## **Reflections On Revival:**

Reflections on Revival Charles Grandison Finney, Donald W. Dayton, 1845 After more than twenty years of revival ministry America's greatest evangelist had accumulated knowledge of spiritual awakenings their implications and excesses perhaps exceeding that of almost anyone in Christian history This aggregate wisdom on the subject was first presented to the reading public in the form of a series of 32 open letters printed on the pages of the Oberlin Evangelist in 1845 Some were recently reproduced in a volume titled Revival Fire But fifteen of the original letters did not find their way into that book In your hands you have all thirty two of the invaluable epistles of the incomparable preacher Back cover **Letters on Revival** Charles G. Finney, 1845 Revivals of religion have been gradually becoming more and more superficial All the phenomena which they exhibit testify to this as a general fact There is very much less deep conviction of sin and deep depth of humility and much less strength in all the graces exhibited by converts in late revivals than in the converts from the revivals which occurred about 1830 and 1831 and for some time previous I have observed as have others also that revivals are of much shorter duration and that a reaction comes on much more suddenly and disastrously than formerly Also that fewer of the converts make stable and efficient Christians that those who do persevere appear to have less of the Spirit of Christ than in former revivals not so much of the spirit of prayer and are not so modest and humble In short all the phenomena of the more recent revivals judging from my own experience and observation and from the testimony of other witnesses show that they have at least very extensively taken on a much less desirable type than formerly Christians are much less spiritual in revivals much less prevalent in prayer not so deeply humbled and quickened and thoroughly baptized with the Holy Ghost as they were formerly These statements I do not suppose to be universally applicable to modern revivals but I do believe them to be applicable generally As revivals now exist I believe ministers are not nearly as desirous of seeing them in their congregations as they formerly were nor have they good reason to be Those ministers who have witnessed none but the later revivals of which I speak are almost afraid of revivals They have seen the disastrous results of modern revivals so frequently that they honestly entertain the doubt whether they are upon the whole desirable Those as I have good reason to know who saw the revivals which occurred ten or twenty years ago greatly prefer revivals of that type They are distressed with the superficiality of many recent revivals I make this as a general not a universal remark and state only my own opinion of public sentiment I have often heard it said both among ministers and private Christians we long to see the days return when we shall have such revivals as we saw years ago I have been anxiously watching the progress of things in this direction and inquiring as carefully and prayerfully as I could into the causes which are operating to produce these results If I am not misinformed and have not greatly misapprehended the case the following will be found among them Reflections on Revival! world      **Reflections on Socialism in the Twenty-First Century** Claes Brundenius, 2020-02-27 In this volume the authors reflect on the question what is socialism as it pertains to today's economy. There is particular emphasis on democratic socialism models as a potential alternative to classic authoritarian socialism. A number of topical questions are addressed such as: What is democratic socialism and is it feasible or even viable? What can be learnt from existing democratic socialist experiences? What would an ideal democratic socialist society look like today? Under what circumstances and where could such a model emerge today? In exploring these questions several themes arise within these chapters such as the role of socialist values and inspirations in capitalist societies and how capitalism and socialism relate to the knowledge economy. The contemporary world is showing many contradictions with uncertain future scenarios that preoccupy mankind. The global capitalist system as we know it is in deep crisis and some even predict its slow death because of its inability to handle the environmental imperative. At the same time classic socialism as experienced in the Soviet Union and its proxies is a stone dead alternative to capitalism today. So what options remain? The book considers this question as it examines a range of countries where socialism in one form or another has arisen or where democratic socialism could be possible including Brazil, Chile, Cuba, Sweden and the United States.

**Grounded in Grace** Pieter J. Lalleman, Peter J. Morden, Anthony R. Cross, 2020-10-21 On 9 January 2013 Dr Ian M Randall celebrated his sixty-fifth birthday. For this occasion some friends and colleagues presented him with a Festschrift which reflects his achievements as a church historian with a particular interest in the Evangelical movement and spirituality. It also mirrors his involvement with theological training in central and eastern Europe. Over the last twenty years Dr Randall has also established himself as a leading historian of the Baptist churches in Europe. The contributions to *Grounded in Grace* interact with his areas of interest: Baptists, the Anabaptist movement, Evangelicalism and spirituality. This book makes a valuable contribution to thinking in all these areas. Scholars, pastors, other church leaders and students will profit hugely from it. It contains a short biography and a bibliography of Ian's publications.

*The Oxford Handbook of Music Revival* Caroline Bithell, Juniper Hill, 2014 Why is music from the past significant today and how has it been transformed to suit new values and agendas? This volume examines the globally recurrent cultural processes of revival, resurgence, restoration and renewal. Interdisciplinary perspectives shed new light on authenticity, recontextualization, transmission, institutionalization, globalization and post-revival legacies.
