis Arvan shows that critics of moderates tend to equate them with spineless centrists but that most moderates aren't centrists falling into diverse categories across the political spectrum Arvan then shows that although radicals tend to be popular in their era many of them have gone down in infamy while many moderates like Abraham Lincoln or Clement Attlee have endured short term unpopularity to make history Arvan shows that it is OK to be a moderate precisely because not everyone should be one He makes this case to you showing that whatever your reasonable political ideology may be things tend to go best politically when radicals and moderates effectively complement each other's virtues while counterbalancing the other's vices Key Features Uses science and historical analysis to show that while liberals and conservatives may have some political virtues radicals on both sides of the political spectrum tend to display twelve political vices that undermine democracy Explores how Aristotle's idea of the Golden Mean and Buddhism's Middle Way might be used to better understand far left and far right mistakes in the UK US Continental Europe and India Shows how moderates are a leading political demographic existing in greater numbers than liberals or conservatives while falling into diverse categories across the political spectrum Documents how radicalism has underwritten many of history's worst political events along with many of the most widely acknowledged political problems of the 20th and 21st centuries Demonstrates to the reader that things tend to go best politically when radicals and moderates work in constructive tension with each other and worst when there aren't enough moderates **The Future of American Democracy** Glen Browder, 2002 Former congressman Browder is worried that the current trends of American democracy might result in a Union of Socialist States of America or worse He suggests that we're suffering from a cumulative distemper in which we may be tiring of America's historic Great Experiment He offers vague prescriptions about embarking on a National Democratic Renaissance and rediscovering the essence of our American nation Annotation copyrighted by Book News Inc Portland OR **Pathways to Democracy** James Frank Hollifield, Calvin C. Jillson, 2014-01-21 First Published in

2000 Routledge is an imprint of Taylor Francis an informa company The Square and the Tower Niall Ferguson, 2019-01-22 The instant New York Times bestseller A brilliant recasting of the turning points in world history including the one we're living through as a collision between old power hierarchies and new social networks Captivating and compelling The New York Times Niall Ferguson has again written a brilliant book In 400 pages you will have restocked your mind Do it The Wall Street Journal The Square and the Tower in addition to being provocative history may prove to be a bellwether work of the Internet Age Christian Science Monitor Most history is hierarchical it's about emperors presidents prime ministers and field marshals It's about states armies and corporations It's about orders from on high Even history from below is often about trade unions and workers parties But what if that's simply because hierarchical institutions create the archives that historians rely on What if we are missing the informal less well documented social networks that are the true sources of power and drivers of change The 21st century has been hailed as the Age of Networks However in The Square and the Tower Niall Ferguson argues that networks have always been with us from the structure of the brain to the food chain from the family tree to freemasonry Throughout history hierarchies housed in high towers have claimed to rule but often real power has resided in the networks in the town square below For it is networks that tend to innovate And it is through networks that revolutionary ideas can contagiously spread Just because conspiracy theorists like to fantasize about such networks doesn't mean they are not real From the cults of ancient Rome to the dynasties of the Renaissance from the founding fathers to Facebook The Square and the Tower tells the story of the rise fall and rise of networks and shows how network theory concepts such as clustering degrees of separation weak ties contagions and phase transitions can transform our understanding of both the past and the present Just as The Ascent of Money put Wall Street into historical perspective so The Square and the Tower does the same for Silicon Valley And it offers a bold prediction about which hierarchies will withstand this latest wave of network disruption and which will be toppled Public Service Exemplars J. Michael Martinez, 2024-08-02 Understanding and encouraging the development of good leaders are so important that schools of business administration public administration public policy and organizational development teach courses in leadership Within the public administration literature scholars have discussed the value of studying outstanding individuals who have been uniquely effective in fulfilling their formal duties as well as ethical in leading their organizations Public Service Exemplars is the first book to highlight the decision making styles of American public servants who serve as models of excellence in public service While the roles they held eras in which they served formal training for the job personalities and relative levels of fame differ widely the figures profiled in this book are united in their strong belief in the efficacy of government service and a willingness to employ innovative methods for accomplishing objectives Examining three theories of decision making by effective leaders autocratic leadership democratic leadership and delegative leadership this book explores the way that unelected leaders working within public agencies and in a couple of cases the US military reached

