**Alex Davis, Lee M. Jenkins**

## Reflections On The Death Of A Porcupine:

**Reflections on the Death of a Porcupine and Other Essays** David Herbert Lawrence, 1925      **Reflections on the Death of a Porcupine** David Herbert Lawrence, 1975      Reflections on the Death of a Porcupine and Other Essays D. H. Lawrence, 1988-01-29 This volume contains what Lawrence himself called philosophicalish essays written in the decade 1915-25. The topics range from politics to nature from religion to education the tone from lighthearted humor to mordant wit to spiritual meditation. For all these contrasts however the essays share many of the underlying themes of the mature Lawrence. Be thyself could be the volume's motto. As far as possible this edition restores what Lawrence wrote before typists, editors and compositors made the extensive alterations that have been followed in all previous editions of the texts; on occasion entire passages removed by mistake or for reasons of censorship have been recovered. The introduction describes the genesis, textual history and reception of the essays; notes offer help with allusions and other difficult points. Several incomplete and unpublished essays are reproduced in an appendix.

**Reflections on the Death of a Porcupine and Other Essays** D. H. Lawrence, 1988      **Reflection on the Death of a Porcupine** D. H. Lawrence, 2019-02-20 This collection of essays by the author of *Lady Chatterley's Lover* presents his musings on literature, politics and philosophy in a newly restored text. Though D. H. Lawrence was one of the great writers of the twentieth century, his works were severely corrupted by the stringent house styling of printers and the intrusive editing of timid publishers. A team of scholars at Cambridge University Press has worked for more than thirty years to restore the definitive texts of D. H. Lawrence in *The Cambridge Editions*. Between 1915-1925 D. H. Lawrence wrote a series of philosophicalish essays covering topics ranging from politics to nature and from religion to education. Varying in tone from lighthearted humor to spiritual meditation, they all share the underlying themes of Lawrence's mature work. Be thyself. As far as possible, the editors of the *Cambridge Editions* series have restored these essays to their original form as Lawrence wrote them. A discussion of the history of each essay is provided, and several incomplete and unpublished essays are reproduced in an appendix.

Reflections on the Death of a Porcupine, Etc David Herbert Lawrence, 1934      Reflections on the Death of a Porcupine and Other Essays David Herbert Lawrence (Schriftsteller), 1934      Further Reflections on the Death of a Porcupine Olive Moore, 1932      A Critical Edition of D.H. Lawrence's 'Reflections on the Death of a Porcupine' and Other Essays of 1915 to 1925, 1983      D. H. Lawrence's Philosophy of Nature Tianying Zang, 2011 This book is a study of D. H. Lawrence's view of nature; his ecological consciousness contributes to his unique place within modern aesthetics. An affinity has been examined between Lawrence's ideology of man-nature relationship and the classic oriental philosophies concerning nature, particularly the ancient Taoism. In Lawrence's novels and essays, one finds that virtually all aspects of his religious vision are anticipated in Eastern literature. His almighty Holy Ghost, for example, who is responsible for the sacred underlying unity, is named Brahman by Hindus, Dharmakaya by Buddhists, and Tao by Taoists. His duality, with its stress on the dynamic balance between complementary life principles, is fully worked out in the Yin Yang.

philosophy of Taoism      The Complete Works of D. H. Lawrence D. H. Lawrence, 2023-12-09 D H Lawrence's *The Complete Works of D H Lawrence* offers an exhaustive collection of his multifaceted literary output encompassing novels poetry essays and short stories Characterized by its exploration of human relationships sensuality and the tension between nature and industrialization Lawrence's writing often embodies a lyrical intensity and psychological depth that reflects the complexities of life in the early 20th century His works are deeply rooted in modernist contexts confronting societal norms with candid examinations of gender sexuality and existential angst Born in 1885 in a coal mining town in England Lawrence's upbringing in a working class family significantly shaped his worldview and literary voice He experienced firsthand the struggles of industrial life which permeate his writings His passionate quest for authenticity and emotional truth coupled with an interest in spirituality and the natural world led him to challenge contemporary literary conventions Lawrence's travels across Europe and encounters with diverse cultures further enriched his perspective allowing him to synthesize personal and universal themes This comprehensive collection is essential reading for anyone seeking to understand the evolution of modern literature Lawrence's ability to intertwine the personal with the political invites readers to reflect on their own lives and societies For scholars enthusiasts or newcomers to his work *The Complete Works of D H Lawrence* serves as an invaluable resource that illuminates the profound depth and resonance of his literary legacy      D.H. Lawrence's Final Fictions Ben Stoltzfus, 2024-04-08 D H Lawrence's *Final Fictions* A Lacanian Perspective explores how literature thinks more specifically how the reading of fiction influences behavior Lawrence writes passionately about our alienation from ourselves from other people and from the cosmos He believes that we need to heed the voices of our unconscious and he shows us how to meld body and mind so that psychoanalytically speaking Id and Ego can come together In this endeavor there is a salient convergence between Lawrence's writings and those of Jacques Lacan the French psychoanalyst In this book Stoltzfus examines the poetics of seven major fictions that Lawrence wrote between 1925 and 1930 five productive years that are referred to as his fabulation period In each of the book's seven chapters in tandem with Lacan's writings Stoltzfus analyzes seven major characters four of whom move from alienation to the renewal of self and the cosmos He argues that Lawrence's fiction is simultaneously descriptive and prescriptive by showing us how to circumvent dysfunction Stoltzfus brings literature and psychoanalysis together in readings that are both aesthetic and epistemological They are recipes for curing the Anthropocene      *D.H. Lawrence, the Poet who was Not Wrong* Douglas A. Mackey, 1986-01-01 Although D H Lawrence is justly celebrated as the author of such seminal novels as *The Rainbow* *Sons and Lovers* *Women in Love* *The Plumed Serpent* and *Lady Chatterley's Lover* he also produced a considerable body of poetry collected together in a thousand page volume in 1928 The overall quality of the writer's verse is superb It is permeated with the Lawrencean voice the incandescent language the recurrent symbology the sense of wonder at nature the subtle portrayals of human relationships and the metaphysical thrust Mackey provides the first lengthy examination of Lawrence's poems Complete with Chronology Bibliography and Index

