**Fraseología, Diatopía y Traducción / Phraseology, Diatopic Variation and Translation** Pedro Mogorrón Huerta, Antonio Albaladejo-Martínez, 2018-11-15

Honorable Mention for the 2025 LASA Mexico Section for Best Book in the Humanities During Porfirio Díaz's thirty year rule Mexico dealt with the press in disparate ways in hopes of forging an informed and above all orderly citizenry Even as innumerable journalists were sent to prison on exaggerated and unfair charges of defamation or slander Díaz's government subsidized multiple newspapers to expand literacy and to aggrandize the image of the regime In *Guardians of Discourse* Kevin M Anzzolin analyzes the role and representation of journalism in literary texts from Porfirian Mexico to argue that these writings created a literate objective refined and informed public By exploring works by Porfirian writers such as Emilio Rabasa Angel del Campo Rafael Delgado Laura Méndez de Cuenca and Salvador Quevedo y Zubieta Anzzolin demonstrates that a primary goal of the lettered class was to define and shape the character of public life establish the social position of citizens and interrogate the character of civil institutions These elite letrados whom Anzzolin refers to as guardians of discourse aimed to define the type of discourses that would buttress the transformed Mexico of the Díaz regime to forge a truly national literature that could be discussed among an expanded coterie of lettered thinkers In addition these Porfirian guardians hoped to construct an extensive and active public able to debate political and social issues via a press befitting a modern nation state and create a press that would be independent illuminating and distinguished Through an innovative look at Mexico's public sphere via literary fiction in the Porfirian era Anzzolin contributes to our knowledge of Mexican and Latin American political cultural and literary history in the late nineteenth and early twentieth centuries **The Oxford**

**Handbook of History and Material Culture** Ivan Gaskell,Sarah Anne Carter,2020-04-07 Most historians rely principally on written sources Yet there are other traces of the past available to historians the material things that people have chosen made and used This book examines how material culture can enhance historians understanding of the past both worldwide and across time The successful use of material culture in history depends on treating material things of many kinds not as illustrations but as primary evidence Each kind of material thing and there are many requires the application of interpretive

skills appropriate to it These skills overlap with those acquired by scholars in disciplines that may abut history but are often relatively unfamiliar to historians including anthropology archaeology and art history Creative historians can adapt and apply the same skills they honed while studying more traditional text based documents even as they borrow methods from these fields They can think through familiar historical problems in new ways They can also deploy material culture to discover the pasts of constituencies who have left few or no traces in written records The authors of this volume contribute case studies arranged thematically in six sections that respectively address the relationship of history and material culture to cognition technology the symbolic social distinction and memory They range across time and space from Paleolithic to Punk **A**
