involved in professional development Expert advice is provided on relevant aspects of nursing practice such as reflective practice and clinical supervision *Professional Development Through Action Research* Christine O'Hanlon, 2014-04-23

Written from various perspectives this book describes ways of using action research to improve teaching and learning It includes contributions about action research related to political action school inclusion distance learning feminism and initial teacher training The coherent theme of the book is the consistent appraisal of action research as a means of supporting the transformation of educational praxis through practical enquiry and reflexive practice **Developing Reflective Practice , Teaching Music Performance in Higher Education** Helen Julia Minors, Stefan Östersjö, Gilvano Dalagna, Jorge Salgado Correia, 2024-05-27

Higher Music Performance Education as taught and learned in universities and conservatoires in Europe is undergoing transformation Since the nineteenth century the master apprentice pedagogical model has dominated creating a learning environment that emphasises the development of technical skills rather than critical and creative faculties This book contributes to the renewal of this field by being the first to address the potential of artistic research in developing student centred approaches and greater student autonomy This potential is demonstrated in chapters illustrating artistic research projects that are embedded within higher music education courses across Europe with examples ranging from instrumental tuition and ensemble work to the development of professional employability skills and inclusive practices Bringing together diverse and experienced voices working within Higher Music Education but often also as professional performers this edited collection pairs critical reflection with artistic insight to present new approaches to curricula for teaching interpretation and performance It calls for greater collaboration between Higher Education and professional music institutions to create closer bonds with music industries and thereby improve students career opportunities Teaching Music Performance in Higher Education will appeal to scholars performers teachers but also students whose interests centre on innovative practices in conservatoires and music departments **Handbook of Research on Critical Thinking Strategies in Pre-Service Learning Environments** Mariano, Gina J., Figliano, Fred J., 2019-01-25

Learning strategies for critical thinking are a vital part of today's curriculum as students have few additional opportunities to learn these skills outside of school environments Therefore it is of utmost importance for pre service teachers to learn how to infuse critical thinking skill development in every academic subject to assist future students in developing these skills The Handbook of Research on Critical Thinking Strategies in Pre Service Learning Environments is a collection of innovative research on the methods and applications of critical thinking that highlights ways to effectively use critical thinking strategies and implement critical thinking skill development into courses While highlighting topics including deep learning metacognition and discourse analysis this book is ideally designed for educators academicians researchers and students **Developing Professional Practice in Health and Social Care** Adam Barnard, 2017-07-14
