## **Reflexivization In English And Polish An Arc Pair Grammar Analysis:**

*Reflexivization in English and Polish* Wojciech Kubinski, 2010-11-22 Over the past few decades the book series *Linguistische Arbeiten* Linguistic Studies comprising over 500 volumes has made a significant contribution to the development of linguistic theory both in Germany and internationally The series will continue to deliver new impulses for research and maintain the central insight of linguistics that progress can only be made in acquiring new knowledge about human languages both synchronically and diachronically by closely combining empirical and theoretical analyses To this end we invite submission of high quality linguistic studies from all the central areas of general linguistics and the linguistics of individual languages which address topical questions discuss new data and advance the development of linguistic theory

**Icelandic Morphosyntax and Argument Structure** Jim Wood, 2015-01-05 This book provides a detailed study of Icelandic argument structure alternations within a syntactic theory of argument structure Building on recent theorizing within the Minimalist Program and Distributed Morphology the author proposes that much of what is traditionally attributed to syntax should be relegated to the interfaces and adapts the late insertion theory of morphology to semantics The resulting system forms sound meaning pairs by generating hierarchical structures that can be translated into morphological representations on the one hand and semantic representations on the other The syntactic primitives however underdetermine both morphophonology and semantics Without appealing to special stipulations the theory derives constraints on the external argument of causative alternation verbs interpretive restrictions on nominative objects and the optionally agentive interpretation of verbs denoting self directed motion *Annual Workshop on Formal Approaches to Slavic Linguistics* Tracy Holloway King, Irina A. Sekerina, 2000 **Literary Invention and the Cartographic Imagination**

, 2022-10-24 *Literary Invention and the Cartographic Imagination* Early Modern to Late Modern is a wide ranging inter and transdisciplinary approach grounded in the twin rigors of theory and history which through close readings of authors from Edmund Spenser to Olga Tokarczuk and through considered discussions of the ideologies of walking and mapping in performance art and cultural representation assesses and analyses the significance of maps to literary texts and which examines the ways in which the literary maps imaginary and real worlds Together the essays demonstrate convincingly the close relationship between text map and culture *Working with Functional Grammar* Mike Hannay, Elseline

Vester, 2013-02-06 No detailed description available for *Working with Functional Grammar* **Case and Aspect in Slavic** Kylie R. Richardson, 2007-06-28 The role of structural case in syntax is arguably one of the most controversial topics in syntactic theory with important implications for semantic theory This book focuses on some of the most puzzling case marking patterns in the Slavic languages and ties these patterns to different types of aspectual phenomena showing that there is after all a pattern in the seeming chaos of case in the Slavic languages Kylie Richardson addresses links between the case marking on objects and the event structure of a verb phrase in Belarusian Russian Ukrainian Czech Slovak Polish and

Bosnian Croatian Serbian and also shows that the links between case and aspect in the Slavic languages belong to a much larger pattern found in language in general She also focuses on links between case and grammatical aspect in depictive predicative participle and copular constructions in the East Slavic languages The book will appeal to scholars and advanced students of aspect and to all Slavicists     Essays in Semantics and Pragmatics Masayoshi Shibatani, Sandra A. Thompson, 1996-01-01 This volume reflects the influence of Chuck Fillmore's ground breaking work in the fields of semantics and pragmatics The papers in the volume pay tribute to his pioneering research into the deepest realms of the nature of meaning     **Current Trends in Contrastive Linguistics** María de los Ángeles Gómez González, J. Lachlan Mackenzie, Elsa M. González Álvarez, 2008-12-17 This book examines the contribution of various recent developments in linguistics to contrastive analysis The articles range across a broad gamut of languages with most attention going to the languages of Europe They show how advances in theory and computer technology are together impacting the field of contrastive linguistics Part I focuses from a broadly functional cognitive viewpoint on the close link with typology stressing the importance of embedding the treatment of grammatical categories in their contexts of use Part II turns to methodological issues exploring the enormous potential offered by parallel computer accessible corpora to contrastive linguistics and to enhancing the testability authenticity and empirical adequacy of cross linguistic studies Part III is concerned with contrastive semantics ranging from individual items to entire grammatical constructions and shows how meanings are coupled to language specific cognitive strategies and even to cultural differences in subjective awareness and the fashioning of personal identity     General Linguistics ,1988     *Word* ,1991     *Lexicographica* ,1986     **Syntax** Joachim Jacobs, 1993     **Acta Societatis Linguisticae Europaeae** ,1988     Linguistic Influence of Polish on Joseph Conrad's English Mary Morzinski, 1993     Probus ,1989     *Journal of Slavic Linguistics* ,2003     **A Festschrift for Edmund Gussmann from His Friends and Colleagues** Henryk Kardela, Bogdan Szymanek, 1996     **Working Papers in Linguistics** ,1992     **Aspects of Polish Syntax** Katarzyna Dziwirek, 1991     Polish Subjects Katarzyna Dziwirek, 1994