**Julian Huxley, Evolutionism and the History of Transhumanism** Ingrid Dunér, 2025-03-18 The evolutionary biologist Julian Huxley 1887 1975 attempted to promote a religion for the future which he would come to refer to as Transhumanism Transhumanism was an attempt to unite a more traditional humanistic view of the human as containing some form of core essence or potential with an evolutionary point of view of humans as a work in progress Before humans natural selection had been responsible for the transformation of life Through its ordering principles and through chance it had given rise to humankind which had ushered in a new phase of evolution Humanity stood on the threshold of yet another critical point in evolution The consciously purposive phase of evolution This open access book explores the history of transhumanism by analyzing how Julian Huxley's transhumanism develops and why it does at this particular point in time by placing it firmly within the context of his specific scientific and sociopolitical milieu starting roughly in the interwar years and stretching over the Second World War to the 1970s Continuing the study then focuses on the new transhumanists of the 1970s 1980s and 1990s and investigates continuity in mode of thinking contributing to a more coherent understanding of transhumanism its history and of modern projects of human enhancement The book captures how scientific and technological development in relation to society and social order shapes images and expectations of the future and of what future is desirable The New Adelphi, 1929

**A History of Modernist Poetry** Alex Davis, Lee M. Jenkins, 2015-04-27 A History of Modernist Poetry examines innovative anglophone poetries from decadence to the post war period The first of its three parts considers formal and contextual issues including myth politics gender and race while the second and third parts discuss a wide range of individual poets including Ezra Pound T S Eliot W B Yeats Mina Loy Gertrude Stein Wallace Stevens William Carlos Williams and Marianne Moore as well as key movements such as Imagism Objectivism and the Harlem Renaissance This book also addresses the impact of both World Wars on experimental poetries and the crucial role of magazines in disseminating and proselytizing on behalf of poetic modernism The collection concludes with a wide ranging discussion of the inheritance of modernism in recent writing on both sides of the Atlantic

**Gothic Modernisms** A. Smith, J. Wallace, 2001-05-04 This is the first full length exploration of the relationship between Gothic fiction and Modernism in fiction and film The Gothic's fascination with images of the fragmented self is echoed in the Modernist concern with the psyche and the paranoia of the everyday The contributors explore how the Gothic influences a range of writers including James Joyce D H Lawrence Virginia Woolf May Sinclair Elizabeth Bowen and Djuna Barnes

*Lateness and Modernism* Sarah Collins, 2019-08 Examines the role of musical figures within late modernism presenting a new understanding of the politics and aesthetics of lateness

**D.H. Lawrence** Dolores LaChapelle, 1996 This book will change the way you think about D H Lawrence Critics have tried to define him as a Georgian poet an imagist a vitalist a follower of the French symbolists a romantic or a transcendentalist but none of the usual labels fit The same theme runs through all his work beginning with his very first novel The White Peacock and ending with the last line of his final book Apocalypse Always it is nature He said this over and over again and no one

especially those who feared the old ways of harmonious and balanced living on the earth understood him **Vogue for Russia** Caroline Maclean, 2015-01-20 Explores the influence of Russian aesthetics on British modernists In what ways was the British fascination with Russian arts politics and people linked to a renewed interest in the unseen How did ideas of Russianness and the Russian soul prompted by the arrival of the Ballets Russes and the rise of revolutionary ideals attach themselves to the existing British fashion for theosophy vitalism and occultism In answering these questions this study is the first to explore the overlap between Slavophilia and mysticism between 1900 and 1930 in Britain The main Russian characters that emerge are Fedor Dostoevsky Boris Anrep Vasily Kandinsky Petr Ouspensky and Sergei Eisenstein The British modernists include Roger Fry Virginia Woolf Mary Butts John Middleton Murry Michael Sadleir and Katherine Mansfield Key Features Draws on unpublished archive material as well as on periodicals exhibition catalogues reviews diaries fiction and the visual arts Addresses the omission in modernist studies of the importance of Russian aesthetics and Russian discourses of the occult to British modernism Challenges the dominant Western European and transatlantic focus in modernist studies and provides an original contribution to our understanding of new global modernisms Combines literary studies with aesthetics modernist history the history of modern esotericism film history periodical studies and science studies