decisions that are widely considered to be highly effective Profiling leaders as diverse as Robert Moses Frances Perkins James Webb Colin Powell and Anthony Fauci to name a few Public Service Exemplars questions whether great leadership truly is as it is often assumed an elusive almost indefinable quality Can it be taught Are effective leaders born made or a combination thereof This book will be of keen interest to both current and future public service leaders including students enrolled in public administration and nonprofit management courses

The Oxford Handbook of the American Presidency George C. Edwards, William G. Howell, 2011-08-04 With engaging new contributions from major figures in the field The Oxford Handbook of the American Presidency provides the key point of reference for anyone working in American politics today

The Guardians Geoffrey Kabaservice, 2014-09-02 How liberalism and one of the most dramatic eras in American history were shaped by an influential university president and his powerful circle of friends Yale's Kingman Brewster was the first and only university president to appear on the covers of Time and Newsweek and the last of the great campus leaders to become an esteemed national figure He was also the center of the liberal establishment a circle of influential men who fought to keep the United States true to ideals and extend the full range of American opportunities to all citizens of every class and color Using Brewster as his focal point Geoffrey Kabaservice shows how he and his lifelong friends Kennedy adviser McGeorge Bundy Attorney General and statesman Elliot Richardson New York mayor John Lindsay Bishop Paul Moore and Cyrus Vance pillar of Washington and Wall Street helped usher this country through the turbulence of the 1960s creating a legacy that still survives In a narrative that is as engaging and lively as it is meticulously researched The Guardians judiciously and convincingly reclaims the importance of Brewster and his generation illuminating their vital place in American history as the bridge between the old establishment and modern liberalism

Spiro Agnew and the Rise of the Republican Right Justin P. Coffey, 2015-10-26 The narrative of Spiro Agnew's rise and fall has never been fully told This compelling book tells the story of one of the most controversial high level politicians of recent American history and explains the importance of Agnew's life and career Too often overlooked by students of modern conservatism Spiro T Agnew's political career mirrored the transformation of the Republicans from a big tent party to a narrower more conservative and ideologically purer one in the 1960s and 1970s Spiro Agnew and the Rise of the Republican Right traces Agnew's life and career and shows how Agnew was a key figure in American politics and documents how a powerful politician who looked to be headed to the presidency ended up having to resign from the office of the vice president in shame and fade into the shadows of political history This political biography examines how Spiro Agnew's ideological transformation from a moderate liberal to a conservative spearheaded the rise of the Republican Right Author Justin P Coffey PhD explores the political social and racial aspects of Agnew's career and how he both influenced and was himself shaped by each of these parameters This book offers an unprecedented study of Agnew's legacy in the present day context providing information suited for any reader interested in history or politics and filling a void in the scholarship of the rise of the conservative movement

Rules and

Red Tape: A Prism for Public Administration Theory and Research Barry Bozeman, Mary K. Feeney, 2014-12-18 This work includes a brief history of skyscrapers as well as chapters on elevators and communications facades and facing mechanical and electrical systems forces of nature and much more

They Said No to Nixon Michael Koncewicz, 2020-09-15 In more than 3 000 recorded conversations the Nixon tapes famously exposed a president's sinister views of governance that would eventually lead to his downfall Despite Richard Nixon's best efforts his vision of a government where he could use his power to punish his political enemies never came to fruition because there were those in his party who defied the president's directives While many are familiar with the Republicans who turned against Nixon during the final stages of the Watergate saga *They Said No to Nixon* uncovers for the first time those within the administration including Nixon's own appointees who opposed the White House early on quietly blocking the president's attacks on the IRS the Justice Department and other sectors of the federal government Culling from previously unpublished excerpts from the tapes and recently released material that expose the thirty seventh president's uncensored views Michael Koncewicz reveals how several Republican party members chose loyalty to their roles as civil servants over Nixon's attempts to expand the imperial presidency Delving into the culture of criminality surrounding Watergate and why it did not succeed *They Said No to Nixon* sheds light on the significant cultural and ideological shifts that occurred within the GOP during the pivotal 1970s To this day the Nixon tapes are a bracing reminder of the threat to constitutional order posed by a president who wields power without restraint

