**Always Being Reformed** David H. Jensen, 2016-03-31 One of the most persistent slogans of Reformed theology is that it is reformed and always being reformed But what does this slogan mean This volume gathers thirteen essays written by a younger generation of Reformed theologians who teach and write on five different continents who together offer this work in Christian systematic theology Unlike many other works of Reformed theology however this book is framed by pressing contextual issues and questions instead of traditional loci Each chapter engages classical doctrine but does so through the lens of contemporary lived experience in particular contexts The result is not a theology where doctrines are applied to contexts but an approach where doctrine and context mutually shape one another The contributors take seriously the notion that theology is always being reformed and is always partial ever on the way hence it requires conversation partners beyond the Reformed family of faith The result is a study in Reformed theology that is thoroughly ecumenical

*The Reformed Doctrine of Predestination [Fifth Edition]* Loraine Boettner, 2017-02-07 First published in 1941 this is the Fifth Edition of Loraine Boettner's 1932 publication *The Reformed Doctrine of Predestination* and is widely considered to be one of the 20th century's most reasoned explanations of the sovereignty of God and the Reformed interpretation of salvation THE purpose of this book is not to set forth a new system of theological thought but to give a restatement to that great system which is known as the Reformed Faith or Calvinism and to show that this is beyond all doubt the teaching of the Bible and of reason Loraine Boettner Introduction Whoever really wants to know what Calvinism teaches cannot do better than to read this book from cover to cover

**The Westminster Handbook to Reformed Theology** Donald K. McKim, 2001-01-01 Compact yet comprehensive entries on theological terms as understood from a Reformed perspective are contained in this book With pieces written by esteemed Reformed scholars this book gives easy access to a wealth of

theological information and summarizes the most significant aspects of Reformed theology *Faith, Form, and Fashion* Paul Helm, 2014-08-14 This is a detailed examination of the theological innovations of Kevin Vanhoozer and John Franke Each proposes that doctrinal and systematic theology should be recast in the light of postmodernity No longer can Christian theology be foundational or have a stable metaphysical and epistemological framework Vanhoozer advocates a theo dramatic reconstruction of Christian doctrine replacing the timeless propositions of the purely cerebral theology of the Reformed tradition in favor of a theology that does justice to the polyphony of multiple biblical genres Franke holds that theology is part of a three way conversation between Scripture tradition and culture with an uncertain outcome This study shows that each of these proposals is based on misunderstanding and exaggeration and that the case against foundationalism is unclear and unpersuasive It is argued that Vanhoozer's appeal to revelation as divine speech acts is not as radical as he thinks and his epistemology is weak In the hands of postmodernity Christian theology abandons its exactness and the standards of care that are a notable feature of doctrinal constrictions The book will be of importance to those with interest in Reformed theology or Christian theology more generally It provides a clear assessment of the impact of the postmodern mindset on theology
