Young,2022-10-27 CHURCH

IS FAMILY Becoming More of Who We Are is an in depth New Testament study by Graeme C Young In the introductory section the author outlines the importance of this subject and its implications for the life and ministry of the church today He looks at present day thinking about the meaning of church and how that is expressed in the variety of church structures relationships and leadership styles He then takes his readers on a detailed examination of church relationships in the New Testament In the section Church is Family in the Gospels he looks at the inter relationships of Father Jesus and Jesus followers and also at what we can learn from the example of how Jesus talked with his Father In Church is Family in Acts there is shown the clear definition of church as family in how they addressed one another and in how they lived The leadership and decision making in the New Testament church family is seen to not involve any hierarchical structure but rather a wide variety of ways of reaching decisions The terms used to describe people with particular responsibilities are examined and compared in meaning and function with the names and titles that different parts of today s church family use In Church is Family in the Letters the writers are shown to be writing to fellow family members This is seen firstly in how they describe themselves and other Christians and in how they address the people they are writing to secondly in what they say about their relationship with Father and Jesus and also in the instructions they give for church family life The purpose and practice of the various family gatherings of the church are described with reference back to the church gatherings described in Acts The book concludes with Church is Family in My Experience This section demonstrates that although the denominational structures and organisation which are adopted by churches do not always clearly represent church as family yet in all sorts of churches Church is Family finds expression The author shares his happy personal experiences of how what he calls familiness has been evident in the many varied churches and Christian groups he has been in throughout his life

*The Sign of the End of the Age* Paul Kalbach, 2016-12-13 There is a small groundswell of thinking in the evangelical church that we may not have achieved a proper biblical understanding of end times events It is important for us to return to a careful study of these things because the time is near In *The Sign of the End of the Age What Jesus Taught about the Future in Matthew 24* author Paul Kalbach helps you discover or rediscover the Olivet Discourse the Lord's clear road map that all other prophetic Scriptures must reckon with To understand the discourse we must answer one critical question what is Matthew 24 about the future program for Israel or the end of the age events for all believers including the church Kalbach presents extensive arguments that show a different timing and sequence of events than is usually taught by proponents of the pretribulation rapture position His in depth study adheres to a most literal interpretation method *The Sign of the End of the Age* seeks to bring a deeper understanding of the end times period vital in a world that shows every sign that this time is near

**Secular Music, Sacred Space** April Stace, 2017-06-13 Easter Sunday 2009 was the Sunday heard round the evangelical internet NewSpring Church the second largest church in the Southern Baptist Convention and among the top one hundred largest churches in the US had begun their service with the song Highway to Hell by hard rock band AC DC They

had brazenly crossed the sacred secular musical divide on the most important Sunday of the year and commentary abounded on the value of such a step. Many were offended at the desecration of such a holy day deriding Newspring as the theater of the absurd. Others cheered NewSpring's engagement with the culture and suggested that music could be used to convert non-Christians. No mere debate over stylistic preferences; many expressed that foundational aspects of evangelical identity were at stake. While many books have been written about religious music that utilizes popular music styles like contemporary Christian music, there has yet to be a scholarly treatment of how and why popular secular music is utilized by churches. This book addresses that lacuna by examining this emerging trend in evangelical and emerging churches in America. What is the motivation behind using music that seemingly has no connection to Christian theology, values or themes such as music by Katy Perry, AC/DC or Van Halen, and what can we learn about post-denominational evangelical churches in America by uncovering these motives? In this book, April Stace uncovers several themes from an ethnographic study of these churches: the increasingly porous boundary between the sacred and the secular; the importance placed on authenticity in contemporary American culture; how evangelicals are responding to what they perceive is an increasingly secular society; the turn to the subject of contemporary culture; the desire to leave a space for expression of doubt in the worship service without fully authorizing that doubt; and the individualization of the construction of religious identity in the modern era.

8 Crazy Moments in Time Douglas J. McGregor, 2016-04-20 Three excerpts from the eight stories: *Antietam* I had read the cornstalks ranged between six and ten feet high from my perspective the stalks looked higher. The light wind eerily swayed the late summer corn and the first slants of daylight hit the field. The glint of the sun bouncing off the bayonets chilled my blood and with utter fascination I watched the Confederates move about in the green and yellow of the corn like gray ants. *The Time Machine* The dog grinned coyly I know what you're thinking maybe you can get to me and if I were you I'd be thinking that too but shovel or not everything is drenched in gas even the shovel. Rex allowed his words ample time to be absorbed before adding You're gonna catch on fire That can't be avoided No matter how smart you are you can't think of a way out Cuz there is no way out You are trapped. *The Last Cubicle* A long pause ensued as he stared into her eyes and then he quietly asked Why am I sitting in the last cubicle with an angel? A sheet of paper appeared in her hand and she pointed at the letterhead Spell D E Mood backwards.

Regathering Esther Byle Bruland, 1995 In this unique volume Esther Byle Bruland collects the personal stories of people from widely differing Christian backgrounds and eloquently weaves them into her own passionate exploration of the difficulties and triumphs of ecumenism today. The stories and ideas shared here are drawn from Christians scattered throughout North America: black and white, Roman Catholic, Orthodox and Protestant, women and men, professional church leaders, scholars and laypersons who came together to talk openly about their own experiences of Christianity and to understand other Christian traditions better. Structured into eleven enlightening conversation style chapters, this volume speaks often in the participants' own words through frank and powerful narratives that Bruland has specifically shaped to

highlight their implications for ecumenical regathering Using numerous quotations from a wide range of individuals including Richard Mouw Margaret O Gara and Anthony Ugolnik and some fresh voices from evangelical Pentecostal and Holiness Christians Bruland shows both how difficult the struggle for ecumenism can be and how heartening its successes are

*Gardens in the Wasteland* Bjorn Asserhed, 2025-08-04 Gardens in the Wasteland is an ethnographic study of Christian formation within three Swedish church plants working against a backdrop of advanced secularization The thesis analyses the formative practices employed by these church plants with the intention of forming persons towards a lived Christian identity Employing a situated learning theory framework it traces the formative trajectories and negotiations that emerge from these shared practices and also examines the articulations of callings and intentions within these church plants The findings reveal that the establishment of a church plant often stems from a sense of place oriented calling that encompasses a vision of vibrant Christian life and community These church plants cultivate formative practices aimed at certain teloi that guide individuals on their journeys towards a lived Christian identity Through participation in these practices individuals align them selves with the church plant s vision of Christian life This identity formation process is not static but rather involves ongoing negotiations both on a personal and community level as individuals grapple with the meaning of Christian identity and faith amidst an increasingly secularized society

One Assembly Jonathan Leeman, 2020-03-26 Many churches are switching to the multisite or multiservice models to manage crowded sanctuaries due to growing attendance This solution seems sensible in the short term but too often churches adopt this model without taking into consideration what the Bible says about it Illuminating the importance of physical togetherness as a way to protect the gospel this book argues that maintaining a single assembly best embodies the unity the church possesses in Jesus Christ Jonathan Leeman considers a series of biblical theological and pastoral arguments that ask us to stop and examine intuitions or assumptions about what a church is He reorients our minds to a biblical definition of church offering examples of churches that have thrived with a single service at a single site and compelling alternatives for those looking to solve the complications that come with a growing church