Freedom of Speech and Society , Nixon's Back Channel to Moscow Richard A. Moss, 2017-01-17 An in depth study of the secret communications that led to unprecedented thaw between Cold War superpowers quite gripping and wonderfully revealing Jeremi Suri author of *Liberty's Surest Guardian* The détente between the United States and the Soviet Union was among the Nixon administration's most significant foreign policy successes The diplomatic back channel that national security advisor Henry Kissinger established with Soviet ambassador Anatoly Dobrynin became the most important method of achieving this thaw in the Cold War While Kissinger preferred back channels for streamlining communications and preventing leaks these methods were widely criticized by State Department officials left out of the loop and by an American public weary of executive secrecy Richard A Moss's penetrating study documents and analyzes US Soviet back channels from

Nixon's inauguration through the May 1972 Moscow Summit. He traces the evolution of confidential diplomacy and examines major flashpoints including the 1970 crisis over Cienfuegos, Cuba, the Strategic Arms Limitations Talks (SALT), US dealings with China, deescalating tensions in Berlin, and the Vietnam War. Moss argues that while the back channels improved US-Soviet relations in the short term, the Nixon-Kissinger methods provided a poor foundation for lasting policy. Employing newly declassified documents, the Nixon tapes, and the complete record of the Kissinger-Dobrynin channel, Moss reveals the behind-the-scenes deliberations of Nixon, his advisers, and their Soviet counterparts. This is the first scholarly study to comprehensively assess the central role of confidential diplomacy in shaping America's foreign policy during this critical era.

Ethics Management for Public Administrators Donald C. Menzel, 2014-12-18. As with the first edition, this practical book is dedicated to building organizations of integrity. It has been written for students contemplating careers in public service, elected and appointed officials, administrators, and career public servants in America and abroad. **Ethics**

Management for Public and Nonprofit Managers Donald C. Menzel, 2016-06-10. This practical book is dedicated to building ethical organizations. It has been written for college students preparing for careers in public service as well as for elected and appointed officials, administrators, and career public servants in the United States and elsewhere. Concise and comprehensive, *Ethics Management for Public and Nonprofit Managers* takes a managerial ethics approach to building and leading ethical public organizations. It includes a discussion of the U.S. constitutional and administrative environment in which officials carry out their duties, descriptions and assessments of the tools available to elected and appointed officials who are committed to building ethical organizations, an overview of legislative and administrative measures taken by Congress, presidents, the judiciary, and the fifty states to foster ethical governance, unique coverage of ethics management around the world with a focus on the US, Europe, and Asia, and hands-on skill-building exercises with active learning opportunities that conclude each chapter. This third edition includes a new chapter on achieving ethical competence, exploring a wide range of ethical issues that confront public and nonprofit managers in their efforts to lead and build organizations of integrity. Examples and cases from both the public and the nonprofit sectors are incorporated throughout the third edition so that the book acts as a kind of field guide for ethical behavior, with descriptions and assessments of the tools available to elected and appointed officials at every level. Accompanying the third edition text is a series of exercises that build ethical competence skills, asking the reader to judge the ethical competence of key actors in cases drawn from recent headlines. **Combating Corruption, Encouraging Ethics** William L. Richter, Frances Burke, 2007-01-23. Ethical

foundations, virtue, consequence, principle, responsibility, and accountability. Twenty-first century challenges, global dimensions, changing boundaries, understanding fraud, waste, and corrupt practices, graft, bribery, and conflict of interest, lying, cheating, and deception, privacy, secrecy, and confidentiality, abuse of authority and administrative evil, establishing expectations, providing guidelines and building trust, transparency, whistle-blowing, and dissent, compliance, oversight, and sanctions.
